SALE Lovely Storage Chest +
A Classic Starter Tool

This handy set includes our popular Gerstner Six-Drawer Chest and Yankee Push Drill in a stylish matte black finish. The cabinet is made by a venerable Ohio company and features oak veneer, felt-lined drawers, leather carry handle, and chromed-steel hardware. Sized 12" x 8" x 14" for small items you want to keep secure and organized. The classic Push Drill is essentially self-clearing: push down and the bit rotates clockwise; when you stop, the handle springs up and the bit rotates counter-clockwise. A classic. *There are no additional shipping surcharges. Air shipping not available.*

NEW Three Traditional
Woodworking Hand Planes

Perhaps no other tool embodies the craft so well as the hand plane. Broadly useful, they perform superlatively while giving you a connection to the process that's hard to achieve with power tools. All have solid cast iron bodies, brass fittings, and carbon steel blades. The Universal #4 smoothing plane (9" L, with 2" wide blade) is used for smaller areas and edges and is typically the last type of plane used prior to finishing. The versatile #5 bench plane (14" L with 2" adjustable blade) is used for wood removal and smoothing of larger areas and broader surfaces and features an adjustable mouth. The biggest of the bunch, the #7 bench plane (22" L, with 2 3/8"

W blade), has an extra-long base to better enable leveling of large areas, such as tables and doors.		
83R02.14	#4 Smoothing Plane	\$149.00
83R02.15	#5 Bench Plane	180.00
83R02.18	#7 Bench Plane	237.55

Spun Iron “Prospector” Cooking Pan
GORGEOUS MATTE-BLACK FRY/BAKING PAN, MADE IN UK
The “Prospector” refers to overall shape. The two sturdy handles are riveted to the pan, insuring they stay connected forever. This matte-black fry pan has similar properties to cast iron: it heats up evenly therefore it will cook and bake evenly; and it is nearly indestructible so it will last a life time, with minimal routine care. Spun-iron has one advantage over cast-iron: it is much lighter (generally half the weight), which you'll appreciate as you move from stove-top, to oven, to table top. Pre-seasoned with flax oil to give a natural, no-stick coating. Works on all range and oven types, whether gas, electric, con-vection, even wood-burning. Made by a small foundry in Shropshire, UK which is, fittingly, where the Industrial Revolution started. 12" diam eter x 1 1/2" deep.
58N01.02 Prospector Cooking Pan **\$95.00**

Garrett Wade’s Gourmet Knife Set
These professional modern Kitchen Knife sets are made for us by an old family company in Thiers, France. Both 4-piece sets feature beautiful, razor-sharp blades with either with Olivewood or Walnut handles. The blades use forged using special high-carbon stainless steel. The classic 8" Chef's Knife is a versatile must-have for every professional chef or enthusiastic home cook. The 7" Scalloped Santoku Knife has a versatile blade profile of Japanese origin. The 4 3/4" Serrated Knife has a traditional 4 3/4" blade. Finally the beautiful 4" paring knife is a classic all-arounder. These special sets are of exceptional pro quality.

Indispensable

Heavy-Duty Woven Galvanized Baskets
A CLASSIC FRENCH GARDEN BASKET
Made in France by a family business that stretches back three generations. The baskets have a comfortable European Beechwood handle and are constructed from two layers of steel wire, galvanized to prevent rust when you wash off your freshly picked fruit and veggies. They are built to last.

The two sizes offer for ample harvests. They are attractive enough for a fruit basket in your kitchen. The smaller basket measures 16 3/4" long by 10 1/2" wide and 6" deep and the larger one is 22 x 14 x 7 1/2" deep. The baskets nest together perfectly.

NEW Bird Feeder w/ Built-In Bath
Made in Sweden, this truly tiny house will provide both dinner- and splash-time to your neighborhood bird population. The bath is built into the roof, which lifts off to access the feeder below. Because the birds cannot actually sit in the feeder, this reduces the presence of harmful bacteria. Made from wood, with a rust- and frost-proof polypropylene plastic roof. It even has its own little bird house right under the eave! Attaches to a pole using supplied screws. Dimensions: 8" H x 9 1/2" L x 5 3/4". (Our Post Anchor will make quick work of installation even in places where you don't have an existing fence.)
75A03.16 Bird Feeder with Bath **\$89.00**
19A07.01 Fence Post Anchor **26.25**

NEW Set of Six Ruler Pencils
We nearly always need to have a ruler and a marking tool on hand when we're working—whether we're indicating placement of cuts while building, marking surfaces for repair or replacement, or simply sketching out ideas for future projects. These handsome and elegant cedarwood shop pencils, made for us in France, are just the thing to reach for in all these situations—their slim, squared shape prevents them from rolling off surfaces, and they feature a very handy and clearly marked 5" rule along one side—perfect for quick measurements and double-checking for precision before cutting. The other side features the Garrett Wade brand and several inspirational quotes: “Plan/Make/Grow Something Today” to keep you motivated. The #2B graphite has excellent marking capabilities, and the vivid red tops make them easy to spot on a crowded workbench or shelf. Our shop pencils come nicely packaged in a set of six, nestled within a Garrett Wade-branded cardboard case. One of our favorite gifts for all the handy people in you're life.
37A05.01 Set of Six Ruler Pencils **\$18.95**

Toy Drum
What holiday gift is more traditional than a child's Toy Drum? The frames of this beautifully made and festively painted Drum are all wood (with two wood drumsticks). A sturdy black nylon "rope" secures the drum for carrying around the neck. This is a drum with a very traditional look and feel, and will make one of the younger people on your shopping list very happy. The drum heads are real goat skin, with a fine striking sound. Dimensions: 9" diameter x 4" high.

78A03.06 Toy Drum \$37.50

Classic Blues Harmonica
The high, lonesome harmonica is the ultimate portable instrument, easily pocketable and fun to bring out. This particular model is in the key of C, making it perfect for accompanying the big, jangly "cowboy chords" of an acoustic guitar (or blues in the key of G). The included polishing cloth and song sheet store nicely in the stylish 4½" x 1¾" tin—the perfect size for stuffing into your favorite music lover's stocking.

73A04.02 Classic Blues Harmonica \$16.50

VINTAGE Vintage Balloon Race Cars
These little cars operate on a very old technology—inflate the little balloon, pinch it shut while placing the car on a surface, and let it go—the released air propels the little car forward. Simple yet fascinating, especially for the younger ones. We have them in 12 different colors; three are included in each set, with randomly selected colors—the surprise is part of the fun. Replacement balloons are also available in a set of 10. Quantities are limited.

45B01.87 Balloon Race Cars (set of 3) \$24.00
45B01.88 Repl balloons (set of 10) 6.50

Retro Wooden Bingo Set
There's just something so satisfying about shouting BINGO! Our Wooden Bingo Set comes with everything you need for a fun night, including a rotating metal "hamster wheel" that shoots out a single numbered ball, a set of 18 game cards, 75 numbered wooden balls, a wooden ball tray, and plastic markers in assorted colors. Sometimes the simplest pleasures are the best.

27A03.03 Wooden Bingo Set \$54.50

90-Day Money Back Guarantee

NEW Oversized Spring Coil Stair Walker
The design of this coiled metal toy is amazingly simple, and yet its function is fascinating to watch and use, and will hold your little ones' attention for hours while they perfect the art of watching it walk down stairs (It's pretty fun to just move around in your hands as well, to be honest!). It can take a try or two to get the positioning and launch just right, but once you get the hang of it, it's a sight to see as it goes end over end down step after step. Try it on stairs of different heights and see who can go the longest. Works on slopes as well. Made from zinc-coated carbon steel. 4" H x 3¼" Diameter.

25A01.01 Stair Walker \$12.50

Inlaid Deluxe Backgammon Set
Backgammon is one of the oldest board games known to humanity, with roots potentially extending to the ancient Persian Empire some 5,000 years ago. Luckily for modern players, we don't need to carve our own pieces from wood and bone. Everything we need to play is included in this beautifully constructed set, which features inlay work inside and out, interior felt detailing, and wooden components. Comes complete with handy magnetic closures, 30 checkers, 4 dice, 2 wooden cups, and 1 doubling cube. Bring family and friends together

with a classic game that everyone can enjoy—and you can bore the kids with a little history lesson while you're at it.

27A03.02 Deluxe Backgammon Set \$192.50

Gift Certificates Available at
GarrettWade.com or 800-221-2942

NEW Windup Tin Flying Saucer
Relive the science fiction movies of yesteryear with this old-fashioned vision of the future. The vividly colored flying saucer's little pilot is visible through the transparent top. Wind it up by inserting the key in its base and watch as it lights up and rolls. One of the neatest things about it is the extra wheel on the bottom which gives it a random omnidirectional movement. Dimensions: 5½" Diameter x 3¼" H.

47A02.17 Windup Tin Flying Saucer \$32.00

Spectacular Active Fun

Spectacular Swiss-Made "Triple Moon" YoYo
THIS WILL TURN ANY NOVICE INTO AN EXPERT
When this writer was a boy, he always seemed to have at least one YoYo at hand all the time. Very simple and made of wood, they were an endless source of fun. Who did the best "Walk the Dog" or "Around the World" maneuvers, or kept it spinning the longest at the end of the string? It's hard to believe (although a bit thrilling) that YoYo's are still with us. Made of plastic, not wood, with all sorts of sophisticated features — including triple-clutch "Switch" technology — combining Fixed Axle, Auto Return and Free Spin. See our website to learn more about the Triple Action Crystal addition.

69Y01.06 "Triple Moon" YoYo \$24.50
69Y01.07 "Triple Action" Crystal Edition YoYo 24.50

Fun Family Game

Ring Toss Indoor "Horseshoes"
GOOD ENTERTAINMENT PLUS GOOD FUN
Perhaps no outdoor summer contest is more iconic than tossing horseshoes toward a steel stake. Here is an indoor alternative (a French game called "anneaux quilles") that can be played by anyone (children especially). The 3-ply wood board (for stability and water resistance) has five 7" high wood pins and with six round rope rings.

Each peg has a different value. The object is, of course, to toss the rings so that the highest score possible is achieved. The degree of the challenge depends on the distance the player stands from the pegs. The players can make up their own game rules as there are numerous options.

20B04.05 Indoor Ring Toss Game \$67.50

FIVE-STAR TOOL REVIEW

ULTIMATE VERSATILE VISE

“This vise will hold anything at any angle. Especially easy with the included modification kit that makes the vise even more useful. Thanks Garrett Wade for an excellent product.”

– Ken

A/ Garrett Wade’s Unique Ultimate Versatile Vise

HAS FULL DUAL-AXIS POSITIONING CAPABILITY
Many decades ago, a small vise company in Ohio made a bench-top cast iron vise that could be oriented on two axes simultaneously. We loved it. Our customers loved it. But sadly, it disappeared. Then some years ago, a similar vise (now made in China) appeared on the market, but it was not the same, because it was limited to one-axis orientation. What was missing was an Accessory Mount that transferred the “Frog into a Prince.” So we resolved to do it ourselves.

The Ultimate Versatile Vise can be fully oriented in two axis at the same time – giving you infinitely greater options in positioning. It’s versatility simply cannot be equalled, and it will pay for itself 100% the very first time you use it. Although it’s not shown, this vise can also easily be mounted “flat,” just using its primary base. This unique vise is highly recommended for all working shops. (Push Drill & Knife shown not included.) Air shipping not available. Ground shipping surcharge of \$20 applies.

05R10.01 Ultimate Versatile Vise \$124.50

SALE B/ 333 Piece Drill & Driver Set

ALWAYS HAVE THE BIT/DRIVER YOU NEED

Here in one box, with two drawers and six trays, are no less than 200 drill bits (long and short masonry, long and short spade, TIN twist, black oxide twist, and brad point bits), plus 100 hex shank drivers of every description, a drill sizer, multiple nail sets, drill stop collars, a counter-sink, and a dozen fractional socket drivers.

Workmen who have seen this have praised its completeness and its security. This set has many TIN coated drills of high quality. It carries our guarantee. and you’ll always have the bit and size needed, at the ready. It’s wowed all who have seen it. Air shipping not available. See our website for more detailed pictures.

05R03.05 333 Piece Set \$199.50 \$149.95

333 Pieces –
Every Bit. Every Driver.

SALE C/ Full-Length 31" Suede Apron

USA MADE — DESIGNED BY GARRETT WADE

Our apron design addresses the deficiencies we see clearly in other similar ones. We started with comfortable ½" split-leather cowhide with brass, hand-riveted X-shaped cowhide cross straps to take weight off the back of your neck. It easily adjusts to most frames. To really increase comfort while working, we skipped the waist pocket, as too many items in the front can severely restrict easy movement. Instead, use the center breast pocket, with sections for a phone, writing implements, notepads, penknife, scissors, etc.

15A02.11 Full-Length Apron \$458.90 \$148.00

NEW D/ 15-Piece Screwdriver Bit Set

This compact but sturdy case holds the 14 most common sized bits: Phillips sizes 1, 2, & 3; flathead sizes 4 & 6; positive drives 1, 2, & 3; and torx sizes 10, 15, 20, 25, 30, & 40. An included magnetic quick-release bit adapter fits a ¼" drill. One of the best features of this little set is that the bit adapter actually slides right into the case itself, turning the entire assembly into a handle; very useful for those times when the drill battery dies on the last screw.

06A01.04 15pcs Screwdriver bit set \$19.95

SALE E/ 246 Piece Set

Drill Bits & Drivers

A huge variety: 130 twist drills in up to 14 sizes (wood, soft metals, spade, masonry); and 2" hex drivers (Slot, Phillips, Pozi, Star, Hex, Square); Drill Bit Collars; Nut Drivers; Hex Keys; Countersinks; Extenders; Arbor Adaptors; Hole Saws (for wood); Bit Holders; Nail Punch. For DIYers and pros alike.

07C01.08 246 Piece Drill/Driver Set \$453.00 \$114.75

F/ Historic #1 Odd-Job

Made from 1888 to the early 1930s, and rediscovered by Garrett Wade, the Odd-Job is an inside mitre, try square, depth gauge, scribing tool, T-square, depth marking scribe, plumb level, and a rule. Made of solid brass and steel, and carefully machined. The Maple Rules are brass-bound and graduated inches and metric. The Historic Odd Job is 4" long and comes with a 6" Rule, inches on one side and metric on the other. 12" Rule is also available. The Maple/Brass Rules are excellent used alone.

FIVE STAR TOOL REVIEW

STEEL TWIST GIMLETS

“These well-made little tools are sturdy and pleasing to look at. They made a great gift for someone who seems to own every other tool made by humankind.”
– LMS

Most Versatile DIY Set

B

C

D

A/ Steel Twist Gimlet Screw Starters
REALLY HANDY – BETTER THAN DRILL & BIT
Gimlets are some of the most underrated hand tools in the modern workshop. Much faster and more convenient than an electric drill, they easily and quickly make pilot holes for screws sized from #2 to #9. At this price, these gimlets are a terrific value, and will really speed up your work. The set of seven ranges from 3/64" to 3/16" (2 mm to 5 mm). Made in France.

37J03.04 Set of Seven Gimlets \$16.95

SALE B/ 230 Piece HSS Drill Bit Set
27 SIZES – 5 TO 10 BITS OF EACH SIZE – STEEL CASE
For convenience and value, it's hard to beat this expansive set of premium titanium-nitride coated HSS drill bits. 27 sizes ranging from 3/64" to 1/2" in multiples of 5 to 10 of each size to reduce down time – if you break a bit, just grab a spare. 130° split point tip design helps prevent bit “walking.” Steel storage case. A big bang for your buck!
07C01.02 230 Pc. Drill Set ~~\$225.00~~ **\$189.50**

SALE H/ Compact Set of 160 Multiple-Copy Drill Bits
NEVER FIND YOURSELF SHORT OF A SIZE YOU NEED
“Never” is a difficult standard, but in this case, it's pretty close to the truth. This new set specializes in the smallest sizes that are often the biggest problem to keep on hand because they can either wear out or damage most easily. This set of 160 standard length drill bits are HSS steel 135°, all TiN coated (for wear resistance) professional bits for drilling all woods and soft metal. There are 14 sizes included (3/64 to 3/8") and the number of each ranges from 27 pieces for the three smallest sizes to 2 or 3 pieces for the two largest. 130° split point tip design helps prevent bit “walking”. It is the best value if the smallest sizes are your main concern.
07C01.09 Set 160 Piece Drill Bits ~~\$420.00~~ **\$70.00**

D/ Beautiful German-Made Hand Drills
Small hand drills are easy to use but need to be of high quality to be satisfactory. That's why we have gone to Germany. Both are 3-jaw single pinion drills made of steel (with wood handles and an alloy driving wheel). The Mini Drill (weighs 9½ oz.) is only 9" long with a 6mm chuck (bit shanks need to be less than 1/4"). The Large Drill (weighs 20 oz.) is 12" long with a 10mm chuck (will handle bits up to 3/8" shanks). There will be times you will find the smaller drill an absolute delight to use – so we really recommend it to you also.
08C03.03 Mini Hand Drill \$31.50
08C03.04 Large Hand Drill 52.50

SALE E/ The Perfect Pair

GARRETT WADE PUSH DRILL + YANKEE SCREWDRIVER
We've often thought these two tools are a perfect pair. Functionally they complement each other really well.

The **Push Drill** was once found in every shop and every job site tool bag. It should be in your “quiver.” It was relied on by generations of woodworkers, active DIY'ers and professional installers, until it was dropped by the maker a few decades ago. We thought so highly of it, that we brought it back – custom made to our exacting specifications. Made, as before, of chrome plated solid brass and beautifully finished. It comes with 8 traditional double-fluted bits (1/16, 3/64, 3/32, 1/64, 1/8, 3/64, 1/2, 1/4"). As you push down, the bit rotates clockwise, cutting the hole. When you stop pushing, the handle springs up and the bit rotates in the reverse direction—essentially self-clearing. Makes a hole up to 1 1/2" deep.

The **Garrett Wade Yankee Screwdriver**. Long one of our bestselling, most popular items, the Yankee Screwdriver has been unavailable for some time, and we're thrilled to announce we've brought it back and it's better than ever. Pressing in on the spring-loaded handle rotates the chuck to turn the bit, and drives the bit with minimal effort thanks to a clever mechanism. Repeated presses drive in your screw with ease, and a simple flick of a switch reverses the gearing for loosening and removing screws. Includes four bits to cover most common uses: 4.5mm Phillips/flathead, 5.5mm Phillips/flathead, Phillips 3S2 (blunt and wide), and size 7 flathead; it also, with its built in quick release hex head, will accept any standard hex bit from your collection. This model is identical to our previous one apart from the addition of a brass chuck, which we quite like. Measures 9 3/4" closed and 12 1/2" extended. *Welcome back!*

08C03.30	The Perfect Pair	\$463.65	\$143.00
08C03.11	Yankee Screwdriver		83.75
69P01.01	Garrett Wade Push Drill		79.90

F/ USA-Made Micro Screwdriver Set
Very small screwdrivers are not rare, but most are very cheaply made. These are made here in the USA. The six miniature tips are 3 Phillips (#00, #000, and the very unusual #0000 size) plus 3 slot tips 1/16 to 3/32" in width (0.063" to 0.094"). The tips are properly hardened, something that is not easy to do with such a small cross-section of steel. Blades are black oxide to prevent corrosion. Handles are turned hardwood. Not expensive. USA made.
12K04.04 Set Micro Screwdrivers \$39.80

G/ USA-Made Screwdriver Set with Machined, Flat-Sided Slot-Tips
Ordinary slot screwdrivers have tapered tips – the sides are not parallel across the width of the blade. Since a screw slot has parallel sides, this means that the *pressure in the slot is only at the top edge* – often causing the tip to jump out (“cam out”) of the slot. This often tears the top of the screw head. Parallel machining of the tips prevents this from happening. Slot tip thicknesses .030, .037, and .045". The three #0, #1 & #2 Phillips tip tools are also carefully shaped. Really good tools.

12K04.05 Special Screwdriver Set \$59.95

F

G

5x Power Magnifier No-Tip Base

A/ Professional LED Task Light
ADJUSTABLE COLOR & POSITION FOR THE PERFECT LIGHT
Superficially, this resembles an ordinary “extension lamp” found on a clerk’s desk or shop table. It attaches to any edge by means of a 2” capacity screw-on clamp, rotates 360° around this base and has 32” extension arm with a “knee” in the middle that allows it a generous amount of reach, but that’s where the similarity ends.
The function is clearly excellent, but the magical aspect to it is that the Hood contains 60 LED hi-tech emitters (“bulbs”) arranged in two rows. Each row has its own style of LED. One puts out blue-white bright white equivalent to daylight. Its “color-temperature” is close to Kelvin 6500K. The other row emits a classic incandescent “yellow” light common in most traditional interiors (3500K). Both rows come on when the switch in the hood is pressed. But that’s only the beginning, as each row has its own adjusting power button with 4 levels of output. The end result is you have 16 adjustable lighting options and can select that light quality that suits you best – perhaps one choice in the morning but then a different choice at dusk. The Lamp Hood is 3” wide and 19” long. It rotates up and down 180° and side-to-side, lockable in any position. Quite simply, it’s fantastic. We’ve never seen anything like it. Absolutely Unique.

B/ LED Professional Quality Magnifying Desk Lamp
5X POWER MAGNIFIER WITH A STABLE BASE

The lamp itself is fitted with 70 small switched LED lights surrounding the 5X power magnifying lens (5½ x 7”) set in the 9½ x 10½” head. The magnifying lens’ hinged cover can be closed to increase brightness on the surface below. The large base (7 x 11”) can be placed anywhere on a desk or table surface and is sufficiently heavy to allow the articulating head to extend up to 22” away when the stability support (shown) is pulled out from the front of the base.
If this does not provide enough position flexibility, the Desk Lamp can be lifted off its base and attached to the robust surface clamp (shown) which can be clamped to any surface up to 2½” thick. This will allow the lamp head to rotate to any position up to 34” away from the clamp a total area of 25 sq ft. This is a very impressive piece of equipment. Highly recommended.

16T01.05 Professional Task Lamp \$97.50
16T01.30 Magnifying Desk Lamp \$169.80

C/ Heavy-Duty Shop Lights for Indoor & Outdoor Use
Screwed in any standard 115V domestic Edison socket, these put out an astonishing amount of area illumination. The Standard Bulb (3,000 Lumens) is nominally equivalent to 125 Watts and the Extra Large size (5,000 Lumens) the same as two 150 Watt bulbs. And as LED’s they, of course, consume much less energy. But their special “bulging” shatterproof polycarbonate lens spreads the illumination in a much more expansive fashion than a “normal” bulb. This writer was stunned by how much light these special LED’s produce. The “color” is natural daylight and the surface of the bulb itself is always cool and safe to touch. These are perfect for large dark spaces and can also be used outdoors in a wet environment. We think they are splendid. Highly recommended.

07S17.14 LED Standard 3,000L Bulb \$25.50
07S17.15 LED Brighter 5,000L Bulb 34.50

NEW D/ Winter Beanie with a Built in Rechargeable LED Light
WITH THREE BRIGHTNESS SETTINGS
Light up those cold winter nights with this ingenious winter hat with an integrated rechargeable LED light. The hat is warm, comfortable, 100% acrylic so it’s easy-care. The battery is removable for when you need to wash or recharge it. Comes in fashionable dark charcoal, with three brightness settings. A warm and welcome helper for walking the dog at night, three-season camping, DIY project under the sink or on a ladder. Perfect for anywhere you might want brightness and warmth. Such a simple idea, executed stylishly.

33B01.01 LED Beanie (Dark Grey) \$14.00
33B01.02 LED Beanie (Light Grey) 14.00

E/ 45 SMD LED Magnifying Lamp
With its high-efficiency SMD LED bulbs, this is a great desktop lamp for daily office or schoolwork, or for specific tasks like model building, jewelry making, or watch repair. The 5” round magnifying lens enlarges at 3D. The 9” x 8” base is large (and heavy) enough to hold the lamp in place without a clamp system, but not too big that it takes up a lot of desktop space. Adjusts up to 14” high.

16T01.11 45 SMD LED Magnifier Lamp \$89.00

F/ LED Workshop & Desk Lamp
This is a terrific, rotating LED light for your Workshop or Desktop and features an adjustable swing arm and a lamp head that can adjust 180° up and down, and swivel 360°. Has two extendable 14” long arms, that can fold onto one another. The strong metal clamp can be easily secured to flat surfaces. It is dimmable to three brightness settings, and toggles between two “color temperatures”: 3000k (daylight white) and 5700k (white). A great and versatile lamp for your workshop, drafting table, office workspace, or the reading chair. The lamp head is approximately 15” long. With aluminum, steel and plastic parts.

16T01.06 LED Workshop Light \$68.00

G/ LED Wide-Area Automatic On/Off Hi-Tech LED “Barn” Light
BRIGHT LED TECHNOLOGY – 10,000 LUMENS
This new larger 9” diameter “Barn Light” is really special. Install it on a wall or high post, hard-wired (110-240V), it throws an exceedingly bright light. As a reference, the area strongly illuminated at an elevation of 10 ft. is a circle with a diameter of 38.5 ft. – an area of 1,165 sq. ft. (there is substantial light scatter at the edges, of course). This Wide Area Light will last 50,000 hours (17 years based on 8 hours of use each day – a cost of \$10 per year).

As a smaller alternative, the Outdoor Security Light is 7” in diameter, produces 4,000 Lumens, and is rated to last 40,000 hours. A Dusk-to-Dawn sensor automatically turns the light on at dusk and then off at dawn the next day. Both clear polycarbonate lens are 100% waterproof. They are excellent for dependable illumination for work or security. Neither light includes a socket plug so you need to have an electrician hard-wire to a power source. Installing a remote in-line physical switch at the same time is also probably a good idea. Seems to us like a natural go-to.

E

Customer Favorite

A/ Cabinetmakers Boxed

Set of 6 Chisels

This Set of 6 high-quality cabinetmaker's chisels comes packed in a sturdy wooden box. Featuring steel hoops on stained beech handles, they can be struck with a steel hammer. The blades test at an Rc hardness of 58-61. Sized: ¼, ⅜, ½, ⅝, ¾ and 1. 10T15.01 **Boxed Chisel Set (6)** ~~\$137.90~~

B/ Hand Adze

The Adze has been around almost forever. Modern shipwrights, sculptors, carpenters, and rail-roaders all have their own version of it. Egyptian boat-makers and indigenous tribes of the Pacific Northwest used the tool. Adzes continue to be very useful. It has a shaped carbon steel head securely affixed to an ash handle with two ring wedges. Using it provides natural feelings of competence and accomplishment. We're not kidding. 10T15.04 **Hand Adze** ~~\$160.00~~

C/ Solid Beechwood “Carpenters’ Mallets”

VERY USEFUL TO ALMOST EVERYONE

A traditional English mallet, used for generations by furniture makers and carpenters. A very simple design that has stood the test of time.

They weigh 12 oz. and 19 oz. respectively, are taper assembled, and can be easily knocked apart for storage or transport. Very highly recommended as tools all around the house and in every shop.

83R02.03 **3½" Beechwood Mallet** ~~\$19.95~~

83R02.20 **Both Mallets** ~~43.45~~ **\$37.50**

D/ Set of 4 Micro Carving Chisels

For precise, meticulous work, micro carving chisels are essential. We've found a maker here in the USA who has been perfecting the tools for this craft for years, and are pleased to share them with you. Made from lightly stained cherry wood handles ⅜" thick (the octagonal shape makes for better grip and prevents rolling), they have super sharp steel blades hardened to 59 Rockwell. They measure 5½" overall, with 4" handles and 1½" blades. Included in this set are: a 5 mm U shape, great for figure carving, buttons, etc., a 2.4 mm dogleg (bench chisel), used for making inlays, with a subtle, beveled edge to ease beneath the surface of the wood; a 2 mm V tool that can make fine detail work for figures, lines, fish scales, or checkering for gun stocks, etc., and a 3 mm straight (paring blade) tool, ideal for texturing lines and cleaning cuts. 12K04.08 **Set of 4 Micro Carving Chisels** ~~\$76.50~~

E/ Set of Woodworking Chisels

ONCE IN A LIFETIME SET - VERY LIMITED QUANTITIES

Our set has the four chisel sizes you almost always reach for (¼, ½, ¾, & 1"). The ash wood handles are a traditional, comfortable shape, and tip guards are included. Overall length is 9", and the Rc hardness is a desirable 57-59. It comes in a protective denim roll (\$13.50 value). You don't see this quality anymore. A real bargain. 63A04.05 **Four Chisel Set** ~~\$87.50~~

SALE

F/ Japanese Set of 4 Saws

AN EXCELLENT FUNCTIONAL RANGE OF TOP SELLING JAPANESE SAWS

Japanese saws cut quickly and smoothly, and are a joy to use. Because they cut on the pull (not the push) stroke, the blade is in tension during use, so it can be thinner with a much finer kerf. Bowing is eliminated. These are an excellent selection. On the 9½" Replaceable Blade Ryoba, one side is designed for rip cutting and the other for cross-cutting. The Special Japanese Dovetail Dozuki,

excels as a joint cutting saw. The blade is 7" long with 25 tpi. Maximum depth of cut is 1¼"

The **Flush Cutting Saw**, (blade 6" long, 24 tpi) has an extremely flexible blade with no set. It will not mark the adjacent surface. It will cut off pegs and other exposed waste parts absolutely flush. The **Japanese Detail Trim Saw**, has a fine toothed very narrow blade. Tool length is 9" The 18 tpi blade is 4¼" long and ⅝" wide. These saws are available individually on our website, search by their names. 49I01.10 **Japanese Set of 4 Saws** ~~478.00~~ **\$157.50**

G/ Three Forged Drawknives

Like many hand tools, if well made and sharp it will work exceptionally fast with great control. A small French firm makes a beautiful and unique selection of these special tools. Each comes with its own case to protect the edge. Available in 3 styles. *Or buy all 3 and Save.*

H/ Japanese Curved Bladed Carving Knife

We had such a great response to our Japanese Whittling Knife that we set out to bring you a curved-blade version of this popular tool. It's got all the features of the original: a full tang blade made of three laminated steel layers — which are typical of the Kiradashi style — and a 2-inch double-beveled cutting surface. The result is an exceedingly sharp and beautifully balanced blade. With its comfortable and distinctive yellow nylon-wrapped handle, it's a pleasure to hold and to work with, and you'll appreciate the added functionality of the curved blade for a multitude of projects around your home and shop. Use it for shaping, trimming, carving, or any job that requires precision. A great addition to your tool arsenal, and a fine companion tool to its straight-bladed version. Get both, and always have the right one at hand. Measures 6¼" long overall. 36J02.33 **Curved Bladed Carving Knife** ~~\$109.00~~

I/ Japanese Whittler's Knife

3-LAYER, LAMINATED STEEL BLADE

This is a traditional straight bladed craft knife, specially designed to give you total control for carving wood. It has a long 4" handle and relatively short, 2½" blade, so that you can get closer to your work, allowing greater control. The handle is wrapped in woven cord, serving both aesthetic and ergonomic purposes. The blade is made of three layers of laminated steel. Features continuous full tang construction. A generous bolster keeps your fingers on the handle as you work. 6½" overall. A lovely handmade tool. 36J02.21 **Japanese Whittler's Knife** ~~\$109.00~~

J/ Classic Three-Blade Pocket Knife

A CLASSIC AMERICAN DESIGN

This Whittler's Three Blade Folder is a classic American style of everyday carry knife. There are three blade styles of varying lengths: a California clip point, sheepsfoot blade, and a short spey blade. You'll find myriad uses for this handy pocket knife, whether for whittling sticks, woodcarving, or opening packages at the office. Has a brass inlaid logo plate with the Garrett Wade stamp, scales made of Pakkawood, a stabilized wood that won't shrink or crack. This knife fits our Small Leather Knife Sheath. Throw one in the kitchen drawer or in your bag. Blade sizes: 2¾" California Clip Point; 2" Sheepsfoot blade; 1¾" Spey blade. Add the belt-mounted leather sheath and cease being concerned whether your folder is available or not. 15T02.06 **Whittlers 3-Blade Pocket Knife** ~~\$35.00~~

Razor Sharp
Details

SALE A/ Spoon Carving Tools

Carving wooden spoons is a classic easy-to-do hobby, and one of the best ways to introduce beginners to woodcarving. A decent spoon can be carved from block to soup spoon in a single afternoon by even a novice whittler, and that's what makes it an excellent teaching aid—spoon carving delivers instant feedback and great satisfaction. Not only is the accomplishment itself satisfying, but the end product (the spoons) will also be constantly used in household food preparation. They also make great gifts! Our 3-tool set is all you need. Our blades are high carbon steel so they keep their edge and are easy to sharpen. The handles made from a dense hardwood to achieve a solid presence in the hand, we also refined the shape for comfort and control. The curved blade tools allow you to confidently form the hollow of the spoon. The Straight Blade Knife is used primarily for shaping the back of the spoon, the neck, and the handle. Highly recommended for any carver age 10 (with adult supervision) and above. *For more details or to buy individually, see our website.*

75A01.50 3 Spoon Carving Tools ~~142.50~~ **\$99.75**

B/ Comprehensive Sharpening Set for All Cutting Tools

We know a lot about cutting tools – including why it is so critical to keep them sharp with a clean, keen edge. Not only will they work most efficiently this way, a sharp edge is the safest edge to use – always. Start with the double-sided (1,000 and 6,000 grit) carborundum sharpening stone – sized an exceptionally large 3 x 8" (24 sq in.). A large surface like this is the very best for larger cutting tools, including long bladed knives. This sits in a large sturdy rubberized waterproof base designed to contain the lubricating water plus the slurry which is naturally produced and is so important. Features include the rubber squeeze ball to squirt water on the surface and the guide to use with long blades to help ensure a consistent bevel, and the small cleaning stone used to clean off and dress the surface of the 3 x 8" carborundum if it gets soiled.

37B01.04 Comprehensive Sharpening Set **\$62.75**

C/ Set of 3 Woodworkers' Rasps

ROUND, HALF ROUND & FLAT

These are the best machine-cut rasps we've come across. The aggressive teeth quickly remove wood to cut a rough shape and the tough steel makes this set hard to damage. This set comprises of three styles: round, half-round and flat. They can tackle a variety of tasks, like rough-shaping craft carvings, or beveling corners from square pieces. The round rasp can ream out holes in projects. With lightly-varnished 4" beech handles, and 8" long bodies.

63A04.03 8" Flat Rasp **\$11.50**

63A04.04 8" Round Rasp **11.50**

63A04.02 8" Half-Round Rasp **11.50**

D/ Set of 5 Micro-Carving Tools

EXCEPTIONAL FOR DELICATE DETAIL WORK

These hand-forged, razor sharp blades are set in octagonal, lightly stained cherry handles. The short blades put the cutting edge right at your fingertips, for unusually good feel and control. Perfect for detailed wood carving, linoleum cuts, model making, furniture restoration, or anything where a delicate touch is required. Each of the five pieces is 5½" long overall, with 4" handles and 1½" blades. Set includes: 2 mm Straight Gouge; 1.5 mm V-Gouge, 3 mm V-Gouge; 1.5 mm U-Gouge; 3 mm U-Gouge.

12K04.07 Micro-Carving Tool Set **\$94.95**

SALE E/ Rosewood Handled

Leatherwork Knives

LEFT AND RIGHT HAND BEVEL & HALF-MOON KNIVES

Make beautiful leather creations with this multi-purpose Set of Three Leatherwork Crafting Knives. Elegant rosewood scales are fitted on all three knives, with hollow brass rivets. Use the Left and Right beveled knives (⅛" thick) to make straight cuts with a precise square edge, running the flat side along a straight-edge (ruler).

The ⅛" thick Half-Moon (or Round) knife is one of the oldest and most versatile of leather-working tools, and can be used for straight or curved cuts. The overall length of all three is about 7". The single bevel knives are sold together and the half moon is sold individually. Leather Sheaths for all three knives (not included) are highly recommended. *See our inset and website for details.*

C Plumber's Tool Box

E

A/ USA-Made Steel “Torpedo” Toolbox

An icon of self-reliance, a symbol of people everywhere who know how to fix what’s broken. Low-profile but long—our variation on the classic plumber’s toolbox. An ideal way to keep together your favorite tools, even your longest hammers and wrenches, for easy access. It’s the gift that will genuinely keep on giving, uniquely suited to live in places where a full-height toolbox could never fit. Made to take a beating for many generations. 18 gauge steel, 20” x 6” x 3½” high.

43B02.09 Red Steel “Torpedo” Toolbox \$58.50

B/ USA Made Classic Steel Toolbox

For all DIYers who like their tools all in one big compartment. At 14” x 7” x 6½” tall, this is the Goldilocks of toolboxes – not too big, not too small, just right. Plenty big enough to fit all those tools that you always need – hammers, multiple screwdrivers, wrenches, tape measure, etc. – but not so bulky that it becomes difficult to carry. With the single-compartment design, just open the top, and there are all your tools, visible and accessible. Simple as can be. Made in the USA of 20-gauge steel, with a hard-to-beat powder-coat finish. Steel carry handle on top, and secured by a latch with a padlock hasp.

43B02.04 Classic Steel Tool Box \$64.55

C/ USA-Made Plumber’s Toolbox

For the professional or enthusiastic DIYer alike, our Plumber’s Tool Box will hold your go-to tools for all tasks large and small. This California-made, open-top hold-all is constructed of durable 20 and 22 gauge powder-coated steel and spot welded for durability. It boasts a sturdy tube-style, galvanized carry handle that folds down, so you can transport your tools to and around the job site, and then store it on a shelf with the handle down. Features eight 5” x 5” slots. This allows you to store your longer tools (like pipe and basin wrenches, and pliers) standing up for easy access. Plus it will store a ton of spare parts like faucet keys, thread seal tape, bolts, fittings, etc. tools and even gloves; A generous 10” x 20” x 5½” tall overall.

43B02.11 Plumber’s Tool Box \$78.00

SALE D/ High-Strength Magnetic Tool Storage

This new system developed by Garrett Wade is a game changer for woodworkers, hobbyists, or renovation shops. The key element is a 12” x 12” strongly magnetized steel panel that can be used singly or clustered in any configuration that meets your needs. (We show it here set up as a row of three panels.) Each panel is backed by a supplementary sheet-steel plate that you lift off the back of the panel and (using holes predrilled in each corner) attach to any surface or wall. Once attached to the wall, simply lay the magnetic panel onto the steel plate. Strong enough to hold a #5 Cast Iron Jack Plane, which weighs about 5 lbs. We think this system is exceptionally useful, and everyone who has seen it in action agrees. *Air shipping not available.* Cannot be shipped outside the USA.

29A01.04 Magnetic Panel \$36.50

Multi-Vise

Bench-Top Anvil

Buy the Pair –
and Save

C

A
B

A/ Medium Sized Multi-Vise

Cast iron, of course, this vise will clamp solidly to any surface up to 1 3/4" thick. (The base has 3 bolting points for more permanent mounting). The double set of jaws (one pair smooth 1 1/2" wide, the other with a corrugated surface (for pipe) 2 1/2" wide, both rotate fully and can both be opened up 2 1/4". In addition, the entire vise rotates 360° on the base. It's variety of function is exceptional.

18B02.02 Table Multi-Vise \$65.00

B/ Bench-Top, Utility Shop Anvil

Standing 4 1/2" high, weighing a solid 11lbs with a 4 3/4 x 2 3/8" flat surface and the traditional curved "horn." This anvil has everything you will need in your shop. It's size is perfect and very affordable.

18B02.03 Shop Utility Bench Anvil \$33.50

BUY MORE & SAVE

18B02.20 Table Vise & Anvil Set 98.50 \$84.95

C/ Hands-Free Magnifier

For close work as an artist, modeler or craftsman, close inspection of a surface is critical. Hands-free, headband-mounted magnifiers are the preferred solution. The headband of this model is comfortable to wear for extended periods (most are too stiff). There is a triple LED light on top (3 AAA batteries, not included). Additionally, there are three sets of fitted lenses: two are double lenses – one is fixed, and the other folds up and down on an interior hinge and the third is an outside rotating single eye loupe. The magnification (using the three) ranges from 1.8X to 4.8X.

19R05.01 Headband Magnifier \$49.95

D/ Very Versatile T-Handle Screwdriver

This is a very handy piece of gear. The three distinct driving positions will help save wear and tear on your wrist. The default position works as a straight-driver, but with few seconds of repositioning this tool becomes a right-angle or T-handle ratcheting driver. Bits are held securely in place by a built-in magnet. It comes with four fastener types: 4 Phillips, and three of each Slot: Torx and Allen. Among other things, this tool is great for ladder work, so that you don't have to worry about needing multiple screwdrivers on the way up and down. The design and functionality is splendid. A huge value.

06A01.03 Versatile T-Handle Screwdriver \$23.80

E/ Black H. D. Multi-Function Vise

HEAD AND SWIVEL BASE ROTATE A FULL 360 DEGREES
Our new Black Multi-function Vise can be fully oriented on two axes simultaneously, giving you endless positioning options. Features include tough ductile iron construction, a generous 5" jaw width and a 3" throat depth; a 360-degree swivel base with dual lockdown; and a head that rotates 360-degrees; and rust-resistant crinkle paint in a contemporary, matte black finish. In addition, has a 2 1/2" pipe jaw capacity for working with round stock, and even has a small anvil. We can't recommend this highly enough, for professional and home shops alike, for doing metalwork, woodwork, carving and patternmaking. This Heavy-Duty Vise weighs an impressive 35 lbs. A \$45 ground shipping surcharge applies. Air shipping not available.

05R10.08 Black H. D. Multi-Function Vise \$180.00

F/ Set of 3 Pliers Wrenches

Versatility is the name of the game with this set of Pliers Wrenches, which will finally let you send that old fussy, frustrating crescent wrench to its new home at your next yard sale. The perfect tool for tightening/loosening nuts and fittings, applying pressure when snapping tile cleanly—even light clamping duty—these can

handle just about any task you throw their way. The adjustable jaws ensure even clamping pressure to help eliminate surface damage and ensure a clean, firm grip, and the angled head allows you to apply pressure with precision and ease. The wrenches come in 7 1/2", 10", and 12" lengths, the largest of which has a maximum jaw opening of 2 3/4". The rubberized, pliers-style handles (hence the name) provide excellent grip even in wet conditions, and the chrome vanadium steel body provides remarkable strength and corrosion resistance. Sturdy, workhorse tools for any household or shop. A huge value.

88H03.08 Water Plump Plier set of 3 \$28.80

G/ Add-On Jaws to Supercharge Your Vise

INCREASES VISE USEFULNESS BY OVER 300%

Add these to any vise with 4 or 5" Jaws (the most common sizes). These superb supplementary jaws will revolutionize what that Vise can do for you. (Shown mounted on two Garrett Wade vises)

Made of finished machined aluminum with fitted magnetic inserts. The Vise Set of 6 pieces (3 pairs) gives you three new gripping surfaces: non-marring smooth aluminum Jaws, machined recesses to securely grip pipe and other round objects on either axis and with rubber-faced surface to provide for softer gripping. The modest cost of these 3 pairs of Jaws will be effectively paid for the first time you use them. Very highly recommended.

05R10.04 4" Shop Vise Jaws \$34.70
05R10.05 5" Shop Vise Jaws 43.30

SALE H/ Master-Select Crafts Tool Kit

EXCLUSIVE: 22 TOOLS TO FIT THE SCALE OF OUR WORK

We have found that the larger scale DIY and furniture making tools are simply clumsy to use in frequent small scale tasks and projects, and that diversification is the key to doing a good job efficiently and successfully. So some time ago we began to pull together collections of smaller scale tools for you.

The 22 Piece Master-Crafts Kit is filled with a hugely useful variety of special tools for smaller scale or personal work: Locking straight and bent gripping tweezers, a jeweler's Chasing Hammer, push/pull "Archimedes" Drills with 2 packs of tiny drill bits, a 10X Loupe, Wire Nippers, a Mold to shape wire, a Special Clamp to securely grip the perimeter of round and multi-sided objects – and more. This is all group-priced for a substantial saving. A soft-sided, zippered, fitted storage case for all items is standard. This is a fine group of special tools and you are also very likely to make good use of them.

SALE I/ H.D. Shop Mechanic's Vise

A BEAUTIFULLY MADE, AFFORDABLE PRO TOOL

As nice a mechanic's vise as we have seen in many years, and it's exceptionally affordable. Highly recommended. The body is overall 18" long, sits 9" high and rotates 360° on its swivel base. Jaw width is 5" and max. Clamping capacity is 7". Weight 39 lbs. The jaws have 2 grooves for holding thin round stock and large under-slung pipe jaws for large round stock. Turning the small lower handle 90° unlocks the jaws and gives you an instant quick release feature, making the vise easy to work with rapidly. Because of very heavy weight, a ground shipping surcharge of \$45 applies. Air shipping is not available.

► A/ HEAVY-DUTY RATCHETING WITH EXTENDABLE HANDLES

ARBORISTS PRUNING LOPPERS MADE EXCLUSIVELY
FOR GARRETT WADE

We've looked at literally hundreds of loppers over the years. Virtually all are manufactured entirely in Taiwan or China and few perform really well. These two are different. Made exclusively for Garrett Wade. The "secret" is in the excellent design. The Anvil Lopper is designed for cutting dry wood and the Bypass Lopper for green wood. These feature a specially designed ratcheting mechanism, oversized for strength. The telescoping handles are great (26 to 40" long, with 6 pin-locked position stops and rubber grips). *Air shipping not available.*

B/ A Folding Pruning Saw That's Big Enough to Do Really Serious Work

A REALLY TOUGH-DUTY OUTDOORS TOOL

This is the best Japanese tooth-pattern folding work saw we have discovered. The blade is a full 10" long with a tooth depth of 3/16" - so this is a very fast cutting tool. The rubber covered handle is all steel. This is a beauty. You can carry it in a deep pocket, or wheelbarrow. Optional sheath available.

23K04.04 Large Folding Pruning Saw \$37.90

23K04.05 Repl. Blade 19.50

66M03.04 US Made Leather Sheath 27.50

SALE

C/ Ratcheting Hand Pruner

As you meet maximum resistance on any difficult material, just relax your grip a bit and the ratchet resets with the jaws in place, giving you the power for an extra squeeze. All cast aluminum, with rubber grip on the handle backing. Blade is carbon steel with non-stick coating. A replacement blade allows you to keep working while you sharpen the original. Maximum opening 7/8". Optional sheath available.

D

C/ A Very Nice Small Bypass Pruner

DON'T OVERLOOK THIS GEM

The design of these pruners is so unique and the cutters so close it's just like an extension of your hand. Every gardener should have one. Inexpensive and very highly recommended. .

11G12.15 Small Bypass Pruner \$19.50

D/ Lightweight Japanese Pruning Saw with Wood Holster

The pruning blade is 12" long and extremely fast cutting. It will handle a 3" branch in a flash. The solid hardwood Holster has a belt loop so you can "house" the saw blade and forget it until you need to pull it out again. The hardwood handle attached with brass fittings is shaped to fit natural arm and shoulder motion. It's ideal for the garden.

11G12.16 Lightweight Pruning Saw \$34.90

E/ Arborist Long-Reach Giraffe Cutter/ Trimmer with Rotating Head

LIGHTWEIGHT AND EASY TO USE

This long reach Cutter is a boon to arborists and other outdoor workers who need to reach up high into branches for trimming. Strong but light with durable aluminum alloy handles, the cutting jaws are sharp and easily activated with the wide giraffe-style handle action. The cutting head can also be rotated – a big plus in crowded branch situations. Also features a hook on back for grabbing and pulling down loose branches. A handy removable nylon harness is included to give your back a break when putting in long hours carrying it around. This will give you years of use, and will make your job much, much easier. Dimensions: Reaches up to 59"; Jaw capacity: 1 1/4". A ground shipping surcharge of \$24 applies. *Air shipping not available.*

11G12.19 Long Reach Cutter \$79.95

F/ Copper & Brass Indoor Watering Can

Our new, very elegant Indoor Watering Can has a brass handle and spout and a copper body. At 6 1/4" tall, the reservoir holds approx. 48 oz. (1 1/2 qt.) of water. The long, sweeping spout and large, comfortable circular handle extend your reach. Works great for watering your hanging plants, or to save you from bending too far over for plants on the ground or on low sills. And, no need to store or hide this vessel: When not in use you'll really want to leave it out so its shiny, gleaming beauty adds to your décor.

53B01.01 Copper & Brass Watering Can \$59.95

SALE G/ Arborist Large Pruning Saw

A molded handle that even a very large hand would feel comfortable working with. Plus a 20" long fast-cutting saw blade, this will speedily take care of very large branches. For its size and performance, this arborist's saw is an exceptional value.

68C01.02 Arborist Pruning Saw ~~\$58.90~~ \$45.90

NEW H/ Ultra Sharp Pruners With Rubber Grips

The high-carbon bypass-blade system offers almost a full inch of capacity. The upper blade is titanium nitride coated to preserve unusual sharpness (and it also gives the blades a golden color). The handle is corrosion and sap-resistant brushed aluminum, with an anodized finish. We've now added textured rubber grips on the handle, to prevent your hand from slipping. One handle is slightly longer than the other, giving it a flowing, elegant look, and providing more cutting torque. From the blade tip to the end of the handle is 9" long. These pruners were immediate customer favorites when we introduced them. You can also buy an optional Leather Sheath that matches each color.

I/ Gardener's Professional Digging Tool – Made in the USA

HEAVY-DUTY & SIMPLY SPECTACULAR

This 12" Digging Tool is designed and made by a USA firm that only makes tools for the professional arborist/gardener. The 7" long curved 41/30 alloy steel blade is welded to the handle, and one sharp edge is deeply serrated to cut roots and vines. The grip is large and the hand-guard keeps the knife from burying itself in the soil. The belt-loop holster keeps it at the ready. *See our website for details.*

79W05.01 Professional Digging Tool \$69.50

J/ 3-Tine Cultivator & Heart-Shaped Hoe

MADE IN GERMANY EXCLUSIVELY FOR GARRETT WADE

These long-handled stand-up gardening tools are very sharp, with real heft. Use them early or late in the season to break up hard compacted dirt. The 39" Ash handles are long enough to save your back when breaking up hard earth. The cultivator's long, broad tines and the hoe's 7" shaped blade will cut deep into hard surfaces. These are great tools.

Forged in Germany

A/ Half Length Shovel & Leaf-Shaped Hoe

HAND CRAFTED AT A 4TH GENERATION GERMAN FORGE
This unusually long Hand Shovel and its companion Leaf Shaped Hoe feature slightly-longer handles, for substantial ergonomic advantage in the efficiency of movement. With its 11" handle, the Shovel is great for Spring chores like planting bulbs and filling pots from a soil bag. Use the Hoe with its 16½" handle to furrow the soil for planting. The practical function of the leaf shape is to provide for various width and depths of your furrow line – the deeper you use it, the wider the furrow will be. Both handles are European Ash.
54A03.21 Leaf Shaped Hoe \$23.80
54A03.23 Half Length Shovel 19.50

B/ Stand-up Hoe & Half-Hoe

HAND CRAFTED AT A 4TH GENERATION GERMAN FORGE
The Standup Hoe is a great, back-saving tool to help prepare your plant beds in Spring. The shorter Half-Hoe does the same job, but works better in small areas, while seated or kneeling, and for planting in raised beds. Use either for turning over soil and mixing in compost or peat. The Half-Hoe has an ergonomic shaped handle. The Stand-up Hoe's handle flares near the head for strength, but narrows at the other end for an easier grip. The heads of each tool are the same, both 8" long x 4" wide. Handles are lightly oiled Ash. Half Hoe is 17½" long, Stand-up is 41¼" long.
54A03.22 Long Handled Hoe \$39.95
54A03.24 Short Handled Half-Hoe 29.80

C/ 5-Tine Hand Rake & Mini Hoe with a 2-Prong Grubber

TERRIFIC PAIR OF CLOSE-WORK GARDENING TOOLS
The 13½" long, 5 Tine Hand Rake is made by a Dutch blacksmith. Lightweight, well-shaped Ash handle and 5 very sharp Carbon Steel teeth. The 18" long German made Mini Hoe/2-Prong Grubber is a 2-in-1 tool that excels at grabbing, digging, and spreading earth and other material. One side features a formidably solid hoe blade, while the grubber side has broad double-pronged teeth. Handle is solid Ash.
69A01.29 5-Tine Hand Rake \$38.50
54A03.05 Mini Hoe & 2-Prong Grubber 27.20

D/ Cut & Puncture Resistant Gloves Really Protect Your Hands

WORK WITH NASTY STUFF EVEN MORE CONFIDENTLY
These Safety Garden Gloves provide maximum protection against punctures – thorns, splinters, wire or needles as well as superior cut protection. They are designed using 2 layers of cut and puncture resistant fabric, plus one more for added structure. The palm-side surface fabric is slightly tacky to aid in gripping long handles. They excel at handling cati or plants that have severe thorns. All are washable, breathable, and stretchable.
Note: The use of special cut and puncture resistant high-tech fabric initially makes these gloves a bit stiffer than ordinary ones. This stiffness will ease with use.
03P03.13 Orange Safety Garden (med.) \$40.50
03P03.14 Orange Safety Garden (large) 40.50

03P03.09 Green Safety Garden (x-large) 40.50

E/ Superb Professional Weeding Sickle

The 4" drop forged blade is razor sharp. The twisted shank and the shape is very carefully designed to allow your arm motion to quickly remove shallow rooted weeds. This is a highly functional gardening tool, and you'll use it all the time. Only 7" overall.
06A03.01 Prof. Weeding Sickle \$45.95

E

SALE

F/ USA-Made Garden Apron

We think this is a great looking, exceptionally useful five pocket apron. It uses a combination of rugged green duck canvas and split suede to protect both you and your gardening gear. The front and straps are both ¼" thick suede cowhide, with solid brass hardware. The green backing canvas is #10 Duck – military grade and water repellent. It's comfortable and roomy, and will fit most body types. The apron is 12" long and 24" deep with 5 individual pockets.
15A02.12 Gardener's Apron \$98.00 \$78.00

G/ Long-Reach Hand Pruner

SAVES YOUR BACK FROM UNNEEDED STRAIN
If you need to do a bit of pruning on the other side of a fence line or in the interior of a large plant or bush, this is what you need. The 30" long shaft will easily maneuver the cutter into place and a quick pull on the hand grip does the job. Plus, it always helps save your back by avoiding stooping or overreaching. It is also handy to trim the topmost stems of a high bush and fruit tree water spouts without the need of a ladder. You won't need it all the time but when you do, it's a life saver. Made in Italy. *An additional ground shipping surcharge of \$24 will be applied to this item. Air shipping not available.*
45T02.17 Long-Reach Hand Pruner \$59.95

H/ Italian Hedge Shears

EXTEND YOUR REACH WITH TELESCOPING HANDLES
We found these in the northeastern Italian town of Maniago, long-known for its quality manufacturing. The telescoping aluminum handles have a twist lock at the bottom of each handle to extend your reach an additional 7½". The 8" long carbon steel blades have a wave shape to grip small branches. A sap-resistant non-stick coating on the top blade, an ergonomic head, and anti-slip rubberized grips are special features. All-in-all, these are a standout. Highly recommended.
45T02.25 Italian Hedge Shears \$78.50

I/ Exceptionally Strong Digger

This new Garrett Wade one-hand Digger (also called a Hori Hori) uses Japanese stainless steel and has the traditional one-side dirt scoop channel and a row of side-cutting teeth, but at ¼" thick is much stronger than usual. Tropical Redwood handle. We have had a (USA made) sturdy leather belt sheath (included) made just for it.
63A04.01 Digger \$35.00

A/ Bamboo Seed & Tool Organizer

AVAILABLE IN TWO VARIATIONS

Avid gardeners love to collect dozens and dozens of seed packets. Here is a French developed solution to keep all of those seeds organized and at your fingers tips. Option 1 is our Tool Holder/Organizer. It's an oiled-bamboo 15 x 8½ x 6 high" carryall with an integrated handle. It will hold your planting tools; PLUS it has eight separated seed slots for as many as 80 packets. Option 2 is a 9 x 4¼ x 5" high Seed "Library" with five 5 separated slots for up to 50 seed packets. We like both of these a lot!

02B07.20 Tool Holder/Organizer (Opt 1) \$119.00
02B07.18 Seed Library (Opt 2) 85.00

B/ 1.5 Gallon Compost Pail

RUST- AND RODENT-RESISTANT GALVANIZED STEEL CONSTRUCTION

For odorless composting right in your kitchen or mud room, this 1.5 Gallon Compost Pail can't be beat. Designed with a replaceable charcoal filter, that snugs under the tight lid to keep odor in check (always an issue with indoor composting). Features galvanized steel construction, so that it's rust- and rodent-resistant; and a carry handle for easy transport to a larger, outdoor compost pile. Small enough to sit under a table or next under the sink. Comes with two charcoal filters; extra filters are available, in packs of 4. Cleans with soap and water (no chemicals). 7½" round x 11". Available in red or white. USA made.

16T03.01 Compost Pail (red) \$44.50
16T03.02 Compost Pail (white) 44.50
16T03.03 50 Composting Bags 10.50
16T03.04 Charcoal Replacement Filters 9.95

C/ USA Made Foldable Garden Cart

An ingenious hybrid wagon/cart/wheelbarrow, this cart folds up flat for easy storage just about anywhere. Lightweight and made in America, it's sturdy enough to handle full loads of gravel, mulch, bricks, firewood, yard waste, and pretty much anything else you can throw at it. Attach the front and back gates and you have an enclosed wagon for loose materials like soil and rocks; remove one or both and you can haul lumber or larger items. Holds up to 330 lbs. of cargo, with 20" wheels whose pneumatic tires can handle uneven terrain with ease. Made from high-quality marine-grade aluminum, it resists rust and corrosion even if exposed to salt water for extended periods. Weighs 33 lbs. fully assembled. Overall dimensions: 55" x 30.25" wide x 23" deep. Ground shipping surcharge of \$70. Air shipping not available.

58A01.07 Foldable Steel Wagon \$350.00

D/ European-Made Premium Watering Nozzles

Recently, we discovered a maker in France that makes a series at a quality level higher than we had previously ever seen. These are truly Best-in-Class. The nozzle body and moving parts are precision Zamak castings (an alloy of the purest Zinc with aluminum, copper and magnesium). Solid Brass is also used. We have equipped each with a solid brass quick-change fitting so you can swap them out with a single simple motion.

There are 3 styles: Single-Stream Pistol Grip, a 2" diameter Rainfallmaker/Aerator, and a Versatile Spray with a shower plus two tighter streams. These are not inexpensive. But all you have to do is to pick one up to know that your grandchildren will use them. The quality is outstanding.

25W04.11 Premium Pistol Grip \$68.70
25W04.12 Prem. Rainmaker/Aerator 85.90
25W04.13 Premium Versatile Nozzle 98.50

E/ Lifetime Garden-Hose Rack

If you are annoyed by the short working life of typical second-rate hose racks, rejoice: this is the last one you'll ever have to buy—guaranteed. Made of thick, solid cast aluminum with a curved shape ideal for garden hose loops, the Smaller Hose Rack easily accommodates up to 100' of ½" garden hose or 50' of ¾" hose. The Larger holds 100' of ¾" hose or even more if your loops are relatively long. The quality is superb. Very highly recommended.

39A01.06 Smaller Cast Hose Rack \$60.00
39A01.05 Larger Cast Hose Rack 85.00
BUY MORE & SAVE
39A01.55 Large & Small Rack Set ~~145.00~~ \$135.00

F/ Stainless Steel Garden Hose

This one is for a lifetime: our 75' and 100' ½" Stainless Steel Garden Hose is kink-proof, puncture-proof, tear- and crack-proof, animal-proof, and corrosion- and rust-proof. It may not be the last hose you ever buy—maybe you'll want another—but you will never have to replace it. Note: This hose is not intended to be used for drinking water. The hose liner is made from PVC.

14T01.01 75 ft. Stainless Steel Garden Hose \$60.00
14T01.02 100 ft. Stainless Steel Garden Hose 79.00

G/ Solid Brass Quick-Change Hose Fittings Make For Fast Work

These Solid Machined Brass fittings convert standard screw-on fittings to quick-change ones, allowing rapid changing of accessories and easy mobility. The Female Adapter (#1) screws directly to the faucet. The Faucet-End Connector (#2) screws into the faucet end of the hose and snaps into the Female Adapter (#1). The Hose-End Connector (#4) screws to the male threaded end of the hose. Ours also has an automatic water-stop valve in it, which closes instantly when disconnected. Finally, the Male Adapter (#3) screws into the nozzle or other spray device and is then snapped into (#4), completing the assembly from faucet to nozzle. The Quick-Change Set includes one each of #1, #2, #3, and #4. (These fit all ½, ¾, and ¾" standard garden hoses.)

62K13.01 Extra Female Adapter #1 \$5.90
62K13.02 Faucet-End Connector #2 9.20
62K13.03 Extra Male Adapter #3 9.20

B

A/ Telescopic Fruit Picker

COLLECT FASTER, WITH LESS DAMAGE & WASTE

This great tool lets you harvest your fruit trees without lugging a ladder from place to place. With a reach that extends up to 10', there will be very few places on a fruit tree that you can't get to, even from the ground. A simple cutter above the collection bag, operated by a hand grip at the bottom of the pole, ensures that the fruit will drop safely into the bag (large enough to hold about 10 apples). Whether you have one or two trees or a small orchard, this is a fine and useful piece of gear. Comes highly recommended. *Air shipping not available.*

11G12.18 Telescopic Fruit Picker \$79.90

B/ Cast Aluminum Trowel/Cultivator Set

With a solid-feeling, smooth handle and thumb recess on the top of the handle, these are all about control and comfort. All hand trowels or multi-prong garden cultivators do the same kind of work, but as we all know, how a tool "feels" in the hand has a big impact. These feel great and are "bomb proof." The leather hanging strip (shown) is a nice plus.

64A01.10 Cast Aluminum Gardening Set \$27.50

C/ Professional Gardener's Tools

ALL-STEEL, FOR A LIFETIME OF REAL USE

Professional gardeners want tough tools and nothing you find locally can hold a candle to those shown here. Made by a firm that only makes tools for professionals, the alloy steel blades and handles are carefully heat treated to produce an exceptionally strong tool. All blades and handles are fully welded. Handles are plated or painted.

The Super-Penetration Shovel with its tapered pointed blade and fully sharpened sides is the very best tool to use for digging in hard, compacted or heavy clay-like soils. It received its name because of its ability to let you "penetrate" with minimal exertion. It's a beautiful tool. The accessory rubber foot pad also fits the Penetration Shovel and is recommended.

The Root Cutter Shovel has a 5" blade and the serrated left edge will blow right through the tough stuff.

★★★★★

FIVE-STAR TOOL REVIEW

TROWEL/CULTIVATOR SET

"Excellent quality. Lightweight, sturdy ease of use and easy clean up."

– Raymond

The Narrow Trencher (blade 2 3/4" wide) can be used for a variety of tasks. But our favorite is digging narrow trenches to bury drain lines and pipe, without creating a monster of a mess in your yard.

Air shipping not available.

E/ Set of 3 Japanese Weeding Tools

This set of stainless steel weeding tools – Weed Shaver, Weed Scraper and Garden-Hand – is excellent for maintenance. The Weed Shaver guillotines weeds growing in driveways and curbs. Its 16 1/2" reach is easy on your back. The 7 1/2" Scraper is great for digging weeds out of the deep cracks in that brick garden path or asphalt driveway. The 9 1/2" Garden Hand can aerate and agitate, by loosening up soil around plants after watering, or it can pull out clumps of wayward grass in the garden.

24T05.30 Set 3 Japanese Weeding Tools \$59.00

F/ Telescoping Weeder

TELESCOPING WEEDEE – SAVES BACK STRAIN

With its sharpened L-shaped blade and telescoping handle, this Weeder is purpose-built as a stand-up tool, saving strain on your back. It excels at cutting weeds from between pavers, along driveway edges and even along the sidewalk. It's dead-simple to use, just jam it into cracks and push or pull along the groove. Made of strong lightweight aluminum, with a steel blade. Telescopes anywhere between 32" and 49"

12C01.03 Telescoping Pavement Weeder \$18.50

SALE

G/ Super-Tough & Sharp Hedge Shears & Pruning Loppers

There's nothing remotely delicate about these tools. No matter how tough the material is, these will do the job. The cutters are Drop-Forged and thicker than normal, and very sharp. The aluminum handles use more material than usual and the attachment fittings are substantial. The purpose of the design is to provide tools that are significantly more robust. The Hedge Shears even have a notch near the pivot to grip thicker hedge branches firmly. Handles on the Bypass Lopper are 22" long and the blades on the Shears are 11 1/2" long. You now have what you need to do the job. The rubber fitted ends of the handles are comfortable and very easy to grip. Substantial rubber bumpers absorb the closing jolt of repetitive work.

H/ Grampa's Weeder Saves Your Back

Originally invented in 1913 and recently remade after 90 years. It's a blessing to all who like their weeding easy, with no bending over or hand pulling. Simply position the two gripping prongs over the weed, press into the ground, and then "lean" the 39" long hardwood handle in the direction of the footpad lever. Out comes the weed, root and all. A simple tool and effortless to use. It's hard to imagine working without it and it's a great value for a lifetime tool. *Air shipping not available. See website for detailed pictures.*

◀ A/ VERMONT “SLACK” DRY MOPS

Here is an ecologically beneficial alternative that a small firm in Vermont has made for decades. The “secret sauce” in the 11” long wool multicolored strands is Lanolin which is a type of “wax” that is generated naturally in the coats of sheep. The Lanolin naturally efficiently attracts all manner of dust and other unwanted particles. Shake vigorously to discharge. (Eventually, you may want to hand wash the Duster or Mop like a good wool sweater – in cold water with light detergent and air drying.) Reuse forever. The handle in the Duster is extendable to 28” and the Mop handle to 49”.

NATURALLY-STATIC FREE

This stylish two-tone wooden handle and body brush excels at deep cleaning and sweeping. Constructed of beechwood with a contrasting stained beechwood plate secured by brass pins, this German-made beauty uses dense tufts of angled horse-tail hair to give you the finest, fullest, cleanest sweep possible. Horse hair is naturally static-free, meaning the dust and dirt don’t stick to the bristles and go right in the bin. These bristles adapt to any surface and remove sand, dust, and dirt, leaving nothing behind. Built to last—clean it in mild detergent, press out excess water, and hang it outdoors or inside at room temperature and it will serve you and your family for generations. The brush is 12” long with 2½” bristles.

45A03.46 Horse-Hair HD Brush \$49.50

C/ Goat Hair Delicate Surface Dust Brush

This brush—designed specifically for smooth and delicate surfaces – is handmade in Germany with a beech wood handle and body, using supple, soft goat-hair bristles. And since the bristles are secured with hand-wrapped brass wire, they won’t shed or pull free. The curved sickle-form allows easy access to tight corners and intricate curves. At 13” long with 2¼” bristles, this is made to last a lifetime with proper care: simply clean with lukewarm water and mild detergent. Hang on the leather strap to dry, then gently detangle with a comb. Keep your delicate items dust-free with a brush as special as the items it maintains.

45A03.44 Goat Hair Sickle Dust Brush \$58.80

D/ Improved Whisk Broom & Dust Pan

HIGHLY FUNCTIONAL & BEAUTIFULLY DESIGNED

Who would have thought that a one-hand 12” rice-straw clean-up tool could evoke oohs and aahs. The Whisk Broom speaks for itself. The improved shape is clearly ergonomic, as it fits the normal movement of your arm and wrist. The 7¾” wide Dust Pan (we usually think of these as ugly plastic or black-stamped-steel things), is made of oiled beechwood and stainless steel.

45A03.13 Better Whisk Broom \$15.95
45A03.14 Stylish Dust Pan 32.95
45A03.34 Broom (2) + Dust Pan ~~64.85~~ \$56.50

E/ Large Corn Whisk-Brush & Dust Pan

The cornstalk whisk continues to be unmatched for clean-up in the shop, garden, home or garage. Get a set of three – one for the shop, one for the home — and one for a friend. 8” wide by 18” long. The Whisk is complemented perfectly by our industrial Aluminum Dustpans — one relatively narrow and the other a very wide-mouth 17”.

F/ Natural Jute Door Mat – Heavy Duty

HANDSOME, CLOSELY WOVEN – A REAL BEAUTY

Natural Jute woven like this in a “sailor’s knot” pattern is highly rot and abrasion resistant, kind to bare feet and can live outdoors all year– in any climate. Sized 17 x 30” and 1¾” thick, this is heavy-duty by any measure, but really good looking. As an alternative to the commonly available, similarly sized woven mats made of a petroleum distillate, the value is really there. Highly recommended – especially for a rural house (ranch, farm or weekend home) or out-buildings anywhere.

Rated 5 Stars

Around the House

A/ Excellent, Beautiful Coir Doormats

Coir (the interior fibers harvested from fully ripe Coconut husks) is tough and water resistant, but its fibers are usually processed to make them softer. This takes some of the properties of toughness, durability and abrasion resistance away. Machine woven in long, thick strands and tied together by loops of stainless steel wire to make a generously open mesh pattern, these mats are of a quality rarely seen, even in very upmarket stores. Our mats come in two styles, the Flat Doormat: Large 29 x 19 x 1¼" thick, and Medium 23 x 17½ x 1¼" thick. The smaller Shoe-Side mat is 13 x 12 x 2½" thick. It excels at cleaning the sides of very dirty boots. Our rubber feet (not shown) are also a great idea for your Coir mat to prevent slippage.

66C01.02	Medium Coir Mat	\$33.50
66C01.03	Large Coir Mat	44.80
66C01.01	Shoe-Size Coir Mat	29.95
66C01.05	Rubber Non-Slip Feet (4)	2.00

B/ Garden, Sidewalk & Garage Broom

To sweep heavy debris like wet leaves and small rocks, you need a broom with extra stiffness and durability. Made with Piassava bristles – a very stiff African palm product—this one is tough and will last longer than most. The bristles are 12" wide and the overall length is 57". It's loved by fire departments because the Piassava bristles are very fire resistant. *Air shipping not available.*

34M08.01	Outdoors Broom	\$48.50
----------	----------------	---------

C/ Stand-Up Dustpan & Broom

A back-saving combination. The steel dustpan and natural hair/bristle debris brush are fitted with a 28" beech handle. Unhook the handle, look down, and a clean sweep follows. Nothing could be easier.

36E01.04	Stand-Up Brush/Dustpan Duo	\$37.50

D/ Forged Iron Rack With 5 S-Hooks

Crafted by our blacksmiths from timeless and durable forged iron, this sturdy rack and set of five matching hooks gives you a customizable storage solution to match just about any need or décor scheme. The hooks slip tightly into place on the rack, and you can use as few or as many as you require, and once in place, they won't slide out of position without effort. We think it's perfect for keeping your most frequently used pots and pans within easy reach—particularly nonstick ones, whose delicate coatings don't stand up well to stacking in a cupboard. It works equally well in an entryway or mud room for coats and hats, or any space that could use a little extra hanging storage. Measures 16¾" total, and the mounting holes will line up perfectly with your home's 16-on-center studs to ensure the strongest, most secure hold possible. Each hook measures 4" and features a tapered and turned-end end.

89A05.35	Flat Iron Rack With 5 S-Hooks	\$38.80
----------	-------------------------------	---------

E/ Hand-Cut Forged "Coat Hangers"

Instead of the usual coat hook inside your front door, install these in a row – stylishly. Use the shorter length for one coat per nail hanger and the longer for multiple coats. (We recommend that you drill pilot holes when installing, as the nail shanks are tapered.)

89A05.07	3½" Hand-Cut Hanger Nails (6)	\$15.50
89A05.08	4½" Hand-Cut Hanger Nails (6)	18.60

F/ Hand-Forged Iron Wall Hooks

Rustic by design, these are hammered by blacksmiths in iron forges, giving each its own individual detail and character. The skill involved in the process shows in the hammer marks and beveled edges. The single hook of each tapers to an elegant curl that protects clothing from pulls and tears. The Large Hook is 6½" top-to-bottom overall and the Medium size hook is 4¾".

89A05.06	Med. Forged Coat Hook	\$10.50
89A05.05	Large Forged Coat Hook	14.00

G/ Wrought Iron Gate Latches

A simple latch can do wonders to even a basic garden gate, and our craftsmen hand-forged some of the best, using oil-quenched iron to achieve a deep black finish. Our Spiral Latch brings serpentine style to any door, and our Pivoting Lever Latch is just the right fit for your garden gate, pool, or fence—or your cabin or a more rustic-minded home. Both mount easily for left- or right-opening doors.

89A05.12	Spiral Hook and Eye Latch	\$21.50
89A05.24	Pivoting Iron Gate Latch	23.50

NEW H/ Hand Carved & Painted Animal Hooks

These adorable hand-carved and hand-painted animal head hooks will add life and color to any room or entryway. Made from linden wood and decorated with environmentally friendly paint, their expressive faces will lift your spirits each time you see them. They're great as gifts or in the kids' room—anyplace that can use a cheerful animal friend. Get all three and start a woodland menagerie! They feature strong metal hooks, and the whole assembly slides easily over a nail or screw head, sitting securely against your wall. Each creature comes with a little booklet with fun facts on the species. Since they're hand-carved there is some slight variation in sizing, but in general, their heights are as follows: Cardinal 5¼", Raccoon 4½", and Beaver 4". Made in the UK.

75A03.15	Cardinal	\$29.95
75A03.13	Raccoon	29.95
75A03.14	Beaver	29.95

NEW I/ Whimsical Animal Hooks

These fun and colorful wall hooks are terrific in a playroom, bedroom, mudroom, or bathroom—anywhere you want a cheerful and functional place to hang items within reach of little hands. Made of brightly colored lacquered steel, they're very sturdy, and will last a long time, while providing vibrancy and life to your surroundings. We have them in two motifs: Jungle, with elephant, parrot, and crocodile; and Ocean, featuring an octopus, whale, and seal.

53A02.02	Jungle	\$49.00
53A02.03	Ocean	49.00

J/ Forged Iron Folding Hanger

Large and especially versatile, this 10-hook accordion-style Folding Hanger can expand and contract to cover a wide range of wall space. Ideal for holding the family's coats and hats or a full set of pots and pans, it's as well-built and flexible a mounting system as you're likely to find, and we think it looks just fantastic. Fully closed, the unit is 16" tall and just 3" wide, making it a breeze to store and move. It unfolds to a wide range of useable configurations; we feel like its maximum useful width is right around 36", although it will stretch a bit further. Each hook is 3½" long, and the unit mounts to the wall in four locations. We recommend going right into the studs or using very sturdy drywall anchors.

89A05.34	Forged Iron Folding Hanger	\$58.00
----------	----------------------------	---------

In the Kitchen

While we take great pride in the tools we make, we’re also always on the lookout for vintage treasures too. When we discovered these classic knives made 50–70 years ago in Thiers, France—a legendary global cutlery center—in a French warehouse, we were beside ourselves. Quantities are limited. These knives have never been used & are the real thing!

VINTAGE A/ Vintage French Steak Knife (Set of 4)

We recently got our hands on a fantastic trove of vintage French kitchen tools from the renowned Thiers region of France. This 4-piece set of steak knives features rosewood handles with 2 brass pins, and a beautifully curved ½ tang stainless steel blade, engraved with maker’s mark. Measures 8½” overall, with a 4” blade.

02B20.40 Steak Knife Set (4) \$55.00

VINTAGE B/ Vintage French Steak Fork (Set of 2)

Also from Thiers, this 2-piece set of impressively sized and shaped steak forks features rosewood handles with 2 brass rivets, and will look beautiful in your kitchen or at the carving table. Dimensions: 8¾” L overall, with 4” tines.

02B20.30 Steak Fork Set (2) \$30.00

C/ Italian “Cheese Graters”

These beautifully designed graters are all stainless steel with Cherry wood handle insets that give them a distinctive feel. The combination grater/ serving-bowl is Cherry, with a fine grater that pops out easily, is sized 8¼ x 4¾” The three piece set includes all three flat pieces all 12 x 4¾” – a Slicer, a fine Grater, a coarse Grater.

39A03.01 Flat Slicer \$32.50
39A03.03 Flat Fine Grater 32.50

VINTAGE E/ 4 Vintage Paring Knives

This assortment of French paring knives includes a unique “Turkish” style, with a distinctive stainless steel blade and rosewood handle with 3 brass pins. It measures 7¼” with a 3¾” blade. The “Cheese” knife has a stainless steel blade and a rosewood handle with 2 brass pins and a brass rosette. It measures 7¼” with a 4” blade. The straightforward paring knife has a rosewood handle with 2 brass pins and 1 rivet, a stainless steel blade, and measures 6¾” with a 3¼” blade. Our “Chicken Sticking” knife has a rosewood handle with 3 brass pins, a stainless steel blade, and measures 7¾” with a 4” blade.

02B21.80 French Paring Knives \$70.50

VINTAGE F/ Vintage French Butcher’s Knives (set of 3)

This set of three butchery knives includes two examples of the shorter knife, which measures 10½” L, with a 5¼” blade. A single longer knife, measuring 11¾” L, with a 6½” blade, completes the set. Both feature rosewood handles with 3 brass rivets and stainless steel blades.

02B21.70 French Butcher’s Knives (3) \$106.00

G/ Italian-Made Hand Mixer

FULLY MECHANICAL, BEAT EGGS OR MAKE WHIPPED CREAM

Here at Garrett Wade, we admittedly have a sentimental streak. So, for simple mixing tasks like beating eggs, or making whipped cream from scratch, we believe it’s easier to pull a simple small hand-mixer like this out of the drawer. That way, you can start right in, without searching for attachments or finding an outlet. Because of its small stature and simplicity, this handy Italian-made Mechanical Hand Mixer is also highly portable. You can bring it camping or take it along to a relative’s house to help with holiday meals. Fully mechanical, hand-cranked stainless steel beaters, with stiff polymer handles. Made in Italy by a company that has been producing great kitchen implements for over 100 years. Now available in a lovely Cream color.

39A03.09 Italian-Made Hand Mixer (red) \$26.00
39A03.15 Italian-Made Hand Mixer (cream) 26.00

A/ Original Lap Weaving Loom

The Original Lap Loom is the perfect entry point for anyone who want to learn how to combine warp and weft. Geared toward ages 7 and up, this kit will activate the brain as you choose colors and patterns while developing motor skills and understanding spatial relationships. With a 12" x 16" hardwood frame that rests easily on a table, floor, or lap, this is as portable as it is durable. It also comes with a wooden shed stick and two wooden stick shuttles, plus enough 100% virgin wool weft yarn and 100% cotton warp string to complete one 9" x 14" project.

42A01.02 Original Lap Weaving Loom \$62.50

B/ Machined Brass Seam Ripper

The seam ripper's job is to remove stitches, open seams, and sometimes cut buttonholes. These are all important parts of most sewing projects, yet the typical seam ripper is so cheaply (and poorly) made, it comes by the dozen. But our 5½" seam ripper has a precisely machined brass body and cap, and a superior steel blade. Its weight helps keep it steady. The handle is a hollow compartment for storing needles, secured by a simple cap that screws into place.

63T06.02 Machined Brass Seam Ripper \$15.00

C/ 2-in-1 Brass Crochet Hook

The Garrett Wade 2-in-1 Crochet Hook offers flexibility and convenience to crafters at home or on the go. Suitable for beginners and more experienced users, it includes two aluminum hooks suitable for a variety of techniques. The J-10 hook is inline and is best suited to bulky size 6 yarns; the G-6 hook works best with medium afghan and aran size 4 yarns and is tapered, making it quicker and easier to slide your stitches off the hook. The solid brass handle features the Garrett Wade logo as well as a precision-threaded cap, which unscrews to securely hold the hook you aren't using.

63T06.04 Brass Crochet Hook \$17.50

D/ Professional Dressmaker's Scissor

MADE BY ITALY'S PREMIER SCISSOR MAKER

For cutting fabric, nothing feels as good as a perfectly made pair of scissors. This medium sized pair is 8" long overall, the finger holes are offset so that the user can keep the bottom edge flat on the table at all times. The scissor is gold plated. Any professional would be pleased to use these, and you or another member of your family will be too. The function is silky smooth and the edges are ground perfectly and are as sharp as can be.

65S01.07 Italian Pro Dressmaker's \$49.95

E/ Embroidery Scissors

This Classic Set of three with its delicate finger holes and fine lines is comprised of a full range of sizes: 2¾, 3½ and 4½". It's just really exciting to find such gorgeous small, fabric tools of such quality. Made in Italy by a premier scissor maker. Plus, we have had this optional handsome leather case specially designed to hold all three sizes. Hand-made for us with precise stitching and handsome rivets – the snaps as well are very easy to open and close. Good looking, well made, and very useful. Scissors you already have may fit this Leather Case as well. See our website for dimensions of the pockets.

Folds Flat

19th Century Design – Rebuilt

A

B

C

A/ Portable Brass Candle Lantern

This beautiful Stonebridge Lantern is named after its 19th century New York designer. This accurate reproduction (also made in New York) is made of brass with mica windows. The candle will not flicker, even when the lantern is being moved. Sized 6¼ x 4½ x ¾" when folded flat, or 8½" high with a 4½" square base when set up. Light and easy to pack for camping trips. Candle and not included. Weighs only 12 oz. The Leather Case protects the lantern and keeps candles close at hand.

NEW B/ USA Beeswax Pillar Candles — Burns up to 90 hours

There's nothing like a real beeswax candles glow to add warmth to a room or a level of sophistication and intimacy to a dinner, whether for two or twelve. Beeswax also has the added advantage of being a natural byproduct of some of our most valuable partners in nature. These elegant, 100% Beeswax pillar candles are long-burning, clean, and all-natural, with no artificial dyes or fragrances. The natural pale color goes with any type or shade of candle holder and accentuates their glow. Available in three sizes: the large measures 6" H x 3" W and will burn for 90 hours; the medium measures 3½" H x 3" W and will burn for 60 hours, and the small measures 4¾" H x 2" W and will burn for 40 hours. The burn times are impressive and make these beauties an economical as well as earth-friendly choice. Made in the USA.

27A01.16	Beeswax Pillar Candle (Medium)	25.00
27A01.15	Beeswax Pillar Candle (Small)	15.00

C/ Brass Railroad Oil Lantern

The dead of night in the railyard was no easy place: full of hissing steam, clanging engines, and heavy machinery, it was bustling and chaotic and no place for unneeded confusion. Communicating by voice wasn't an option, but the clear, clean light of a trusty oil lantern made sure everybody was on the same page. We've recreated a classic design from those days in gorgeous brass; standing 8" tall with a sturdy 7½" base, it's almost impossible to accidentally knock over. Hang it by the handle to cast its light far and wide. Clear glass comes standard, but for added authenticity, red and green replacements are available. Extra wicks available in a set of 5.

78A05.14	Lantern with Clear Glass	\$98.50
78A05.15	Clear Repl. Glass (one included)	17.25
78A05.16	Green Repl. Glass	17.25
78A05.17	Red Repl. Glass	17.25
78A05.19	5 Wicks	9.50

D/ Glass Oil Table Lamps

With their sturdy bases and delicate clear glass flutes, these beautiful oil lamps, crafted in subtle shades of blue, add an elegant decorative element to any room or outside gathering. The taller lamp is a slightly lighter shade of blue than its smaller counterpart. It measures 4" in diameter and holds a generous amount of lamp oil. Standing a full 15" tall, it casts a glow that can warm any room at any time of year. The smaller lamp is both more compact and richer in hue (more sapphire than powder blue) although it warms the room just as deeply. It stands 13" tall with the clear flute in place, and the 3" diameter base allows it to fit snugly on a narrower perch or among more delicately proportioned collectibles. And just in case the worst

should happen, we also have available replacement glass separately for both the top flute and the lower reservoir. Replacement wicks can also be purchased in a set of 5. We love them as a set of two—place one of each size in different corners of the room, or by your favorite reading nooks.

78A05.07	Heirloom Oil Table Lamp (Large)	\$88.00
78A05.08	Heirloom Oil Table Lamp (Small)	62.00

E/ Naval Oil Lamp

Truly a unique item, this fully functional little oil lamp features a rounded, weighted base that allows it to tip and tilt freely on a moving surface—in theory allowing it to remain steady on a briny old sea captain's tabletop in heavy seas. In practice, it's a fun, unusual little lamp with a lively wiggle and a style unlike anything else we can think of. We love them in a set, placed around the patio or other outdoor dining area for lamp-lit family dinners and gatherings with friends. Burns clean and bright with standard lamp oil and features an adjustable ¼" wick. Measures 4½" high and 3⅜" wide.

81A02.01	Naval-Style Brass Oil Lamp	44.00
----------	----------------------------	-------

F/ Reversible Brass Candle Holder

The clever simplicity of these little gems really caught our eye when we first saw them. Able to blend in with just about any décor style, these Reversible Brass Candle Holders hold any 1" taper safely and securely, and they look great without making a big fuss about it. Flip them over, though, and you'll find a hidden secret: an opening to hold a standard tea light. This gives you plenty of room for creativity when setting the scene for dinner parties, creating seasonal displays, and more. Each measures 3" in diameter and feels solid in the hand.

78A05.21	Candle and Tea Light Holder	\$16.50
27A01.12	11" Beeswax Candles	27.80

G/ Extra-Bright Brass Oil Lanterns

These special bright lamps have a tall, narrow glass chimney and a special wick elevation mechanism. The much brighter flame can actually extend smoke-free all the way up the chimney. Both burn either standard lamp oil or kerosene.

78A05.01	Small Extra-Bright Lantern	\$65.00
78A05.02	Large Extra-Bright Lantern	75.00
78A05.05	Repl. Wicks for Small (5)	6.95
78A05.06	Repl. Wicks for Large (5)	6.95
56A02.05	Filling Funnel	14.95

H/ Table & Hanging Oil Lanterns

These exquisitely handmade solid brass lanterns look great either on the table surface or hanging from a solid brass wall mount and burn standard lamp oil or kerosene for hours before a refill is needed. The all-Brass models are now available in two sizes: Standard 8½" and Large 10½". Both are traditional and classic. The special Brass Wall Mount (shown above) fits either size. The 8½" size is also available in two additional models, Brass/Copper and Brass/Stainless Steel (S.S.). The design is exactly the same, as the metals are the only difference. Which one is right for you is a matter of personal preference. All are classics. The Copper Filling Funnel helps when adding fuel in all oil lamps.

87A01.02	8½" Brass/Copper Oil Lantern	\$67.70
87A01.15	8½" Brass/S.S. Oil Lantern	73.50
87A01.01	8½" All Brass Oil Lantern	59.95

► A/ SPLITTING MAULS

HEAVY-DUTY MAULS FROM GERMANY

For splitting lumber rounds into firewood you can't beat a Splitting Maul. (The 31½" oiled Red Hickory handles have extra thick necks and red steel safety collars to resist shock and damage to the handle.) The Pro Maul's head weighs about 4½ lbs and has a pair of raised cheeks that function like small wedges that help keep the head free in really difficult grain. The head of the Super Splitter Maul weighs over 6 lbs, with a broad, arrow-shaped head whose shoulders widen and then taper dramatically, again preventing jams in tight grains. These are absolutely terrific – well made and will last forever.

54A03.11	Prof. Splitting Maul	\$86.80
54A03.12	Super Splitter Maul	96.30

FIVE STAR TOOL REVIEW

“Works better than any other maul I have ever used and I have been splitting wood for 50 years.”
– Mark

B/ Twisted Firewood Splitting Wedge

The unusual shape of this aluminum wedge distributes the force of a blow in two directions at once, greatly speeding up splitting. Excellent for knotty hardwoods and tight-grained logs. Forged HD aluminum absorbs the impact rather than distorting. The 45-degree twist and barbed, anti-friction guide ribs help prevent bounce-back and make driving easier. Measures 8" x 2½" x 2".

54A03.14	Splitting Wedge	\$42.75
----------	-----------------	---------

SALE C/ “Tomahawk”-Style Hatchet

The “Tomahawk”-Hatchet with its 15½" handle has a strikingly broad curved head with a rear poll for driving wedges. Great for making kindling, clearing branches, etc. Comes with a small leather blade guard. A USA made full leather sheath (see inset) is also available. Made in Germany.

54A03.13	Tomahawk-Hatchet	\$48.50
54A03.50	Tomahawk & Full Sheath	87.50 \$75.50

SALE D/ Mini Camp Hatchet

Made in Germany, the Mini Camp Hatchet is an indispensable tool for the campsite or yard work. This tidy 12" axe is light enough to pack on a hike, or to wear on your belt once you make camp. You can use it to split kindling and smaller rounds, or to clear branches. It has a flat poll to drive in tent stakes or to complete numerous other outdoor tasks. The grip-end of the robust Hickory handle is painted red and easy to spot on the forest floor. A ring-wedge system will keep the handle firmly affixed. A rounded flair on the blade makes for ¾" of cutting surface. The beautiful leather sheath is made in the USA and has brass rivets and a single snap, and can be worn on your belt.

54A03.70	Mini Hatchet + Sheath	76.90 \$69.95
----------	-----------------------	--------------------------

A

C

D

E

E/ Yankee & Scandinavian Hatchets

The Yankee Hatchet (handle length 14") is great for splitting kindling, chopping small logs, etc. Use the poll to drive stakes or straighten bent tent poles. The Scandinavian Splitting Hatchet (handle length 19") provides additional momentum, and the wedge shape of the face/cheeks aids splitting and prevents sticking. Both heads are secured with specially shaped beech wedges and anchored with steel ring wedges. Made to our specifications in Germany, each comes with a USA-made leather sheath.

54A03.30	15" "Yankee" Hatchet	\$45.95
54A03.40	20" Scandinavian Hatchet	69.80

F/ Log Handling Accessories

The Pickaroon is a tool for safely moving cut logs. With the curved beak-like precision point driven into a log, it can be flung or rolled where needed with ease. The heads are the same size with different handle lengths. The longer one (31½") is perfect for wrangling larger logs, and the shorter (15½") is great for moving shorter sections. The handles are American hickory, and the heads are forged steel.

54A03.08	Small Log Pickaroon	\$34.50
54A03.09	Large Log Pickaroon	49.95

SALE A/ Mini Camp Hatchet

& Draw Knife

A PERFECT PAIR FOR THE "PIONEER HOMESTEADER"
A well-matched pair that will chop, split, peel and shape green wood into anything that you envision. The **Mini Camp Hatchet** is a potent chopper that is easy to transport. Pack it or wear it on your belt. The **Draw Knife** is the ideal companion to the Hatchet because it picks up where the Hatchet leaves off. It's ability to accurately square a log, or taper the end is unparalleled. It is a true "homestead builder's tool". Both are forged in Germany. The Hatchet's leather sheath is made in the USA.
54A03.26 Draw Knife \$50.00
54A03.70 Mini Hatchet + Sheath ~~76.99~~ **69.95**
54A03.90 Homestead Building Pair ~~126.99~~ ***105.00**

B/ Combo Dual-Purpose

German-made Hatchet with Log Pick

This hefty Hatchet, great for clearing brush or limbing trunks, also features a log-pick. The sharp 3" long hook gives you the ability to easily collect rounds or drag small logs back to the campfire. The ergonomic curve of the 19½" long American Hickory handle makes it balanced on the swing. Light enough to wield with one hand, but just long and stout enough for comfortable two-handed swings. Handle end is painted fire engine red for easy visibility. A striking new tool for serious work.
54A03.19 Dual Purpose Hatchet \$62.50

C/ Tough, Versatile X-HD Chisel Knife – A Garrett Wade Exclusive

AN EXTRAORDINARILY USEFUL TOOL

It's the ultimate hybrid, incorporating features of a knife, chisel, hatchet, cleaver, pry-bar, hammer and rescue tool. It's a jobsite or campsite Do-Everything Tool. 1075 carbon steel blade is 11" long, 1½" wide and a stunning ⅜" thick all over. With a flat ground 5" knife-edge and a 1½" chisel edge at the end. It has an extended butt for striking, a wide exposed spine, a wood handle and a sheath. It'll take a beating. Nice to have on hand.
75A01.08 X-HD Chisel Knife \$49.50

D/ One-Handed Log Tongs

Our Log Tongs work by a system where one stationary jaw and one free-swinging jaw work in tandem, to grab and hold onto a log round. Use this to move cut-up rounds, or grab a long limb from the woods and drag it to your staging area for cut-up. Works best on cut logs or buy two and grab a friend to move longer logs. 6½" handle, 6¾" jaw width. Features a sure-grip rubber handle and 10" long steel jaws. Made in Germany by one of our most trusted partners.
54A03.47 Log Tongs \$29.00

E/ Super-Sharp Japanese Axe

The 4½" laminated steel blade has a bearded shape that brings the center of gravity closer to your hand. The high-carbon edge is sandwiched between layers of softer steel that give the super-sharp edge great strength. It's a great kindling axe.
11P23.06 Japanese Hand Axe \$79.90

F/ Forest Axe

A product of our partnership with a 3rd generation forge in Germany. The Forest Axe is a full-sized tree chopper with a 31½" Ash handle, a red steel safety collar and an extra thick neck. It's an unusually excellent value.
54A03.07 Forest Axe \$73.00

Work Safer – Work Sharper

G

G/ Special Chainsaw Sharpener

QUICKLY PAYS FOR ITSELF

If you use a chainsaw at home or the farm or ranch, you know how important sharpness is for both speed and safety. Until now, you've had three choices: replace, resharpen yourself, or take it to your local shop. Now, an Italian firm has designed (and makes) a revolutionary new grinder for you to do this job. It's affordable and does the job quickly and very well. We know chainsaws, and we've tested these extensively. They use standard 115V current. Once mounted, initial setup takes about 5 minutes, after which the grinder is set to go for repeated resharpenings with the same chain. Both machines sharpen in exactly the same way; the difference lies in the way the next tooth is advanced and clamped into position for the grindstone to recut it. In our experience, after initial setup, the Standard Sharpener takes about 15 seconds to cut each tooth. A chain for a 20" saw with 34 teeth would therefore take about 12 minutes from start to finish. The Quick-Feed Sharpener would take less than half that, about 4 minutes.

These are terrific units that not only do a great job, they will save you money and a lot of time right away. The Optional Grinding Wheel, which is a bit thinner, may work better when working on the smallest chainsaws. Full instructions. *See our website for detailed pictures and videos.*

45T01.01	Std. Sharpener	\$89.90
45T01.02	Quick-Feed Sharp.	109.90
45T01.13	Repl. Wheel (either unit)	15.40
45T01.14	Opt. Thinner Wheel (either)	15.40

H/ Double Block & Tackle

We confess to being very fond of Block & Tackle hoists. This is a solid steel double block and tackle using a 50 ft. ¾" thick poly-blend rope, giving you a working lift range of 12½ ft. (25 ft. with the longer rope). Cam lever load latch, safety latches, steel hooks, a 4 to 1 mechanical advantage. 350 lb lift capacity. Pulling capacity 700 lbs.

If you have anything to do with a country home, farm, barn, RV or ATV or if you are a hunter, you will want to keep this on hand.

60R06.01	Double Block & Tackle	\$97.90
60R06.02	100 Ft. Additional Rope	\$49.85

I/ Cut & Puncture Resistant Gloves Protect Your Hands

WORK WITH NASTY STUFF EVEN MORE CONFIDENTLY

These gloves offer maximum protection against punctures – whether thorns, splinters, wire, or needles – as well as provide superior cut protection. The blue and black Safety H.D. Work Gloves are designed for very tough work – using 2 layers of special cut resistant safety fabric plus 1 more for added structure. The palm-side surface fabric is designed to be slightly tacky to aid in gripping. They excel at barbed wire work, demolition, and dangerous materials (such as broken glass).

Note: The use of special cut and puncture resistant high-tech fabric initially makes these gloves a bit stiffer than ordinary ones. This stiffness will ease with use.

03P03.10	Blue Safety HD Work (M)	\$40.50
03P03.11	Blue Safety HD Work (L)	40.50

Save Your Hands

NEW A/ Endlessly Useful Copper Basin with Brass Trim

You'll find endless uses all around your home for this handsome copper tub with its curved brass handles and accents. Deep enough for all kinds of storage, whether that is kindling by your fireplace or towels in your bathroom. It's strong without being bulky and pretty enough to display anywhere. Keep it in the bathroom for hand towels and toiletries, by the couch in the den to hold your crosswords, magazines, or knitting supplies. The burnished surface is stippled with hammered patterns that will catch the light when filled with kindling near your fireplace or woodstove. It's also watertight, so fill it up with ice to use as an upscale beer cooler. Copper ages beautifully, so you'll take great pleasure in the evolving patina of this piece over the years, no matter where in your home it is. Dimensions: 16" L x 10¼" W x 9" H.

86A09.02 Copper Basin \$102.00

B/ Waxed Canvas Log Carrier

For easier carting of logs from your woodshed to the fireplace, our Waxed Canvas Log Carrier is constructed of heavy-duty, military-grade Waxed Canvas #10 (the highest grade of canvas, sometimes called Wagon-Cover grade). It's treated the old-fashioned way: with paraffin wax to produce a waterproof, rot-proof and, completely reliable material. Double-stitched reinforced edging and handles made of heavy-duty nylon webbing. We are able to get nine good size split logs in it, which is about all we can carry anyway. Easily rolled up and stashed away until you need it. Stylish and attractive, the Waxed Log Carrier is great for keeping things tidy around the hearth and dirt and debris off your clothes. 22" long, 12½" wide, and 12" tall.

53T02.05 Log Carrying Bag (Brown) \$44.50
53T02.09 Log Carrying Bag (Black) 44.50

C/ 3-Piece Fireplace Tools Set

A well-tended fireplace is often the center of the home. Our tools are masterfully shaped and hand crafted by skilled ironworkers. The finely crafted and elegantly tapered handles of these hand-forged fireplace tools are hard-wearing tools. Beautiful to look at but built for daily use. At nearly 44", the Poker allows plenty of room to stoke and adjust even the largest fire. The Tongs, measuring 28" with a 6" handle, allow you to safely move logs up to 8" in diameter. And the 36" Shovel makes quick work of clearing out leftover ash and wood. Perfect for your home or your cabin getaway.

89A05.13 Fireplace Tools Set \$82.00

NEW D/ 50 Fire Starter Coils and Our Waxed Canvas Storage Set

These UK-made fire starters are coiled clumps of wood shavings that have been impregnated with wax. Their loose structure allows for greater air-flow, and the wax extends burning time and flame intensity. Reach for one of these next time instead of searching for old newspapers; just assemble your kindling or charcoal with the firestarter in the center—it lights quickly and burns steadily for over 10 minutes, ample time to get your fire blazing away. With each box containing 50 coils in various sizes, it's an affordable and reliable way to make sure you can get things burning every time. We've paired them with a great looking storage solution; our waxed canvas bucket, made of heavy-duty, military-grade, paraffin-treated canvas, resulting in a water- and rot-proof bucket that will last for de-

70B04.03 Firelight 50 Pack (Repl. Coils) 18.00

E/ Garrett Wade Fireside Gift Set

The perfect way to quickly get a blaze going in any stove, fireplace, or campsite. Each Fire Starter is a bundle of wax impregnated wood sticks 3" long with a candlewick embedded in both ends. You simply light both wicks and bury the bundle in the kindling, or under the logs if they are nice and dry. A bundle burns aggressively for well over 15 minutes and is sure to get a blaze going. We've created a complete fireside gift set that includes 40 Fire Starters, two boxes of Garrett Wade matches all packed in a handsome pine box. Perfect for permanent fireside storage. (A refill box of 20 fire starters is available.)

70B04.40 40 piece Fireside Gift Set \$98.50
70B04.02 Fire Starter Refill (20) 32.00

F/ Fireplace Bellows

A VERY SIMPLE FIRE-ASSIST TECHNOLOGY

Every fire needs a little bit of help now and then. Getting down on your hands and knees and blowing can help, but your expelled breath really is not well directed. A good bellow does the job efficiently. Our USA-made model is made of hardwood and leather and fitted with a Brass nozzle and brass decorative tacks. Our French model is similar but fitted with a longer steel nozzle and a decorative pattern carved in the hardwood surface. A double leather thong on both holds the handle closed and serves as a hanging strap.

26F01.05 French Fireplace Bellows \$89.90
26F01.02 USA-Made Bellows 89.90

G/ Fire Starter Copper "Tinder Box"

This fire starter is the same type carried by fur traders and explorers of the Hudson Bay Company in Canada in early 1600s. The 3" x 4½" Tinder Box contains "char cloth" (the cloth version of charcoal), some short, dry jute strands, striking steel, flint, and a 6x magnifying lens. Detailed instructions are included; use the lens on a sunny day, or opt for sparks from the flint and steel.

54A01.05 "Tinder Box" Fire Starter \$79.95

H/ Fireplace Ash Scoop + Hand Broom

Narrower than a standard household dustpan, so you can easily get into the corners of the woodstove, fireplace, or chimney. Use the Tampico Ash Broom for daily cleanup up around the hearth. The semi-stiff bristles are great for lifting caked-on ash. Both implements have wood handles with holes at the end, that can be used to hang on a hook near the fireplace.

36E01.05 Fireplace "Dustpan" & Ash Brush \$21.80

SALE I/ Stove Fan Warms the Room Naturally & Uses No Electricity

This is one of the most effective and environmentally friendly devices we've seen. If you use a free-standing wood stove, this helps circulate warm air, and you'll use less fuel as a result. Place the base on the stove, and a thermoelectric module creates electricity from the heat differentia. This electricity drives the motor, and the power is so low that no blade guard is needed. The 8 1½" Small Fan moves about 125 CFM; the 10" Large Fan about 175, depending on stove temperature. Fan runs at zero cost as long as the stove stays hot.

25T05.01 Small Stove Fan \$162.90 \$145.00
25T05.02 Large Stove Fan 199.40 185.00

NEW **A/ 7½" Damascus Steel & Ebony Handled Folding Knife**

This is a lovely folding knife with an elegant swooping curvature that looks beautiful, feels great both in your hand and in action. It is painstakingly crafted from high quality materials that will last through many years of use. The extremely sharp 3½" blade is made of Damascus steel, and the distinctive rippled water pattern on the blade's surface matches well with the black ebony scales and brass accents and pins. The lockback holds the blade securely in place and is easily released when you would like to close it. An included lanyard cord loops through a brass-reinforced opening in the base of the handle, and a leather belt sheath rounds out the package to keep it safe and at the ready by your side. All in all, this is a fine piece, and will make a beautiful gift or addition to your collection. Overall length 7½", with a 3½" blade.

75A01.35 Ebony Handled Folding Knife \$95.00

B/ Damascus Saddle Lock Knife

Damascus steel blades are made by an ancient handwork process of folding and refolding layers of hand-forged, red-hot high-carbon steel. The result is not only a beautiful blade but one that is extra tough and super sharp. The handsome scales are made of (dyed) impreg-nated wood. Damascus Folders are typically very expensive, but this one is astonishingly modest in cost. Comes with a USA-made Leather Belt Sheath. Highly recommended as an exceptional value.

75A01.90 Damascus Knife + Sheath ~~\$134.45~~ **\$127.50**

NEW **C/ Slim Damascus Penknife**

This is a truly striking looking and highly functional folding knife. The slim form and elegant silhouette will make it both an object of admiration and a blade you'll take anywhere, while the craftsmanship makes it a pleasure to use. The 60 HRC hammered Damascus blade features a straight back and a gently curved cutting edge, and its distinctive ripples are echoed in the patterns of the snakewood handle. A bright blue aluminum clip gives it a touch of color, and the spring button assist makes opening quickly when needed. A side liner lock keeps it from closing unexpectedly. Comes with a handy black storage case. Measures 7¾" L overall, with a 3 ½" L blade.

75A01.33 Damascus Penknife \$89.00

D/ Short Damascus Fixed-Blade Knife

This mini Fixed-Blade Damascus Knife stuffs a lot of handsome into a small package. The stainless steel blade is just over 2" long, while the durable resin handle is 3¼" Damascus steel blades are beautiful, extra tough, and super sharp because of the process of folding molten steel over and over again. Also features a lanyard hole and a pretty brass bolster. Comes with a nicely made leather sheath. Highly recommended as a contemporary take on an ancient blade style.

75A01.28 Damascus Fixed Blade Knife \$74.80

E/ Mini Folding "Damascus" Knife

This is a fantastic mini folding knife whose outsize usefulness belies its small stature. It easily fits in your pocket or bag without the bulk. Stops those "I wish I had a knife" moments (ie clothing tags, opening parcels). An added surprise when you open it: a beautiful, Damascus-style patterned blade. The blade is a 1" long slip joint, and a tidy 3" overall when open. A Rosewood handle completes the package. A handy knife for everyday carry.

75A01.29 Mini "Damascus" Rosewood Knife \$29.00

SALE **F/ Totally Unique Folding Pocket Knives**

Made in France exclusively for Garrett Wade by a storied Thiers knifemaker, these knives are fully illustrated on the front and the back of the knife body. The face of the ultra-sharp blade has a classic bevel and a micro bevel; the back of the blade also has a micro bevel so that resharpening won't damage the illustrations. The blade is held open with a custom-designed locking/unlocking Button (called a K-Lock system) that securely holds the blade open and produces a positive lock when closed so it won't accidentally open. The push-button locking mechanism is also hardened and tempered to guarantee that the lock/unlock function is precise and long-lasting. Measures 8" when open with a 3¼" blade. Choose from four distinct illustration themes: laser-engraved plans for a 19th century highboy or vintage outdoor hand tools, alternatively we offer two full color knives; a gorgeous vintage floral pattern (perfect for your favorite gardener), and fascinatingly unique vintage illustrations of mushrooms. The colorful knives (not the laser-engraved ones) come with a built-in pocket clip and a custom French made leather sheath.

G/ Sailor's Rigging Knife

COMPLETE WITH USA-MADE LEATHER SHEATH
Some time ago, one of our Garrett Wade staffers stumbled on a vintage version of this special sheath knife at a weekend "flea market" in England and bought it. We have worked to bring it back and are happy to say our version is more refined and even tougher than the original. Blade 3", overall length 8". A blend of steel, polished Brass and Rosewood grips – together with a USA made leather belt-sheath. It's a beauty and makes an excellent all-around "work" knife. We think that anyone (especially with a nautical bent) will love it.

75A01.40 Sailor's Rigging Knife \$78.00

H/ Adventurer Single-Blade Folder

VERY HANDY AND INEXPENSIVE
The rugged looking Adventure Knife has scales of Pakkawood and Micarta that are exceedingly stable in any outdoors conditions. The clip-point and deep belly of the blade will prove their usefulness at any campsite. A thumb-stud assists in blade opening. Use the carabiner to hang on your belt or backpack.

45T02.37 Adventure Single-Blade Folder \$38.00

Bavarian Toy Crossbows

TOYS DON'T COME ANY SIMPLER OR MORE FUN

Instead of an Xbox, surprise them this year with an old-school toy for children of all ages. Both the Rifle-style and the Pistol-style grips are hand carved from European beech with a beautiful warm golden finish. Bow is $\frac{3}{8}$ " Spring Steel with poly tips securely holding the woven nylon line. Positive spring-return poly trigger and catch. The longer, Rifle-style bow delivers a greater range.

Both crossbows come with three rubber-tipped safety arrows. One side has graphic images of deer, rabbit, fox and bison images, the other side is a 5-color concentric circle with classic point scoring. It all improves hand-eye coordination and respectful play. Great for adults too, to have around the office as a stress-relieving fidget.

WARNING: CHOKING HAZARD. Toy contains small parts. For ages 14 and up.
