*Bypass Pruner*

**French Bypass Pruners**  
LEATHER GRIPS MAKE THEM ESPECIALLY COMFORTABLE. These beautifully made pruners, made in France are like no other. These premium pruners use the finest forged steel on the market. Both are perfect for smooth, fast cutting. The premium pruner is 8" long while the smaller bypass trimming pruner is 6". Both grips are made with genuine leather for comfort. Optional belt loop leather holsters are available on our website.  
19S02.29 French Bypass Pruner \$84.50  
19S02.36 French Trim Pruner 74.50

**NEW** **Nokogama-Style Garden Knife**  
This tool goes by a few different names, depending on where you're from and what you're using it for, but it's one of the most useful garden knives we've seen in a while. Similar in design to a Japanese Nokogama sickle-saw, it really shines when it comes to small landscaping, weeding, pruning, and harvesting duties. The aggressive serrated blade is designed with an inward curve to create a powerful little pruning saw. It truly is an effective tool. Features a natural wood handle and measures 10¾" with a 4½" cutting surface. Includes a plastic protector sheath.  
52A01.27 Nokogama-Style Garden Knife \$12.50

**NEW** **USA Made 14" Weeder & Rake**  
This 14" Weed & Rake is the rare 2-in-1 tool that actually performs both of its tasks just as well as two separate, dedicated tools would. The sturdy 6-tine rake is strong enough to handle tough weeds and soil or those final pesky fall leaves from the base of your shrubs. Press the tines down into the handle and you've got a tough-as-nails double-edged wiggle hoe for dirty work that requires a little more power, as its signature edges excel at cutting and dislodging weeds in both directions. The extended rake width is 5", while the hoe attachment is 4" wide. Made in the USA.  
52A01.28 USA Made 14" Weeder & Rake \$29.95

**NEW** **Hummingbird Feeders**  
It's easy to attract Hummingbirds and great fun to watch them. Just put a feeder out near your door or porch, and wait. Hummingbird feeders should have several feeding points because the birds are very competitive. Here are two alternatives. The larger one with the antiqued tin cover is very unusual.  
17B01.04 3-Stem Hummingbird Feeder \$69.50  
17B01.05 4-Stem Hummingbird Feeder 109.00

**NEW** **Italian Leaf Grabber Rake**  
This handy, brightly colored, Italian-made rake has a wide mouth to rake fall leaves quickly. It's 65" long overall, with a 23" wide rake, giving you plenty of reach and coverage for your yard work. The handle is aluminum alloy, with a plastic sleeve and rake teeth so your arms don't get tired. When you're ready to lift your gathered leaves, branches, etc simply slide the plastic sleeve toward you; the two halves of the rake fold down like wings and grab your pile of leaves or grass. A side lock button saves you from working to exert pressure while you lift and carry the debris to your destination. Then just release the lock button and the wings return to their original position. A hook on the handle allows for easy storage. Some light assembly required.  
44A01.04 Italian Leaf Grabber Rake \$49.95

**NEW** **Wooden Hod with Strap**  
MADE IN MAINE AND PERFECT FOR HARVESTING  
An iconic symbol of coastal New England's hard-working heritage, the hod is a sturdy wire basket with a wooden frame. Over the years, timelessness and functionality of the design has proven popular for all sorts of uses, from gathering eggs to harvesting and rinsing fruits and vegetables to simply storing tools and gardening gear in a sturdy container that lets dirt shake free easily. Features a shoulder strap instead of the traditional bowed wooden handle, so it's easier to carry around the yard or the garden. Made from sturdy oak with wire mesh covered in food-grade vinyl. Measures 20" x 10", and the basket is 6½" deep.  
14A01.05 Wooden Hod with Strap \$59.80

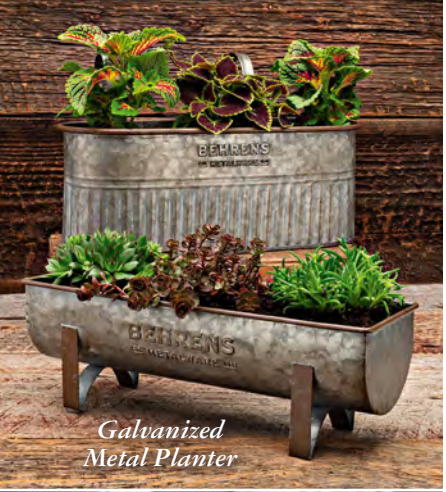

Gift Certificates Available at  
GarrettWade.com or 800-221-2942

**NEW** **USA Made Galvanized Steel Bushel Basket**  
This USA-made 35 Liter Galvanized Steel Bushel basket is more durable than plastic, and also rust- and rodent-resistant — not to mention it's beautiful. As the name implies, it will hold a bushel of apples — perfect for harvest time. It can be used for anything from storing firewood, towels, to an outdoor planter. It also makes a useful outdoor ice tub for chilling drinks during your next barbecue. Features two drop-down carry handles for easy portability, deep "swedging" for added strength, and a reinforced wire rim at the top. The upper portion is coated with a long-lasting UV paint.  
16T03.09 Steel Bushel Basket \$49.95

**Stand-up Bulb Planter**  
SAVES YOUR BACK AND KNEES  
This Stand-Up Bulb Planter allows you to make holes for your bulb planting from a full standing position: simply stand on the horizontal feet and allow gravity to do the heavy work of digging the hole. Then simply pull out the planter and use the knob to push out the soil plug. Easy. The powdered steel shaft measures 38" long. Makes a 2½" diameter hole, that is 4½" tall. With rubberized polymer grips (like an old-school bicycle). It will be the fastest way you ever plant your crocus and tulips.  
11G12.21 Bulb Planter \$34.90

**NEW** **Galvanized Metal Planter**  
This tough, rustic, trough-shaped planter has a classic vintage appearance and appealing shape. It looks great almost anywhere you put it, whether inside your home or out in your garden, porch, or patio. Because it's made from galvanized steel, it will last years in all kinds of weather (and pests can't chew through it!). Well-made and well-sealed, the lack of holes in the bottom means no worrying about water accidentally leaking onto your floors or table. For water drainage just add a base layer of rocks or small debris to the bottom of the planter. The metal feet are sturdy, stable, and solidly fixed to the body. Best of all, unlike other planter materials like plastic, which wind up in landfills as they age and deteriorate, steel can be recycled and used to create new items, making this environmentally friendly as well. Measures 15"L x 5"W x 3½"H.  
16T03.11 Galvanized Metal Planter \$30.00

**NEW** **Galvanized Farmhouse Hanging Metal Planter**  
This versatile hanging planter is rugged and beautiful, with a vintage look that will accentuate any place you choose to put it. A pair of curved steel hooks allow it to be hung over almost any 3" wide surface, like a porch railing, but they can also be easily removed. There are no screws and no holes when you want to display it on your table or other flat surface. The generous 2 gallon capacity gives you plenty of room for growing all kinds of plants, such as herbs and flowers. Solid and watertight — just add a layer of small rocks or other debris on the bottom to assist with drainage. And since galvanized steel is almost endlessly recyclable, this planter is also an environmentally friendly choice. Measures 15 ¾"L x 6"W x 6"H  
16T03.08 Hanging Metal Planter \$30.00

Pruning & Tree Care

A/ Matched Set of Three Hand Pruners

The handles are nicely shaped, cast aluminum with rubber grips surfaces. Each has a spring-loaded snap catch. Overall length about 8". The Anvil cutter is coated and is the best choice is for dry stalks, while the Bypass Pruner is for green material.

23K05.11	Bypass Pruner	\$17.90
23K05.12	Flower Cutter	17.90
23K05.13	Anvil Pruner	17.90
<a href="#">BUY MORE &amp; SAVE</a>		
23K05.30	Set 3 Matched Pruners	<del>53.70</del> \$43.70

B/ Hardworking Forged-Steel Bypass Loppers Won't Flex

Fitted with 24" long handles, these heavy-duty, Forged-Steel Bypass Loppers feature unusually thick bypass blades that eat up branches up to 1½" in diameter, and can even sever those hard-to-cut small roots you encounter when digging or planting trees. PVC-covered aluminum handles ensure a firm and comfortable grip.

11G13.27	Bypass Lopper	\$49.85
----------	---------------	---------

C/ A Folding Pruning Saw That's Big Enough to Do Really Serious Work

This is the best Japanese tooth-pattern folding work saw we have discovered. The blade is a full 10" long with a tooth depth of ¾" – so this is a very fast cutting tool. The rubber-covered handle is all steel. You can carry it in a deep pocket, or wheelbarrow but we recommend our leather sheath to keep it at the ready. Made of oil-tanned steer hide for softness, and lock-stitched and riveted for durability. Features nickel-plated hardware and a 2" clip that you can attach it to a work belt, or if you prefer, it has belt slots to wear directly on your belt. Hole punched center-top to hang on a hook when storing, or for a carabiner to attach to a work vest. The scabbard measures 3¼" wide x 7" tall, 12" tall overall. Handcrafted by skilled workers in the USA.

23K04.04	Large Folding Pruning Saw	\$37.90
23K04.05	Repl. Blade	19.50
66M03.04	US Made Leather Sheath	27.50

SALE D/ Ratcheting Hand Pruner and Leather Sheath

GIVES YOUR HANDS AN EXTRA LEVEL OF STRENGTH  
This clever update on the classic hand pruner provides additional power to your grip by means of an internal ratchet. As you meet maximum resistance while exerting pressure on any difficult material, just relax your grip a bit, and the ratchet resets with the jaws in place, giving you the power for an extra squeeze. And it features a nifty little oil pad that slides into the handle, allowing you to clean and oil the blade on the go.  
All cast aluminum, with rubber grip on the handle backing. Enclosed scissor-style finger loop provides added protection. The blade is carbon steel with non-stick coating and can be replaced easily via a bolt in the side of the handle. We suggest a replacement blade to allow you to keep working while you sharpen or repair the original. Maximum opening 7/8!"  
Also, now available is our USA made leather sheath as an add on. The pistol-style holster hangs on your belt via a 2" steel clip, so you always have your pruner at hand as you move around the yard and garden. (It will work for other pruners as well.) Made from raw,

tanned leather, heavy-stitched with solid metal rivets by a purveyor of top-class arborist and logging tools.

18A09.03	Ratcheting Hand Pruner	\$29.95
18A09.04	Replacement Blade	5.00
18A09.30	Hand Pruner & Sheath	<del>42.50</del> \$35.50

SALE E/ Arborist Large Pruning Saw

With its molded handle that even a very large hand would feel comfortable working with and a 20" long fast-cutting saw blade, this will speedily take care of very large branches. For its size and performance, this arborist's saw is an exceptional value.

68C01.02	Arborist Pruning Saw	<del>58.90</del> \$45.90
----------	----------------------	--------------------------

F/ Extendable Ratcheting Loppers

We've looked at literally hundreds of loppers over the years and few perform really well. These two are different. The "secret" is in the excellent design. These feature a specially designed ratcheting mechanism, oversized for strength. The telescoping handles are great (26 to 40" long, with 6 pin-locked position stops and rubber grips). The Anvil Lopper is designed for cutting dry wood and the Bypass Lopper for green wood. If you are looking for a lifetime arborist's quality tool, look no further. *Air shipping not available.*

11G12.01	H.D. Anvil Lopper	\$69.95
11G12.02	H.D. Bypass Lopper	59.95
<a href="#">BUY BOTH &amp; SAVE</a>		
11G12.10	Both H.D. Loppers	<del>129.90</del> \$104.00

G/ Everyday Go-To Pruner

HIGH QUALITY – EXCEPTIONAL PRICE  
This 8" Forged-Steel Bypass Pruner features thick, forged-steel blades with a 1¼" maximum cutting capacity, a comfortable grip over aluminum handles. An adjustable gear mechanism, typically only seen on pruners many times the price, ensures consistent tight-fitting tension on the bypass blades. The bottom of the blade has a wire cutting notch. A safety toggle keeps the tool closed when not in use. As our house special, we've made sure these pruners cut and feel as good as any expensive more elaborate model.

11G13.26	Everyday Go-To Pruner	\$22.50
----------	-----------------------	---------

H/ A Very Nice Small Bypass Pruner

When this writer first picked up this tool, his first reaction was "so-what." The next minute after he slipped it into his hand he thought, "fantastic." The design is so unique and the cutters so close, it's just like an extension of your forefinger. Every gardener should have one of these in his kit. No kidding, and it's very inexpensive. Very highly recommended.

11G12.15	Small Bypass Pruner	\$19.50
----------	---------------------	---------

NEW I/ Ultra-Sharp Pruners

REFINED, COMFORTABLE – WITH FLAWLESS CUTTING  
The high-carbon bypass-blade system, which has as a flowing, elegant look, offers almost a full inch of capacity. The upper blade is titanium nitride coated (giving it that "gold" color) to preserve its unusual sharpness. The handle is corrosion and sap-resistant brushed aluminum, with an anodized finish. Comfortable in the hand during those longer pruning sessions. One handle is slightly longer than the other, giving you more cutting torque. From blade tip to handle end this Pruner is 9" long. And the Optional Leather Sheath, which fits all. *The optional matching leather sheaths are custom dyed and hand made in France.*

38A02.28	Rose Gold Sheath	36.00

Weeding

A/ Japanese Short-Bladed Root Cutter

This is a wonderfully simple tool. It's small and has an aggressively serrated 2 3/4" blade. Push the blade against the root or stalk, and pull straight. You'll cut cleanly with minimal fuss.

11P23.05    **Root Cutter**    \$21.50

B/ "Farmer's Dagger"

A DUTCH TAKE ON A CLASSIC JAPANESE TOOL  
This Dutch version the of Japanese Hori Hori, or digging knife, comes from a 4th generation company in Holland who have been producing beautiful, gardener's tools since 1898. Keep this at your side, it's an exceptionally strong and stiff digger that will cut and saw through the toughest plant root systems – even bamboo. 13" long overall, with a 7" blade made of 5 mm thick (almost 1/4") hardened boron steel and an oiled ash handle.

69A01.23    **"Farmer's Dagger"**    \$78.95

NEW C/ Fishtail Weeder – Dig out Weeds at the Root

Sometimes called a Dandelion or Asparagus Weeder, the Traditional Fishtail Weeder features an inverted "V" shape. It's the perfect tool for digging into the soil and pushing up weeds at the root. Features an ergonomic hefty grip for all-day comfort and torque, and a coated steel blade for added rust-resistance. The durable ash handle is 16" long. The blade is 9 3/4" long and 1 1/8" wide. Made in Belgium.

19A01.12    **Traditional Weeder**    \$57.30

D/ Exceptionally Strong Digger

This new Garrett Wade one-hand Digger (also called a Hori Hori) uses Japanese stainless steel and has the traditional one-side dirt scoop channel and a row of side-cutting teeth on the reverse side, but at 1/8" thick is much stronger than usual. Tropical Redwood handle. We have had a (USA made) sturdy leather belt sheath made just for it.

63A04.01    **Digger**    \$35.00  
63A04.40    **Digger & Leather Sheath**    \$56.95

E/ Two Special HD Weeding Tools

BALL WEEDEER & "CAPE COD" WEEDEER  
The Ball Weeder and Cape Cod Weeder are two outstanding tools with a distinctive pedigree. They are hand-forged in Oregon, USA, by a fabricator who prides himself on making special and hard to find gardening tools. The **Ball Weeder** has a short, two-tined fork-end that hooks the weed root, and the ball acts as a fulcrum. The long handle gives you extra leverage in lifting out tough taproot weeds like dandelions, especially in hard-packed gravel and dirt. 8" long overall, the ball itself is slightly smaller than a baseball.

The **Cape Cod Weeder** is a regional New England favorite, and works well on loose soil, as a type of scuffle as it moves through the soil. Works on the push or pull, and the point can also be driven straight into the soil to dig out deeper weeds. Cape Cod has a 6" long reach with a 3" blade.

69A03.04    **Ball Weeder**    \$52.95  
69A03.02    **Cape Cod Weeder**    45.95

F/ Superb Professional Weeding Sickle

The 4" drop forged blade is razor sharp. The twisted shank and the shape is very carefully designed to

A

B

C

D

E

F

allow your arm motion to quickly remove shallow rooted weeds. This is a highly functional gardening tool, and you'll use it all the time. Only 7" overall.  
06A03.01    **Prof. Weeding Sickle**    \$45.95

G/ Grampa's Weeder

SAVES YOUR BACK  
This tool was actually invented in 1913. Recently remade after 70 years, it's a blessing to all who like their weeding easy, with no bending over and no hand pulling. Simply position the two gripping prongs over the weed, press into the ground, and then "lean" the 39" long hardwood handle in the direction of the footpad lever. Out comes the weed, root and all. This is a simple tool, and effortless to use. It's hard to imagine working without it and it's a great value for a lifetime tool. *Air shipping not available. See website for detailed pictures.*

65P01.01    **Grampa's Weeder**    \$39.50

H/ Half-Length Dutch Spiral Weeder

ANOTHER INNOVATIVE DUTCH GARDEN TOOL THAT'S EXTREMELY EFFECTIVE  
This one will work on the tough stuff with a deep tap root. Simply place the spiral tip next to the stalk and screw the spiral all the way into the dirt around the stalk. Then pull it out. End of story for the weed. Works best with moist soil. Note: this is not a delicate process, so it may be better to use another type of weeder when working on a manicured lawn, but it really does the job - period. The length is 22" long overall.

69A01.03 Half-Length Dutch Spiral Weeder    \$49.50

I/ Double Function Combo Garden Tool

2 FUNCTIONS - TROWEL & RAKE  
Our "Trake" is a handy gardening tool that elegantly combines two of the most common gardening tasks that you perform; weeding and planting/transplanting. Made of rust-proof, polished cast-aluminum, it has a sure-grip rubberized handle that is comfortable to hold from whichever side of the tool you are using. Overall length of the Trake is 17", giving you a significant leverage advantage for hard soil or tenacious roots. The trowel has inch demarcations to help you gauge planting depth, and a 6 1/2" long head, 3" wide. The rake (or cultivator) has 2" long tines. Give this functional combination tool a try.

69A01.36    **Combination Garden Tool**    \$34.80

J/ Telescoping Weeder

TELESCOPING WEEDEER – SAVES BACK STRAIN  
With its sharpened L-shaped blade and telescoping handle, this Weeder is purpose-built as a stand-up tool, saving strain on your back. It excels at cutting weeds from between pavers, along driveway edges and even along the sidewalk. It's dead-simple to use, just jam it into cracks and push or pull along the groove. Made of strong lightweight aluminum, with a steel blade. Telescopes anywhere between 32" and 49".

12C01.03    **Telescoping Pavement Weeder**    \$18.50

K/ Long Handled Slash Hook

A POWERFUL TOOL FOR DENSE BRUSH CLEARANCE  
Not for lightweight jobs, the Long Handled Slash Hook is built for taking down the tough stuff and reclaiming land from thick brush and weeds. A 31" long ergonomic Ash handle and heavy duty steel head make for easy swinging with plenty of cutting momentum. The 10 1/2" blade is double edged and the hooked design helps with dragging out cut branches. Ideal for rough cutting thorn bushes and bramble, or simply as a quieter manual alternative to down brush or clear thicker. German made. Naturally powerful.

11B04.10    **Long Handled Slash Hook**    \$104.00

Effortless Weeding

Cultivation

NEW A/ Pathmaker Pickaxe and Hoe

Made in Germany, this is a tool for the heavy, difficult clearing work. If the Pathmaker can't handle it, you probably need to bring in heavy machinery. Similar to a mattock, it combines a pickaxe on one side and a heavy-duty garden hoe on the other, perfect for breaking up tough or heavily compacted soils, especially ones with high clay content. Use it to do heavy lifting, prepare pathways, dig large planting holes, or simply break up stubborn soil. The hoe face is 7" long x 5" wide, and the pickaxe measures 7½". The 41½" ash handle will stand up to years and years of heavy use. Total weight 5.7 lbs.

54A03.46 German Hoe & Pick Tool \$67.50

B/ Traditional German Mattock

A VERSATILE 2-IN-1 GARDEN TOOL

A traditional-style 42" tool for serious garden work, this Mattock is ideal when wrestling with combinations of earth, roots, stumps, etc. The hoe end will bite into and loosen dirt and pull rocks, while the axe side is great for cutting through roots, vines, and other gnarly materials. Robust, shock absorbing ash handles. Head and handle ship packed flat, and are easily assembled.

54A03.06 German Mattock \$67.50

C/ German-Made 3-Tine Cultivator & a Heart-Shaped Hoe

These stand-up gardening tools are very sharp, with real heft. Use them early or late in the season to break up hard compacted dirt. The 39" Ash handles are long enough to save your back when breaking up hard earth. The cultivator's long, broad tines and the hoe's 7" shaped blade will cut deep into hard surfaces. These are great tools.

54A03.01 3-Tine cultivator \$56.50  
54A03.02 Wide Heart-Shaped Hoe 49.95

D/ 5-Tine Hand Rake & Mini Hoe with a 2-Prong Grubber

The 5 Tine Hand Rake is made by a Dutch blacksmith. Lightweight, well-shaped Ash handle and 5 very sharp Carbon Steel teeth. The German made Mini Hoe/2-Prong Grubber is a 2-in-1 tool that excels at grabbing, digging, and spreading earth and other material. Handle is solid Ash.

Hand Rake: 13½" long, Teeth: 2" long

Mini Hoe/Grubber: 18" long, Blade 4 x 4"

69A01.29 5-Tine Hand Rake \$38.50  
54A03.05 Mini Hoe & 2-Prong Grubber 27.20

E/ Half Length Shovel & Leaf-Shaped Hoe with European Ash Handles

This unusually long Hand Shovel and its companion Leaf Shaped Hoe, offer an ergonomic advantage and efficiency of movement. With its 11" handle, the Shovel is great for planting bulbs and filling pots from a soil bag. Use the Hoe with its 16½" handle to furrow the soil for planting. The practical function of the leaf shape is to provide for various width and depths of your furrow line – the deeper you use it, the wider the furrow will be. Put the tools to work for light digging, aeration and weeding.

54A03.21 Leaf Shaped Hoe \$23.80  
54A03.23 Half Length Shovel 19.50

A

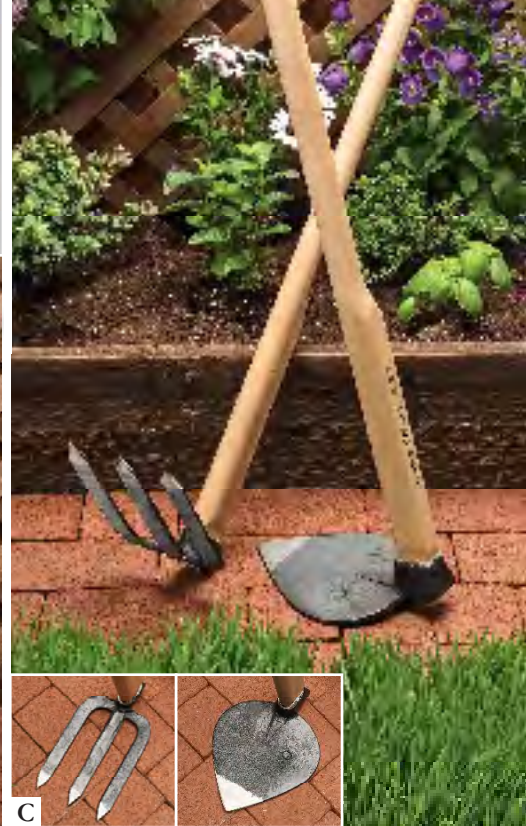

B

D

E

C

D

F

F/ Stand-up Hoe & Half-Hoe

HAND CRAFTED IN GERMANY

The Stand-up Hoe is a great, back-saving tool to help prepare your plant beds in spring. The shorter Half-Hoe does the same job but works better in small areas, while seated or kneeling, and for planting in raised beds. Use either for turning over soil and mixing in compost or peat. The heads of each tool are 8" x 4". Handles are lightly oiled ash. Half Hoe is 17½" long, Stand-up is 41¼" long.

54A03.22 Stand-up Handled Hoe \$39.95  
54A03.24 Short Handled Half-Hoe 29.80

G/ Cast Aluminum Trowel/Cultivator Set

With a solid-feeling, smooth handle and thumb recess on the top of the handle, these are all about control and comfort. All hand trowels or multi-prong garden cultivators do the same kind of work, but as we all know, how a tool "feels" in the hand has a big impact. These feel great and are "bomb proof." The leather hanging strip (shown) is a nice plus.

64A01.10 Cast Aluminum Gardening Set \$27.50

H/ Aluminum 4-Season Shovel

A workhorse tool with a durable poplar handle and reinforced sharp front edge for getting under snow, ice, or dirt. Measuring 42" with a generous 16" x 11" head, this shovel is well balanced and can hold a lot. A shovel for four seasons, use it for light construction, gardening, or clearing off wintry mixes from your driveway. *Air shipping not available.*

24T05.27 Aluminum Shovel \$69.50

I/ Super-Penetration Shovel

ALL-STEEL, GUARANTEED FOR A LIFETIME OF USE

The 41" all-steel Super-Penetration Shovel with its tapered pointed blade and fully sharpened sides is the very best tool digging in hard, compacted or heavy clay-like soils. It was given its name for its ability to let you "penetrate" with minimal exertion. It's a beautiful tool. The accessory rubber foot pad fits either side (left or right) and is recommended. Made in the USA. All blades and handles are fully welded. Handles are plated or painted for rust protection. *Air shipping surcharge applies.*

79W04.04 Penetration Shovel \$142.00

J/ Professional Diggers

ALL-STEEL, FOR A LIFETIME OF REAL USE

Made by the same superb maker of our other All-Steel Spades, Forks and Shovels. These specialty tools are specially designed for moderate-scale close work digging repeated holes of a similar size when planting or working around in a tight area.

The All Purpose Shovel (center and right) with its 5" rounded blade with a handy "belly" comes in two overall lengths (25 or 40"). The shorter length is great when working on your knees and the longer full-sized length is used standing.

The Mini-Shovel (left) is 36" long handle and a 3¾" wide sharply pointed blade is superb for digging repetitive holes while standing up when planting. It's like using a large dibbler. Made in The USA. Use the 10-in Flat Mill File to keep these tools sharp.

Additional air shipping surcharges apply to the Mini Shovel and the 40" All-Purpose Shovel.

79W04.01 25" All Purpose Shovel \$71.00  
79W04.02 40" All Purpose Shovel 80.00  
79W04.03 36" Long Mini Shovel 84.00

Light for Easy Reach

#### A/ Long-Reach Hand Pruner

SAVES YOUR BACK FROM UNNEEDED STRAIN

If you need to do a bit of pruning on the other side of a fence line or in the interior of a large plant or bush, this is what you need. The 30" long shaft will easily maneuver the cutter into place and a quick pull on the hand grip does the job. It is also handy to trim the topmost stems of a high bush and fruit tree water spouts without the need of a ladder. It's a life saver. Made in Italy. *Air shipping not available.*

45T02.17 Long-Reach Hand Pruner \$59.95

#### B/ Telescopic Fruit Picker

COLLECT FASTER, WITH LESS DAMAGE & WASTE

This great tool lets you harvest your fruit trees without lugging a ladder from place to place. With a reach that extends up to 10', there will be very few places that you can't get to, even from the ground. A simple cutter above the collection bag, operated by a hand grip at the bottom of the pole, ensures that the fruit will drop safely into the bag (large enough to hold about 10 apples). Whether you have one or two trees or a small orchard, this is a fine and useful piece of gear. Comes highly recommended. *Air shipping not available.*

11G12.18 Telescopic Fruit Picker \$79.90

#### SALE C/ Waist-Level Garden Apron

We think this is a great looking, exceptionally useful five pocket apron. It uses a combination of rugged green duck canvas and split suede to protect both you and your gardening gear. The front and straps are both 1/16" thick suede cowhide, with solid brass hardware. The green backing canvas is #10 Duck – military grade and water repellent. It's comfortable and roomy, and will fit most body types. The apron is 12" long and 24" deep with 5 individual pockets.

15A02.12 Gardener's Apron \$98.00 \$78.00

#### D/ Arborist Long-Reach Giraffe Cutter/ Trimmer with Rotating Head

LIGHTWEIGHT AND EASY TO USE

This long reach Cutter is a boon to arborists and other outdoor workers who need to reach up high into branches for trimming. Strong but light with durable aluminum alloy handles, the cut-ting jaws are sharp and easily activated with the wide giraffe-style handle action. The cutting head can also be rotated – a big plus in crowded branch situations. Also features a hook on back for grabbing and pulling down loose branches. A handy removable nylon harness is included to give your back a break when putting in long hours carrying it around. This will give you years of use, and will make your job much, much easier. Reaches up to 59"; Jaw capacity: 1 1/4" *Air shipping not available.*

11G12.19 Long Reach Cutter \$79.95

#### E/ Arborist Folding & Extending Trim Saw

LIGHT AND EASY TO CARRY

Most arborist Trim Saws are best used two-handed however ours is sturdy yet light enough to be used one-handed as necessary. The 10 1/2" blade has very fast cutting, super-sharp, Japanese-style tri-grind teeth. Folded, it's a compact 24 1/2". Unfold the blade, extend the twist lock aluminum

handle, and instantly you have an 4 1/2 ft saw to reach many branches you'd typically need a pole saw to get to.

A handy feature is the aluminum thumb lever which changes the cutting angle to achieve four different blade positions. The more curved the angle, the more downward torque for a more aggressive cut. It's a well-designed, professional tool. We like it a lot. Made in Japan.

36J02.13 One-Handed Arborist Trim Saw \$82.50

#### F/ The Perfect Balanced Short Bladed Machete

We've taken our popular Small Personal Machete and improved it. The shape of the short powerful blade is unchanged, but we're using a tougher grade of steel. The handle is now made of Special Pakkawood, a resin hardened, weather-resistant, composite wood. We've added a bolster to keep your grip in place – no matter how hard you swing. Go to town on weeds and branches, this machete can take it. Combined with its unique superb leather sheath, this is an awe-inspiring tool. Blade length 10 1/2".

75A01.24 Short Bladed Machete \$109.00

#### G/ Gardener's Professional Digging Tool – Made in the USA

HEAVY-DUTY & SIMPLY SPECTACULAR

This 12" Digging Tool is designed and made by a USA firm that only makes tools for the professional arborist/gardener. The 7" long curved 41/30 alloy steel blade is welded to the handle, and one sharp edge is deeply serrated to cut roots and vines. The grip is large and the hand-guard keeps the knife from burying itself in the soil. The belt-loop holster keeps it at the ready. *See our website for details.*

79W05.01 Professional Digging Tool \$69.50

#### SALE H/ Extra-Capacity Extra H.D. Jumbo Pole Saw & Pruner

2" CUTTING CAPACITY, WITH 20X FORCE

The heavy-duty Anvil Lopper is great for cutting green wood as well as hard dry wood, but because of its anvil design, it exceptionally excels at the latter. Double the usual capacity. The secret is that using the 20X mechanical advantage pulley and gear combination, the blade rises vertically to cut, instead of pivoting – thus avoiding any twisting. This X.H.D. tool also includes a 14" high-carbon 6tpi stainless steel saw blade that attaches to the end of the pole. It extends from 4 to 8 ft. in length, using an exclusive snap-lock (not the usual twist-lock) system. This tool excels in construction and thoughtful design. *Air shipping not available.*

11G13.03 Jumbo Pole Pruner/Saw \$154.90 \$114.90

#### I/ Hi-Reach 19 ft. Pole Trim Saw

SAVE TIME AND A LOT OF MONEY

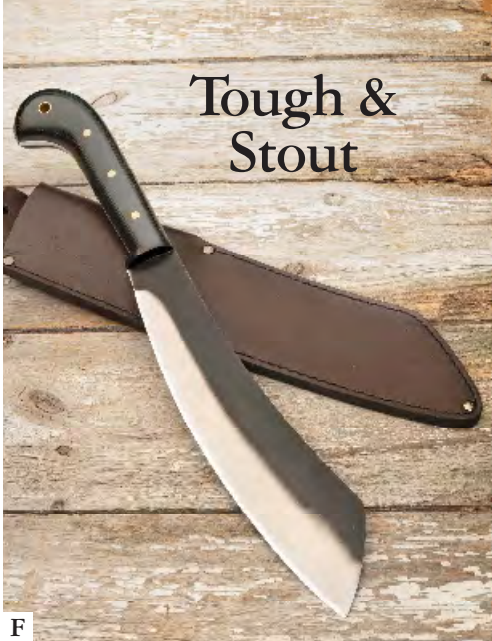

This is a professional grade tool that will save you from having to call that expensive tree service. The very long Pole is a set of three 6 ft. interlocking fiberglass handles, topped off with a 15" long curved cutoff blade that enables you to cut off those otherwise impossible-to-reach branches for trimming. Comes with Japanese-style tri-grind teeth. (This is the much safer, cheaper and quicker alternative.)

*An additional Ground Shipping Surcharge of \$21 applies. Air shipping is not available.*

WARNING: Do not use this tool near overhead power lines. Contact with those could result in injury or death.

86B01.06 Hi-Reach 19 ft. Pole Saw \$209.00

86B01.07 Replacement Saw Blade 39.95

Expands to 19 ft.

**SALE** A/ Grab & Go Garden Set

Our heavyweight waxed canvas Garden Tool Tote packed with five indispensable tools plus 155' of Jute Twine. The Tote itself has six pockets inside and four outside. The 8" Forged-Steel Bypass pruner features thick forged-steel blades with a 1¼" maximum cutting capacity and a comfortable grip over aluminum handles. An adjustable gear mechanism ensures consistent tension, and the bottom of the blade has a wire-cutting notch. When you don't need the heavy-duty trimming power of a pruner, the scissor-like blades of the lightweight Long-Nose "Fruit Scissors" are ideal for trimming leaves, cutting flower stems, gathering herbs, and harvesting fruit. Spring-loaded for extra oomph, they close securely with a rubber strap. PVC coated steel handle, 8" overall.

**B/ Cut & Puncture Resistant Gloves**

These gloves offer maximum protection against punctures, whether from thorns, splinters, wire, or needles, and provide superior cut protection. Safety H.D. Work Gloves are designed for very tough work, using 2 layers of special cut-resistant and another for added structure. The palm-side surface fabric is slightly tacky to aid grip. They excel at barbed-wire work, demolition, and handling dangerous materials like broken glass. They'll feel a bit stiff at first but will soften with use.

**C/ Safety Garden Gloves Really Protect Your Hands**

These Safety Garden Gloves provide maximum protection against punctures—thorns, splinters, wire or needles as well as superior cut protection. They are designed using 2 layers of cut and puncture resistant fabric, plus one more for added structure. The palm-side surface fabric is slightly tacky to aid in gripping long handles. They excel at handling cacti or plants that have severe thorns. All are washable, breathable, and stretchable.

*Note: The use of special cut and puncture resistant high-tech fabric initially makes these gloves a bit stiffer than ordinary ones. This stiffness will ease with use.*

**D/ USA Made Foldable Garden Cart**

An ingenious hybrid wagon/cart/wheelbarrow, this cart folds up flat for easy storage just about anywhere. Lightweight and made in America, it's sturdy enough to handle full loads of gravel, mulch, bricks, firewood, yard waste, and pretty much anything else you can throw at it. Attach the front and back gates and you have an enclosed wagon for loose materials like soil and rocks; remove one or both and you can haul lumber or larger items. Holds up to 330 lbs. of cargo, with 20" wheels whose pneumatic tires can handle uneven terrain with ease. Made from high-quality marine-grade aluminum, it resists rust and corrosion even if exposed to salt water for extended periods. Weighs 33 lbs. fully assembled. Overall dimensions: 55" x 30.25" wide x 23" deep. Ground shipping surcharge of \$50. *Air shipping not available.*

**E/ Galvanized Watering Can**

Your grandparents probably had a durable Wood-Handled Watering Can like this, and it's comforting to know that this timeless design is still being produced. The "rainshower" nozzle directs a gentle flow that make this perfect for watering flowers in raised beds, or herbs in a well-tended kitchen garden. Constructed of hot-dipped galvanized steel, and then coated in zinc to make it water-tight and rust-resistant. Features a gloss-painted birch carry handle for water and fade resistance and a steel watering handle. The bottom is recessed so it won't rust sitting on the ground. Best for outdoor use. 10½" high, 8½" diameter, and about 15½" from spout to handle.

E

**F/ Bugbaffer Protective Head Net**

Few things can spoil quality time in the great outdoors as quickly as pesky biting insects. Next time you're gardening, boating, fishing, or just out for a peaceful stroll, leave the noxious sprays behind and try the BugBaffer. Essentially a mosquito net that covers you from the chest up, it's an environmentally friendly way to avoid itchy bites (not to mention myriad potential insect-borne diseases). The patented design allows you to wear your favorite hat under the net, which is designed for unobstructed vision in the field. Elastic under-arm straps keep everything snug and secure and keep you comfortable all day long. 100% U.S.-made.

----------	---------------------	----------------

F

**G/ Raised Garden Bed Corners**

Raised garden beds promote excellent aeration, drainage, and root spread, can deter pests, and thaw much faster in the spring, giving you a longer effective growing season. We designed these California-made Garden Bed Corners with thoughtful details like a finished mitered edge at the top for a clean, professional look. Measures 3" wide from each corner and 12," high (a 6" variety is also available). Compatible with 2"x6" or 2"x12" lumber, with the length of your choosing. These are a true 12" tall. Since 2" x 12" lumber is actually 11½" we've designed the corners so you tap the steel into the ground ½" to firmly seat the bed. Powder-coated and sold as a set of four.

### A/ 1.5 Gallon Compost Pail

**RUST- AND RODENT-RESISTANT GALVANIZED STEEL**  
For odorless composting right in your kitchen or mud room, this 1.5 Gallon Compost Pail can't be beat. Designed with a replaceable charcoal filter, that snugs under the tight lid to keep odor in check (always an issue with indoor composting). Features galvanized steel construction, so that it's rust- and rodent-resistant; and a carry handle for easy transport to a larger, outdoor compost pile. Small enough to sit under a table or next under the sink. Comes with two charcoal filters; extra filters are available, in packs of 4. Cleans with soap and water (no chemicals). 7½" round x 11". Available in red or white. USA made.

16T03.01	Compost Pail (red)	\$44.50

### B/ Big Rubber Tubtrugs

**RUGGED 11 GALLON CONTAINERS WITH MYRIAD USES**  
These colorful 11-gallon Big Rubber Tubtrugs have a generous 19½" diameter and stand 13" high and feature rugged, built-in carry handles on both sides, so you can squeeze the sides together and grip it with one hand. Use indoors or out for laundry, as a tool tote, for weeding and other yardwork—to carry anything, really. Not too large to use as a market or beach tote. The reinforced rubber construction makes them lightweight and durable. Available in three vibrant colors: purple, blue, or green. Endlessly useful! *Air shipping not available.*

19A01.16	Tubtrug 11gal Purple	\$25.00
19A01.14	Tubtrug 11gal Blue	25.00
19A01.15	Tubtrug 11gal Green	25.00

### C/ Indoor Planter Grow Bags

These flexible mesh Grow Bags allow roots to breathe and absorb nutrients and oxygen without binding or circling, giving you faster growing healthier plants. Sold in three sizes, they're durable and easy to move outside. Machine washable. Also available are seeds: Container Herb Garden (dill, parsley, cilantro, chive, and basil) and Container Kitchen Vegetable Garden (cherry tomato, mixed lettuces, scallions, tri-color bush beans, and tricolor zucchini).

63A06.03	1 Gal White Bag With Red Trim	\$12.50

63A06.05	3 Gal White Bag With Green Trim	15.95

### D/ Folding Nylon-Sided Wagon

Equally useful for a day of yardwork or a family trip to the park or beach, our Folding Wagon occupies minimal space when collapsed—you can easily leave it folded in the trunk until you need it—but expands into a sturdy and roomy (3½' x 2' x 2') nylon-sided wagon. Four large omnidirectional wheels make pulling even full loads a breeze, and the telescoping handle snaps conveniently upright when not in use. With a maximum weight capacity of 150 lbs., it'll transport a load of firewood or yard waste just as easily as a couple of worn-out kids after a long day at the playground.

12A04.06	Foldable Wagon	\$148.00
----------	----------------	----------

### NEW E/ Home Garden Hoe from Japan

A hoe is one of the foundational gardening tools—its job is to break up the ground and break it up fast. Crafted in Japan from strong, durable high-carbon steel, this is one of the best we've used, and it's more than capable of handling any serious garden prep or light landscaping work you need to take care of. A variation on a classic paddle hoe, this one has a larger blade for deeper penetration into the soil. With a sturdy handle made of poplar, it measures 42" end-to-end with an aggressive 11½" x 5" blade. Whether you're

starting a garden or preparing a new mulch bed, this will cut down your prep time considerably. *Air shipping not available.*

24T05.24	Home Garden Hoe	\$39.00
----------	-----------------	---------

### NEW F/ Taisho Hoe From Japan

Tracing its roots to southern Japan, the Taisho Hoe is simply a hardworking, super-tough gardening tool. With a whopping 16½" by 4¾" high-carbon steel blade, it's probably the heaviest-duty hoe we've encountered, but it's well balanced and surprisingly comfortable to use. Bigger, faster, and stronger, it's made in Japan and includes a sturdy 47" poplar handle. Some light assembly is required. *Air shipping not available.*

24T05.26	Taisho Hoe	\$94.50
----------	------------	---------

### SALE G/ 3-Tined Steel Cultivator

Cultivators help you break up, mix, and aerate your soil quickly and efficiently. Our 3-Tine Cultivator's unique design ensures healthy roots and the best possible crop yield. Sturdy and affordable, it can also be used as a weeder during the growing season. Made in Europe with a natural beech handle; 45½" long with a 6" tine spread. *Air shipping not available.*

43A01.07	3-Tined Steel Cultivator	<del>\$42.50</del> \$32.50
----------	--------------------------	----------------------------

### SALE H/ Garden Bed Ridger

Heavy-duty and affordable, this tool quickly creates furrows and even irrigation ditches. After planting flip the tool upside down and push it to tumble the ridges into the planted trough. Made in Europe from powder-coated steel with a 44" natural beech handle; the Ridger blade measures 10" across at its widest point. *Air shipping not available.*

43A01.09	Garden Bed Ridger	<del>\$42.50</del> \$32.50
----------	-------------------	----------------------------

### SALE I/ Four-Row Shallow Ridger

**PLANT FOUR GARDEN ROWS AT ONCE**  
This handy adjustable tool makes planting your seed rows quick and easy: simply pull through soil to form four perfectly straight marked rows. The 4 ridges each can burrow up to 6½" deep. With a 31½" steel head and 35" beechwood handle. Made in Europe. *Air shipping not available.*

43A01.08	Row marker w/handle	<del>\$69.50</del> \$49.50
----------	---------------------	----------------------------

### NEW J/ Four-Tine Mini Rake From Japan

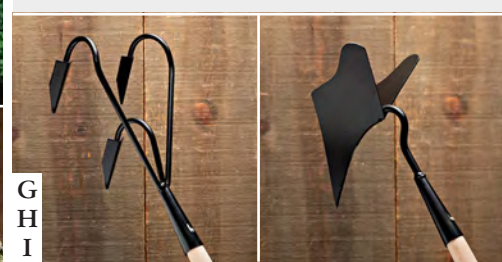

A great three-season garden tool, perfect for early spring planting. Use aggressive 4" tines to loosen soil, mix in mulch or even clean up debris around your plantings. The relatively short length makes this best for sitting, kneeling, or raised garden beds. Tines are coated to protect them against rust, and the 12" handle is made of lovely magnolia wood. Made in Japan by a company that's been crafting quality garden tools for over 70 years.

24T05.23	Mini 4-Tine Hand Rake	\$19.50
----------	-----------------------	---------

### NEW K/ Short-Handled Sickle Weeder

**AVAILABLE IN LEFT- AND RIGHT-HANDED MODELS**  
We are offering both right- and left-handed versions of our Short-Handled Sickle Weeder, so no more trying to jerry-rig a tool made for right-handers. This short, sickle-style weeder (only 10½" long overall) keeps the tool close to you for pulling through the soil and slicing off weeds at the root, or for cutting long grasses, especially around obstacles and pavers. Features a razor-sharp 3½" steel blade and a gorgeous magnolia-wood handle. Make sure you specify right or left. Made in Japan by a company that's been crafting quality garden tools for over 70 years.

24T05.21	Short Sickle Right Handed	\$19.50
24T05.22	Short Sickle Left Handed	19.50

Watering

A/ Stainless Steel Garden Hose

This one is for a lifetime: our 75' and 100' ½" Stainless Steel Garden Hose. It is kink-proof, puncture-proof, tear- and crack-proof, animal-proof, and corrosion- and rust-proof. It may not be the last hose you ever buy—maybe you'll want another—but you will never have to replace it. *Note: This hose is not intended to be used for drinking water. The hose liner is made from PVC.*

14T01.01 75 ft. Stainless Steel Garden Hose	\$60.00
14T01.02 100 ft. Stainless Steel Garden Hose	79.00

B/ Fireman's Style Watering Nozzle

This type of heavy-duty rubberized nozzle is not new. What is new is the comfortable handle underneath the nozzle body and the on-off Valve Grab-Handle on top, a style of flow control present on professional firefighting equipment.

11G13.08 Fireman's Style Nozzle	\$26.90
---------------------------------	---------

C/ Italian-Made Sprinkler Sled

You want to save time so you try to move the sprinkler by dragging it, but it slips over and soaks you. The wheels on this Italian-made wonder stabilize the Sled, allowing you to reposition. The distinctive brass head distributes a 27' spray. (We include a solid brass quick connect coupling for your hose). 7½" wide and 16½" long.

44A01.10 Wheeled Sprinkler Sled	\$78.00
---------------------------------	---------

D/ Italian-Made Garden Nozzles

Two well-made, ergonomic options with a rubberized grip, quick-click hose adapters that automatically stop water when disconnected, an on-off flow button, and a rear knob to adjust flow strength. The Multifunction Spray Nozzle has four spray patterns to ensure the right flow and coverage for any job. The Garden Hose Spray Nozzle features a metal spray head that ranges from a fan to a jet.

76C01.22 Multifunction Spray Pistol	\$29.50
76C01.03 Ergonomic Spray Nozzle	42.95

E/ 180° Swinging Mounted Hose Reel

STORES 100 FEET OF STANDARD ¾" GARDEN HOSE  
The screw mounting plate attaches to your house or shed wall (screws not included). The Reel will swivel nearly 180°, so that reaching all sides of your yard is a snap. When it's time to put your hose away for the season, simply lift the reel off its mounting plate and move it inside. The Hose Reel comes with a 5' section of hose to connect the Reel to the faucet bib. Directions make for fast assembly. This Hose Reel is 22" wide and 14" in diameter. *Air shipping not available.*

44A01.03 Mounted Garden Hose Reel	\$79.50
-----------------------------------	---------

F/ Heavy-Duty Garden Hose Watering Nozzle — Three Colors

Simply twisting the head 1½ revolutions produces total cutoff, partial to full spray or a high velocity water stream. Very robust interior steel and brass construction. Virtually indestructible.

11G13.21 Blue Hose Nozzle	\$26.00
11G13.22 Green Hose Nozzle	26.00
11G13.23 Purple Hose Nozzle	26.00

G/ Premium European Watering Nozzles

Best-in-class nozzles at a quality level higher than we've ever seen. The nozzle body and moving parts are solid brass or precision castings of alloy of the

purest zinc with aluminum, copper and magnesium, and a brass quick-change stting for easy swapping. There are 3 styles: Single-Stream Pistol Grip, 2" diameter Rainfallmaker/Aerator, and Versatile Spray with a shower plus two tighter streams.

25W04.11 Premium Pistol Grip	\$68.70
25W04.12 Prem. Rainmaker/Aerator	85.90
25W04.13 Premium Versatile Nozzle	98.50

SALE H/ Lifetime Garden-Hose Rack

Guaranteed to be the last hose rack you'll ever have to buy. Made of thick solid cast aluminum, the Smaller Hose Rack accommodates up to 100' of ½" garden hose or 50' of ¾" hose. The Larger will accommodate over 100' of ¾" hose if your loops are relatively long. Superb quality.

39A01.06 Smaller Cast Hose Rack	\$60.00
39A01.05 Larger Cast Hose Rack	85.00
39A01.55 Small & Larger Rack	<del>445.00</del> \$135.00

I/ Circular Watering Sprinkler

This German-made lawn sprinkler is an astounding-ly versatile design. Fitted to a 10" wide, stable base and includes our quick-connect garden hose attachment. The sturdy multi-function head will rotate a full 360° or any restricted arc that you select, produce any of 4 different spray patterns, and aim the spray pattern high or low and anywhere in between.

39A01.10 German Circular Sprinkler	\$77.50
------------------------------------	---------

J/ Self-Extending Fabric Hoses

Naturally resistant to twisting and kinking, these hoses double in length as soon as the water starts, then instantly shrink back when it stops. Ultra-lightweight fabric construction means they take up almost no space and are a breeze to maneuver around. With hard-wearing, durable aluminum hardware. Comes in two sizes (25 meters long extending to 50, and 50 meters extending to 100) to cover a huge variety of uses. Available in blue or red.

11G12.26 Garden Hose Red (25-50ft)	\$59.95
11G12.27 Garden Hose Red (50-100ft)	89.95

11G12.29 Garden Hose Blue (50-100ft)	89.95

K/ Solid Brass Multi-Hose Faucet

Multiple line sttings allow several hoses to be run off one faucet. This can save you a lot of time if you are running several feeds at the same time.

15T06.02 1-Way Manifold	\$10.95
15T06.03 2-Way Manifold	19.95
15T06.04 4-Way Manifold	39.95
15T06.01 45° Faucet Elbow	9.75
62K30.05 10 Spare Washers	3.50

L/ Brass Quick-Change Hose Fittings

Machined brass sttings are innitely superior to plastic, and these convert standard screw-on sttings to quick-change, allowing rapid changing of accessories and easy movement. The Female Adapter (#1) screws into the faucet. The Faucet-End Connector (#2) screws into the faucet end of the hose and snaps into the Female Adapter (#1). The Hose-End Connector (#4) screws to the male threaded end of the hose. (Ours also has an automatic water-stop valve in it, which closes instantly when disconnected.) Finally, the Male Adapter (#3) screws into the nozzle or other spray device and is then snapped into (#4), completing the assembly. The Quick-Change Set includes all four. *(These st all ½, ¾, and ¾" hoses.)*

62K13.01 Extra Female Adapter #1	\$5.90

62K13.03 Extra Male Adapter #3	9.20
62K13.04 Hose-End Connector #4	11.70
62K13.10 Quick Change Set (All 4)	<del>36.00</del> \$32.00

**SALE** A/ "Tomahawk"-Style Hatchet  
The "Tomahawk" Hatchet with its 15½" handle has a strikingly broad curved head with a rear poll for driving wedges. Great for making kindling, clearing branches, etc. Comes with a small leather blade guard. A USA-made full leather sheath (see inset) is also available. Made in Germany.  
54A03.13 Tomahawk-Hatchet \$48.50  
54A03.50 Tomahawk & Full Sheath 87.50 **\$75.50**

**B/ Forest Axe**  
A product of our partnership with a 3rd generation forge in Germany, the Forest Axe is a full-sized tree chopper with a 31½" Ash handle, a red steel safety collar and an extra thick neck. It's an unusually excellent value.  
54A03.07 Forest Axe \$73.00

**C/ Log Handling Accessories**  
The Pickaroon is a tool for safely moving cut logs, or "rounds," which can be pulled, rolled, and pitched where needed with a surprising degree of leverage. The heads are the same size, with different handle lengths. The longer one (31½") is great for wrangling larger logs, the shorter (15½") for short sections. Handles are American Hickory, nicely shaped.  
54A03.08 Small Log Pickaroon \$34.50  
54A03.09 Large Log Pickaroon 49.95

**D/ Yankee & Scandinavian Hatchets**  
The Yankee Hatchet (15" handle) is small enough to bring on your next camping trip and is great for splitting kindling, chopping small logs, etc. The longer Scandinavian Splitting Hatchet (19½" handle) provides additional momentum when splitting but is light enough for kindling and smaller branches. USA-made leather sheath included.  
54A03.30 15" "Yankee" Hatchet \$45.95  
54A03.40 19½" Scandinavian Hatchet 69.80

**E/ Firewood Splitting Wedge**  
The unusual shape of this aluminum Splitting Wedge distributes blows in two directions, greatly speeding up the splitting process. The forged HD aluminum absorbs the impact without distorting. Measures 8" x 2½" x 2".  
54A03.14 Splitting Wedge \$42.75

**F/ Splitting Mauls**  
For splitting lumber rounds into firewood. The Pro Maul's head weighs about 4½ lbs. and has a pair of raised cheeks that function like small wedges in difficult grain. The head of the Super Splitter Maul weighs over 6 lbs. with a broad, arrow-shaped head whose shoulders widen and then taper dramatically. Terrific, well-made tools.  
54A03.11 Prof. Splitting Maul \$86.80  
54A03.12 Super Splitter Maul 96.30

**G/ Super-Sharp Japanese Axe**  
The 4½" laminated steel blade has a bearded shape that brings the center of gravity closer to your hand. The high-carbon edge is sandwiched between layers of softer steel that give the super-sharp edge great strength. It's a great kindling axe.  
11P23.06 Japanese Hand Axe \$79.90

**H/ One-Handed Log Tongs**  
Our Log Tongs work by a system where one stationary jaw and one free-swinging jaw work in tandem, to grab and hold onto a log round. Use this to move cut-up rounds, or grab a long limb from the woods and drag it to your staging area for cut-up. Works best on cut logs or buy two and grab a friend to move longer logs. 6½" handle, 6¾" jaw width. Features a sure-grip rubber handle and 10" long steel jaws. Made in Germany by one of our most trusted partners.  
54A03.47 Log Tongs \$29.00

**I/ Special Chainsaw Sharpener**  
Until now, you've had three choices for a dull chainsaw blade: replace, resharpen yourself, or take it to your local shop. This revolutionary new grinder is affordable and does the job quickly and very well. Once mounted, initial setup takes about 5 minutes, after which the grinder is set to go for repeated resharpening. A chain for a 20" saw with 34 teeth would therefore take about 12 minutes from start to finish. The Quick-Feed Sharpener halves that. The Optional Grinding Wheel (see our website) is preferred when for smaller chainsaws. See our website for detailed pictures and videos.  
45T01.01 Std. Chainsaw Sharpener \$89.90  
45T01.02 Quick-Feed Sharpener 109.90

**J/ Tough, Versatile X-HD Chisel Knife**  
A GARRETT WADE EXCLUSIVE  
It's the ultimate hybrid, incorporating features of a knife, chisel, hatchet, cleaver, pry-bar, hammer and rescue tool. It's a jobsite or campsite Do-Everything Tool. 1075 carbon steel blade is 11" long, 1½" wide and a stunning ¾" thick all over. With a flat ground 5" knife-edge and a 1½" chisel edge at the end. It has an extended butt for striking, a wide exposed spine, a wood handle and a sheath. It'll take a beating. Nice to have on hand.  
75A01.08 X-HD Chisel Knife \$49.50

**SALE** **K/ Mini Camp Hatchet**  
Made in Germany, the Mini Camp Hatchet is an indispensable tool for the campsite or yard work. This

tidy 12" axe is light enough to pack on a hike, or to wear on your belt once you make camp. You can use it to split kindling and smaller rounds, or to clear branches. It has a flat poll to drive in tent stakes or to complete numerous other outdoor tasks. The grip-end of the robust Hickory handle is painted red and easy to spot on the forest floor. A ring-wedge system will keep the handle firmly affixed. A rounded flair on the blade makes for ¾" of cutting surface. The beautiful leather sheath is made in the USA and has brass rivets and a single snap, and can be worn on your belt.  
54A03.70 Mini Hatchet & Sheath \$76.90 **\$69.95**

**L/ Dual-Purpose Hatchet w/ Log Pick**  
This hefty Hatchet, great for clearing brush or limbing trunks, also features a log-pick. The sharp 3" long hook gives you the ability to easily collect rounds or drag small logs back to the campfire. The ergonomic curve of the 19½" long American Hickory handle makes it balanced on the swing. Light enough to wield with one hand, but just long and stout enough for comfortable two-handed swings. Handle end is painted fire engine red for easy visibility. A striking new tool for serious work.  
54A03.19 Dual Purpose Hatchet \$62.50

For the Home

Tough on Mud,  
Easy on the Floor

A/ European Beechwood Door Mat

Heavy and solid, this European-made mat will not move around on its own. Sized 31½ x 14", the Beechwood sections are bolted together and fitted with rubber runners underneath to prevent any scratches on the floor surface. The very stiff, black PVC bristles are a full ½" high. This will do an exceptional job of cleaning off dirty shoe and boot soles. And it looks great. *Air shipping not available.*

36E01.01 European Beech Mat \$77.90

B/ Powerful Hand-Held Vac

THE MOST POWERFUL AVAILABLE FOR ITS SIZE  
With its 4.5 amp (500 watt) motor this excels at car cleaning and other tasks around the house, garage or shop which require a lot of portability. Rugged all steel construction, it weighs less than 3 lbs. A Crevice Tool, an Upholstery Tool, Dust Brush and 5 bags are standard. It also works as a powerful blower. Just point the exhaust end at debris and watch it blow away.

77V01.05 500W Hand-Held Vac \$155.00  
77V01.06 5 Replace. Bags 12.00

C/ Natural Jute Door Mat – Heavy Duty  
HANDSOME, CLOSELY WOVEN – A REAL BEAUTY

Natural Jute woven like this in a “sailor’s knot” pattern is highly rot and abrasion resistant, kind to bare feet and can live outdoors all year– in any climate. Sized 17 x 30" and 1¾" thick, this is heavy-duty by any measure, but really good looking. As an alternative to the commonly available, similarly sized woven mats made of a petroleum distillate, the value is really there. Highly recommended – especially for a rural house (ranch, farm or weekend home) or out-buildings anywhere.

58A03.01 H.D. Large Jute Door Mat \$49.95

D/ Traditional “Wasp Traps”

The time-honored way these to work is that the wasp (or hornet, yellow jacket or fly) is enticed by any sweet liquid (beer works well) to fly up into the jar through the hole in the base. Once inside, the bug will perish. Hang it up. It requires no maintenance whatsoever, except an occasional look-see and cleaning. Handmade by glass blowers in Mexico, these have a great deal of style. About 5½" tall and 4" wide, each comes with its wire hook and a cork.

17B01.01 Traditional Wasp Trap \$33.50

E/ Climate Meter

Our new analog Climate Meter has both a hygrometer and thermometer to measure humidity and temperature. The 4" diameter gauge shows the humidity around the outside ring of the face, while the temperature sits in a smaller semicircle at the 6 o'clock position. And if, like us, you often wonder what is considered a comfortable humidity, look no further. The face clearly demarcates ranges for Very Dry, Ideal, Rust and Mold, so you'll always know what to expect when you step outside. With a lovely chrome body, and easy-to-read black numbers and tick marks on a white background. Made in Germany.

37A02.04 Climate Meter \$98.00

Rated 5 Stars

F/ Bat “Lodge”

Despite their undeserved “scary” reputation, bats are known to eat thousands of bugs per hour, which makes having a bat home near your house a very attractive and green method of insect control. Bats like to live in tight, dark, wooden structures where they feel secure. (This is why they may be attracted to your attic.) Our Cedar Bat Lodge offers an inviting place for bats to live, without invading your space. Our “home” is made of cedarwood, backed by poplar plywood. Plastic mesh on the interior, makes it easy for them to climb and move around inside the structure. A copper ridge cap adds stability, and helps vary the temperature within the lodge (Bats like temperature variation.) Must be hung at least 20 feet off the ground. Comes with hanging hardware and instructions.

22B01.01 Cedar Bat “Lodge” \$90.00

G/ Copper Outdoor Combo  
Thermometer/ Hygrometer

With a body of solid copper, this handsome outdoor tool 9 (4½" diameter) looks terrific out in the garden or right next to the house. The Thermometer reads in both °F and in °C. The Hygrometer reads percentage humidity. Get a matched pair (one by the front door and one at the back).

24T02.02 Copper Therm/Hygro \$49.90

H/ Humane Mouse Catcher

If you are inclined to treat your unwanted houseguests humanely, this German-made Mouse Catcher traps, rather than kills, mice. It works very simply: a spring holds open the door, and when a mouse enters the cage and touches the spring, the door snaps shut, trapping the mouse inside. You can then put them outdoors, without having to touch the mice. Bait loads from the opposite side through another door, so you don't spring the trap when loading. Load whatever bait you want near the spring, be it cheese or peanut butter (mice eat everything).

19A07.05 Humane Mouse Catcher \$15.90

I/ Adorable Hedgehog Doorstop

This adorable Hedgehog Doorstop does his job well – keeping the door propped open for the evening breeze. Small, but solid and heavy, as it should be. The wooden parts are beech, and the bristly bits are made of bassine fiber. Bristles are firm enough so that this doubles as a shoe cleaner. What is it about hedgehogs that make them so cute? Their waddle? The snout? Their soulful eyes? This cute little guy will add a whimsical touch to your home and sure to be a hit with your family.

45A03.31 Door Stop - Hedgehog \$49.80

NEW

J/ Leather Fly Swatter

Our Flyswatter, made in Germany, is — dare we say — elegant. Made with a strong, slim beechwood handle and a soft, durable leather swatting head, which is attached securely to the handle by means of wooden pegs. The head is perforated, for speed and silence, and a leather cord loop in the handle allows it to be hung nearby for quick access. It may seem strange to think of a fly swatter that will hang in your house forever, but this would be the one. Measures 20" long overall, with a 4½" x 5" swatting head.

45A03.56 Leather Fly Swatter \$21.00

**A/ Improved Whisk Broom & Dust Pan**  
The Whisk Broom speaks for itself. The improved shape is clearly ergonomic, as it fits the normal movement of your arm and wrist. The 7¾" wide Dust Pan (we usually think of these as ugly plastic or black-stamped-steel things), is made of oiled beechwood and stainless steel.

45A03.13 Better Whisk Broom \$15.95

45A03.14 Stylish Dust Pan 32.95

[BUY MORE & SAVE](#)

45A03.34 Two Brooms + Dust Pan 64.85 56.50

**B/ Heavy-Duty Cast Aluminum Scoops**  
Designed years ago as scoops for farm grain, the solid, one-piece castings will prove their usefulness around the kitchen for flour or even in the garden shed when potting. Sturdy and virtually indestructible, some typical uses include pet food, ice cubes, rice & other grains, fireplace ashes, and potting soil. Small: 2¾" x 6¾"; Medium: 3¼" x 9"; Large: 4½" x 11¼"

56A02.09 Set 3 Cast Aluminum Scoops \$44.50

### C/ Garden, Sidewalk & Garage Broom

To sweep the yard, walks or driveway of "heavy" debris (wet leaves, small rocks, clods of dirt etc.) you need a broom with extra stiffness and durability. Ordinary brooms haven't got what it takes to push around the heavy stuff that you find out-of-doors. This one does the job with ease.

Made with Piassava bristles – a very stiff African palm product. It's tough and will last much longer than all others. The bristles are 12" wide and the overall length is 57". It's even loved by fire departments because the Piassava bristles are very fire resistant. *Air shipping not available.*

34M08.01 Outdoors Broom \$44.90

### D/ Stand-Up Dustpan & Broom

A back-saving combination. The steel dustpan and natural hair/bristle debris brush are fitted with a 28" beech handle. Unhook the handle, look down, and a clean sweep follows. Nothing could be easier or quicker. Very affordable.

36E01.04 Stand-Up Brush/Dustpan Duo \$37.50

### E/ Forged Iron Folding Hanger

Large and especially versatile, this 10-hook accordion-style Folding Hanger can expand and contract to cover a wide range of wall space, allowing you the freedom to hang larger items, cover a custom span, or hit your studs for an exceptionally sturdy mount. Ideal for holding the family's coats and hats or a full set of pots and pans, it's as well-built and flexible a mounting system as you're likely to find, and we think it looks just fantastic. Fully closed, the unit is 16" tall and just 3" wide, making it a breeze to store and move. It unfolds to a wide range of useable configurations; after experimenting with it in the office a bit, we feel like its maximum useful width is right around 36", although it will stretch a bit further—the top and bottom hooks just get a bit too close beyond that point. Each hook is 3½" long, and the unit mounts to the wall in four locations. We recommend going right into the studs or using very sturdy drywall anchors.

89A05.34 Forged Iron Folding Hanger \$58.00

### F/ Hand-Cut Forged "Coat Hangers"

Instead of the usual coat hook inside your front door, install these in a row – stylishly. Use the shorter length for one coat per nail hanger and the longer for multiple coats. (We recommend that you drill pilot holes when installing, as the nail shanks are tapered.)

89A05.07 3½" Hand-Cut Hanger Nails (6) \$15.50

89A05.08 4½" Hand-Cut Hanger Nails (6) 18.60

### G/ Hand-Forged Iron Wall Hooks

Rustic by design, these are hammered by blacksmiths in iron forges, giving each its own individual detail and character. The skill involved in the process shows in the hammer marks and beveled edges. The single hook of each tapers to an elegant curl that protects clothing from pulls and tears. The Large Hook is 6½" top-to-bottom overall and the Medium size hook is 4¾"

89A05.06 Med. Forged Coat Hook \$10.50

89A05.05 Large Forged Coat Hook 14.00

**NEW**

### H/ Forged Simple Iron Hook

"Our life is frittered away by detail," wrote Henry David Thoreau. "Simplify, simplify." That philosophy is embodied by our Simple Iron Hook, which we've reduced to the barest essence of the form: a flat back curving to form an ideally proportioned hook, forged to a thickness that's pleasing to both hand and eye. Secures with two screws to any wall, post, or backing board to safely hold a favorite rumpled coat, dog leash, walking stick, cooking vessel—anything that needs a sturdy home. Measures 4¼" long and extends 2" from the wall.

89A05.32 Forged Simple Iron Hook \$12.50

**NEW**

### I/ Forged Iron Hat Hook

By its nature, a lot of handmade iron hardware tends to evoke historical design traditions—it's an old-school material, after all, with deep roots in traditional craft practices. We love this Forged Iron Flat hook because, while it keeps one foot firmly planted in the historical look and feel of its forebears, it also feels right at home in a sleeker, more modern design scheme. The lower J-hook portion is simple enough, with a slightly wider and flatter back to accommodate two mounting holes; the flat, straight upper hook tapers slightly as it angles outward to create the flat 45-degree upper hook that we think looks fantastic. It's a great hat-and-coat combo hook, either on its own or in a set near the entryway or in the mud room. Each hook measures 4¾" tall and extends 1¾" from the wall. Simple and unique

89A05.14 Forged Iron Hat Hook \$14.00

### J/ Wrought Iron Gate Latches

A simple latch can do wonders to even a basic garden gate, and our craftsmen hand-forged some of the best, using oil-quenched iron to achieve a deep black finish. Our Spiral Latch brings serpentine style to any door, and our Pivoting Lever Latch is just the right fit for your garden gate, pool, or fence—or your cabin or a more rustic-minded home. Both mount easily for left- or right-opening doors.

89A05.12 Spiral Hook and Eye Latch \$21.50

89A05.24 Pivoting Iron Gate Latch 23.50

**NEW**

### K/ Cast Iron Sliding Bolts

These hand-forged, cast iron sliding deadbolts are fine examples of a time-honored manual skill, and add a rustic look to fences, gates, Dutch doors, or any place around your home. Four screw holes on the bolt section and two on the receiving end attach securely to your intended surfaces. The bolt housing is slightly tapered toward the business end; the resulting resistance keeps the bolt from sliding open inadvertently, without impeding the smooth operation when opening or closing. The curled heads of the bolt handles and the textured black finish stand out as an example of classic workmanship, and the overall feel and sound of it in action are very satisfying. The larger bolt set measures 7¾" L x 2" W overall, while the smaller measures 6¼" L x 1¼" W.

89A05.37 Large Sliding Door Latch \$35.00

89A05.38 Small Sliding Door Latch 28.00

Camping & Outdoors

A/ Tiny, Mighty Key-Chain Flashlight

SMALL, SUPERBLY EFFECTIVE, & ENDLESSLY USEFUL  
This fantastic Hi-Tech LED Flashlight clips to your keychain. It is astonishingly tiny, only a bit more than 1/2" in diameter. Amazingly it produces up to 130 lumens. It has two output levels, 5 lumens, or 130 lumens. It throws a beam 175 ft. But that is not all the magic because it is rechargeable via a micro-USB port (cord not included). On/Off control and power selection is done simply by twisting the body. We love it. Five year manufacturer's warranty.  
04D03.33 "Key-Chain" Light \$29.75

**SALE** B/ Very Affordable LED Utility Flashlight with a 250 ft. Throw  
While the 120 lumen light is not one of our MilSpec lights, it's a fraction of the price. Buy one each for your house, car, and shop. The throw is about 250 ft. and the beam is a fairly tight spot. (It uses 2 AA batteries, not supplied.)  
23T02.11 Utility LED Light ~~\$29.90~~ \$25.00

C/ 900 Lumen Micro Hi-Tech Flashlight  
AMAZING OUTPUT AND A 500 FOOT THROW FROM A SINGLE RECHARGEABLE RCR123A BATTERY  
Only 2" long, this revolutionary new flashlight uses a new rechargeable RCR123A battery that produces 80% more output than its standard counterpart. The result is a remarkable 900 lumens of emergency output for 30 seconds, or 300 lumens for an hour. Recharging the RCR123A battery is as simple as clicking the recharging cap onto the magnetic base of the flashlight. Nothing could be easier. A single RCR123A battery is supplied at no extra charge. Comes with a Manufacturer's Five Year Warranty.  
04D05.27 Hi-Power Micro High-Tech \$98.50

D/ Special Floating Binoculars  
WITH A RANGE OF UNIQUE SPECIAL FEATURES  
No matter the price, whether \$250 or \$2,000, a pair of good regular-sized 7 or 8 power binoculars all have the same function: magnifying a distant object. Pricy models claim exceptional low-light optics, but the function is essentially the same. These 7x50 Nautical Binoculars are different and astonishingly affordable. They're filled with inert argon gas (better for the interior seals), are water-proof and fog-proof, and have independent focusing. An interior lighted compass has a fitted red light for night vision, and an interior reticle scale aids distance calculation from an object of known height—the Statue of Liberty, for example. Finally, because the body is a high-quality polycarbonate, it weighs less than 2 lbs. and **can float if dropped in water**. Lens covers, a case, a neck strap, and ultra-sensitive low-light optics come standard, as do batteries for the compass light.  
24T02.15 Floating Nautical Binoculars \$335.00

E/ Rugged Field Flashlight  
For a limited time, get three of our popular Explorer's Rugged Field Flashlights for the price of two. It features three settings (high, low, strobe) and a sliding head that widens or narrows the beam as needed. Use a low light for reading in your camp bed after lights-out and the wide max lumen beam for walking at night. For a 6" long package, it packs a big wallop: max lumen

90-Day Money Back Guarantee  
Free Returns. More info at  
GarrettWade.com

your steak! The Casus assembles quickly and easily, and it's flameless and nearly smokeless, so if you're at a crowded beach or city park, you won't be blowing smoke around. In its packaging it's 12" x 9" x 2" tall and weighs only 2.2 lbs. And in the end, you don't need to clean it and drag it home.  
72A03.01 Fantastic Casus BBQ Grill \$26.00

G/ USA-Made BBQ Brush Kit  
Cleaning the trusty old grill can be a daunting task, and traditional grill-cleaning options frankly leave a lot to be desired. Our two-piece Tactical BBQ Brush Kit bypasses the traditional steel bristles and scrapers for a game-changing double helix coil system—basically, two twisted springs form one continuous wire surface that automatically conforms to the shape of your cooktop, digging down effortlessly to clean between the wires of your grate. The Forward Assist Brush features an angled handle to let you exert extra downward force with minimal effort. The ingenious design ensures that there are no bristles to lose and the brushes never lose their shape. Grilling season never truly ends.  
17A01.13 BBQ Brush Kit \$59.50

H/ BBQ Steel Brush Cleaning Kit  
REALLY WORKS EFFICIENTLY  
The best way to quickly clean off BBQ cooking surfaces. The larger brush has a 1 3/4" x 5" scrubbing surface and an overhand handle so you can apply pressure to extra-dirty surfaces. The narrow, curved brush allows you to get into narrow areas and corners easily. Together, they do a fine job.  
24T05.10 BBQ Steel Brush Set \$44.50

I/ Italian Camping Utensil Set  
LIGHT AND COMPACT – PERFECT FOR HIKERS  
We liked this camping set the moment we picked it up – lightweight and sturdy, it feels great in the hand. The five essential tools – knife, fork, spoon, can opener and corkscrew – combined in new convenient ways. Utensils fit the handle for cooking or can be used separate for eating. This stainless set weighs 5 oz. and folds to 5 1/2 x 1 1/4 x 1 1/4". Includes a woven belt pouch.  
45T02.02 Italian Camping Set \$34.70

J/ Hot/Cold Insulated Drink Canister  
EASY TO CLEAN AND LIGHTWEIGHT FOR PORTABILITY  
Our Hot/Cold Insulated Drink Canisters keep your cold drinks cold and warm drinks warm. That is their sole purpose (bottle plus the top). Keep your water cool on that long hike, at your office desk, on a daily commute, or a weekend road trip. Made of lightweight aluminum, with a foam liner bottom which also doubles as a coaster. They are easy to clean, and the mouth is just the right size, so the drink flows easily. Unscrew the top, drink it down. Holds 23 oz. and measures 11 1/4" tall.  
07A01.78 23 oz. Canister \$19.95

## **SALE** A/ Totally Unique Folding Pocket Knives

DESIGNED BY GARRETT WADE — MADE IN FRANCE  
We designed these unique, hard-working knives to be as functional as they are beautiful. They are made in France exclusively for Garrett Wade by a storied Thiers knifemaker. Choose from three unique designs: Laser engraved drawings of a 19th Century Highboy, A collection of laser engraved outdoor tools, or a special vintage drawing of colorful Flowers. The knife features a K-Lock blade system (a type of a button lock), olive wood handles, and the flower design has a pocket clip on the back. The razor-sharp blade is 3¼" long, overall length is 8" when open. These knives are sure to draw admiring glances.

## B/ Hunting Folding Knife with Dwarf-Birch Scales

A HEFTY OUTDOORSMAN'S BLADE FOR EVERYDAY USE  
From one of our premier knife makers in legendary Thiers, France, this Hunting Folder features a high-gloss handle from Dwarf-Birch wood. Take it with you on your next outdoor adventure, be it hiking, camping, hunting or fishing. This piece is on the large side for a folder, with a beefy, stainless steel blade that measures 4¼". Overall, the knife is 9½" when open. Features a lovely, high-shine stainless bolster, liner lock and a key for tightening the

axis so there's never any blade movement. Comes sharp in a very classy presentation box.  
01B01.34 Birch Handle Knife **\$229.00**

## C/ Damascus Blade Folding Knife

Damascus steel blades were traditionally made by an age-old, hand forged process of folding and refolding layers of red-hot high-carbon steel and iron. The result is not only a beautiful blade, but one that is extra tough and super sharp. Our model uses contemporary methods to achieve the same beautiful swirls and contours in the blade. Damascus Folders are typically very expensive, however, this one is astonishingly modest in cost. The handsome scales are made of dyed wood. Comes with a USA-made Leather Belt Sheath. Highly recommended as an exceptional value and a modern take on an ancient style.  
75A01.21 Damascus Folding Knife **\$104.50**

## D/ Short Damascus Fixed- Blade Knife

A COMPACT AND BEAUTIFUL BLADE  
This mini Fixed-Blade Damascus Knife stuffs a lot of handsome into a small package. The stainless steel blade is just over 2" long, while the durable resin handle is 3¼". Damascus steel blades are beautiful, extra tough, and super sharp because of the process of folding molten steel over and over again. Also features a lanyard hole and a pretty brass bolster. Comes with a USA-made leather sheath. Highly recommended as a contemporary take on an ancient blade style.  
75A01.28 Damascus Fixed Blade Knife **\$74.80**

## E/ Mini Folding "Damascus" Rosewood Knife

A GORGEOUS BLADE IN A HANDY POCKET SIZE  
This is a fantastic mini folding knife whose out-size usefulness belies its small stature. It easily fits in your pocket or bag without the bulk. Stops those "I wish I had a knife" moments (ie clothing tags, opening parcels). An added surprise when you open it: a beautiful, Damascus-style patterned blade. The blade is a 1" long slip joint, and a tidy 3" overall when open. A Rosewood handle completes the package. A handy knife for everyday carry.  
75A01.29 Mini "Damascus" Rosewood Knife **\$29.00**

## F/ Sailor's Rigging Knife

COMPLETE WITH USA-MADE LEATHER SHEATH  
Some time ago, one of our Garrett Wade staffers stumbled on a vintage version of the special sheath knife at a weekend "flea market" in England and bought it — and ever since then we have worked to find a way to bring it back for our customers. We are happy to say our version is more refined and even tougher than the original. Blade 3", overall length 8". A blend of steel, polished Brass and Rosewood grips — together with a USA made leather belt-sheath. It's a beauty, and we are proud of ourselves to stick with the task to completion. It makes an excellent all-around "work" knife. We think that anyone (especially with a nautical bent) will love it.  
75A01.40 Sailor's Rigging Knife **\$78.00**

23 Piece Set

37 Piece Set

### 23 Piece & 37 Piece Driver Bit and Socket Set

TWO HANDY, COMPACT, BIT AND SOCKET SETS YOU'LL USE ALL THE TIME

Both are terrific, all-purpose driver bit & socket sets to have around the house, boat, or workshop. The 23-Piece features 16 hex driver bits, of various types including common Philips and flat heads, that will fit standard power drivers and interchangeable hand screwdrivers. Other pieces include a 1/4" bit adapter, a small ratcheting socket driver, and six sockets (in sizes 6, 7, 8, 10, 12 and 13mm). This handy and compact kit can clip on your belt (it even fits in your pocket) so that it's always at the ready.

The 37-Piece Driver Set is a more extensive, all-purpose set that has every type of bit you'll probably ever need to take care of a variety of "fix-its". There are 24 hex driver bits, of various types including common Philips and flat heads that will fit standard power drivers and interchangeable hand screwdrivers. Other pieces include 10 sockets (in 1/4", 4-8, 10-13mm), a 3" long socket wrench extension, a hex bit adapter that will fit your cordless drill, and a ratcheting socket driver. The container unfolds flat for easy access and folds up to a compact 6 1/2" x 2 1/2" x 2" tall when closed.

31A02.02 23 Piece Driver Bit & Socket Set \$25.50  
31A02.03 37 Piece Driver Bit & Socket Set 39.95

### Ratcheting Stubby Driver & Bit Set

Our new 48-Piece Driver and Bit Set is a cut above the standard set, featuring a ratcheting, reversible driver that fits right in your palm. The set is organized in a heavy-duty plastic storage case containing rows of bit-docks that lay flat or flip up for easier access. The Stubby Handle clicks into a dock on the outside of the case. The driver's slightly flexible shanks can bend 15-30 degrees, allowing you to get into tight spaces. Includes Philips, Pozidrive, Slotted, Hex bits and two bit holders. 67A05.01 Ratcheting Driver & Bit Set \$50.00

### Super Tough, Rosewood Handled Utility Knife

CAN HANDLE EVERYTHING, EVEN HAMMER BLOWS

This Tough Utility Knife just exudes durability and a do-everything attitude. Quite simply, it can handle anything, from splitting kindling, to cutting up cardboard boxes for recycling, to camp crafts, to yard work. This is a great knife for professional's, carpenters and DIY-loving homeowners alike. Just a great tool to have handy. The nearly-1/4" thick, 4 1/4" long cleaver-style blade can take a blow from a hammer or the butt of an axe, so don't be afraid to really put it to the test. The durable steel blade runs full tang down the length of the 4" Rosewood handle. Overall, 8.5" long. The scales are held in place by two pins, and a third hollow ring rivet at the butt where you can thread a leather thong for storing this tool when it's not in use (which won't be very often). A spectacular value, you won't be disappointed.

63A04.08 Tough Utility Knife \$19.50

### SALE Strong Telescoping Ladder

Our sturdy Telescoping Ladder extends to a full 12 1/2 ft. when in use, yet conveniently collapses to an amazingly compact 34 x 20 x 2 1/2" to easily fit in a closet, under a bed or in the trunk of your car. We chose this model because of its robust strength and ease of use. Its "EN-131 European rating" conforms (conservatively) to a USA 250 lb. Rating for weight capacity. The ladder is constructed of 6063 alloy aluminum with self-locking treads that are 12" wide and features innovative flip-down Finger Safety Guards. Overall weight is 20 lbs. The Ladder has a uniform distance of 12" between treads when extended. A recent important improvement in that the steps now come together in a carefully "controlled" collapse so your hands and fingers are never at risk.

This 12 1/2 ft. High-Reach provides greater capacity for higher walls and many commercial applications. Optional nylon storage/carry case with handle is recommended. *Air shipping not available.*  
11A04.03 12 1/2 ft. Telescoping \$310.00 \$295.00

## A Multi-Tool for Everyone

### Versatile T-Handle Screwdriver

This is a very handy piece of gear. The three distinct driving positions will help save wear and tear on your wrists, when working on jobs with lots of fasteners. The default position is as a straight-driver. But by quickly adjusting the head, it becomes a right-angle, ratcheting screwdriver. Slide the head further down toward the middle and it becomes a T-Handle ratcheting driver.

It comes with multiple common sized bits, in four fastener types: Phillips (4); Flat Slot (3); Torx (3); and Allen key (3). Bits can be stored in the hollow body of the handle – accessible via a screw-off bottom. Additional bits all fit snugly in an organized docking hub. Among other things, this tool is great for ladder work, so that you don't have to worry about needing multiple screwdrivers on the way up and down. The design and functionality is splendid. 06A01.03 Versatile T-Handle Screwdriver \$23.80

### Stud Finder

Unlike an electronic stud finder, this one never needs batteries; plus, it indicates the thickness of your wallboard so you can choose the correct screw or anchor. Press the nose straight into the wallboard so the fine needle can penetrate. If the nose does not retract into the body, you've found your stud (you'll feel when the needle hits it). If you can push the needle all the way through, simply try again. Markings on the side of the nose show the wallboard thickness in millimeters. 25T23.01 Stud Finder \$26.50

### Beautiful Brass Capsule Multi-Tool

OUR OWN UPDATE OF A VINTAGE TOOL SET

We made this great discovery at a flea market in London and liked it so much we decided to produce an updated version. Beautifully made and elegant it's a true EDC (Every-Day-Carry) tool. At just over 3" long and less than 3 oz., it slips easily into a pocket or purse. Just unscrew the two halves at the knurled center joint, select one of the five steel tools inside, slide it into the reinforced brass slot, reassemble the halves, and put to work. It takes just seconds. The two halves of the capsule act as a handle. It really couldn't be simpler. The Case is solid Brass, with a set of 5 handy pocket tool: Slot & Phillips head screwdrivers, Pull Hook Knife, Gimlet with screw starter tip, Corkscrew. This is a great gift for anyone including yourself. 43A03.01 Brass Capsule Multi-Tool \$38.50

### Steel Twist Gimlet Screw Starters

REALLY HANDY – BETTER THAN DRILL & BIT

Gimlets are some of the most underrated hand tools in the modern workshop. Much faster and more convenient than an electric drill, they easily and quickly make pilot holes for screws sized from #2 to #9. At this price, these gimlets are a terrific value, and will really speed up your work. The set of seven ranges from 3/64" to 3/16" (2 mm to 5 mm). Made in France. 37J03.04 Set of Seven Gimlets \$16.95

## Versatile Work Table

### 4-In-1 Work Table

It's a free-standing work table with built-in measuring tools, a heavy-duty plastic-top workstation, and a rolling platform to work under the car or move heavy gear. It has an angle gauge and 29" ruler (with metric). It's got tool trays for stray bits. It's got telescoping legs. It's got everything but a cupholder! (Just kidding, it's got one of those too!) Fully extended, this Einhell Combination Work Table is a 32" high portable workbench with a top measuring 38" x 8 1/2". At 33.5 lbs., it has a

convenient built-in handle and is robust enough to stand up to a hard day's work. The reversible top flips easily to provide varied work surfaces, and when it's fully folded up, built-in casters convert it into a rolling platform that we may or may not have tried to use as a skateboard in the office. A great workbench for the weekend warrior or a secondary work surface in a more serious shop. *A ground shipping surcharge of \$40 applies. Air shipping not available.*

12A04.04 Folding Work Table/Roller \$187.50

Work Bench

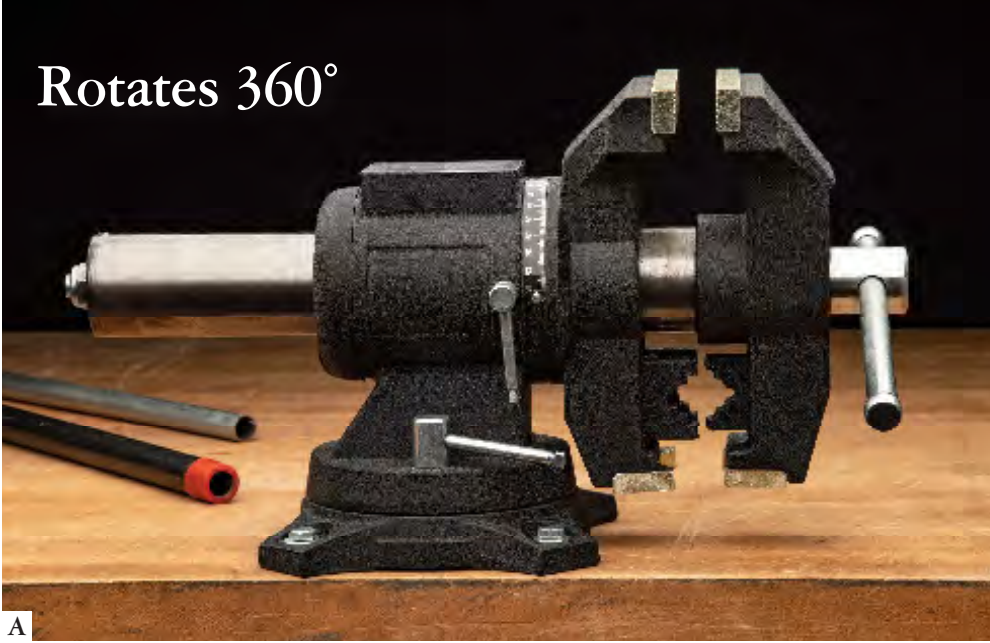

**A/ Black Multi-Function H. D. Vise**  
HEAD AND SWIVEL BASE BOTH ROTATE A FULL 360 DEGREES  
Our new Black Multi-function Vise can be fully oriented on two axes simultaneously, giving you endless positioning options. Features include tough ductile iron construction, a generous 5" jaw width and a 3" throat depth; a 360-degree swivel base with dual lockdown; and a head that rotates 360-degrees; and rust-resistant crinkle paint in a contemporary, matte black finish. In addition, has a 2½" pipe jaw capacity for working with round stock, and even has a small anvil. We can't recommend this highly enough, for professional and home shops alike, for doing metalwork, woodwork, carving and pattern-making. This Heavy-Duty Vise weighs an impressive 35 lbs. *A \$45 ground shipping surcharge applies. Air shipping not available.*  
05R10.08 Black Multi-Function H. D. Vise \$180.00

**SALE B/ H.D. Shop Mechanic's Vise**  
This is as nice a mechanic's vise as we have seen in many years, and it's exceptionally affordable. The body is overall 18" long, sits 9" high and rotates 360° on its swivel base. Jaw width is 5" and max. clamping capacity is 7". Weight 39 lbs. The jaws have 2 grooves for holding thin round stock and large under-slung pipe jaws for large round stock. Turning the small lower handle 90° unlocks the jaws and gives you an instant quick release feature, making the vise easy to work with rapidly. Highly recommended. Exceptionally affordable. *Because of very heavy weight, a ground shipping surcharge of \$45 applies. Air shipping is not available.*  
18B02.01 H.D. Mechanic's Vise ~~\$249.00~~ **\$175.00**

**C/ Medium Sized Multi-Vise**  
Cast iron, of course, this vise will clamp solidly to any surface up to 1¾" thick. (The base has 3 bolting points for more permanent mounting). The double set of jaws (one pair smooth 1½" wide, the other with a corrugated surface (for pipe) 2½" wide, both rotate fully and can both be opened up 2¼". In addition, the entire vise rotates 360° on the base. It's variety of function is exceptional. A great value.  
18B02.02 Table Multi-Vise \$65.00

**D/ Bench-Top, Shop Utility Anvil**  
Weighing a solid 11lbs with a 4¼ x 2⅞" flat surface and a traditional curved "horn." This anvil has everything you will need in your shop. What else can we say – it's perfect and very affordable.  
18B02.03 Shop Utility Anvil \$33.50  
[BUY MORE & SAVE](#)  
18B02.20 Table Vise & Anvil Set ~~98.50~~ **\$84.95**

**E/ Super-Charge Any Vise with Add-On Jaws**  
INCREASES YOUR VISE'S USEFULNESS BY OVER 300%  
Add these to any vise with 4 or 5" Jaws and they will revolutionize what that Vise can do for you. Made of nicely finished machined aluminum with fitted magnetic inserts. The set of 6 pieces (3 pairs) gives you three new gripping surfaces: (2) non-marring smooth aluminum Jaws, (2) machined recesses to securely grip pipe and other round objects on either axis and (2) with rubber-faced surface to provide for softer gripping. The modest cost of these 3

Save \$60

The Perfect Pair

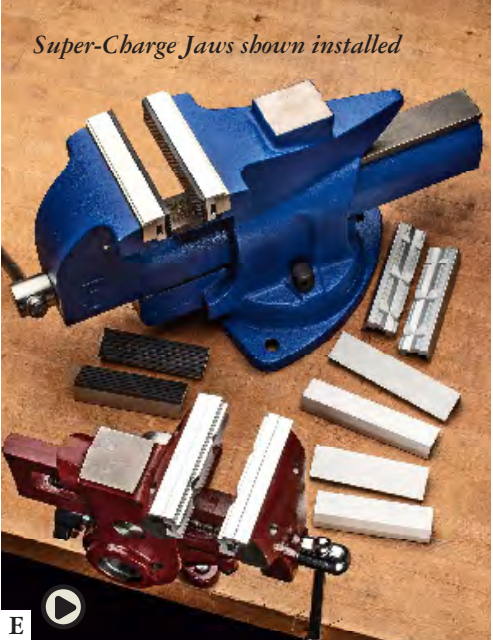

pairs of Jaws will be effectively paid for the first time you use them. Very highly recommended. You'll be very glad you have the set available. These special Jaws shown are mounted on Garrett Wade vises.  
05R10.04 4" Shop Vise Jaws \$34.70  
05R10.05 5" Shop Vise Jaws 43.30

**F/ Special Purpose Table Vise**  
PERFECT FOR "TINKERING" PROJECTS  
This is an interesting, superb small Special Table Vise that is great for "tinkering" projects like hammering, metal-work and leather repair or special problems. Can hold irregular shaped objects using its movable steel pegs that have both flat and round edges, and can hold small round stock. The 2 x 2" moveable flat Anvil surface is perfect if you need to peen over a rivet or bend wire. And the Vise can also be mounbted on a drill press. Its small size belies this Anvil/Vise's big-time usefulness. Maximum opening movement is 4". Frankly, it's very neat. *Air shipping not available.*  
05R10.07 Special Purpose Table Vise \$105.00

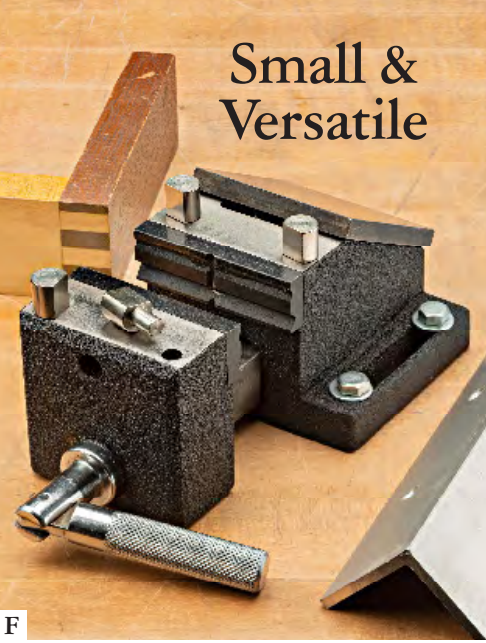

**G/ Exceptionally Flexible Workbench Vise**  
ROTATES 360° & THE JAWS SWIVEL  
Most bench vises have two parallel faces. Our Universal Bench Vise does that, of course (and does it well), but its genius is that it is expressly made for clamping non-parallel objects and irregular shapes. It has a 5½" jaw opening capacity, and both rubber-lined wood jaws pivot 360° along the horizontal, which means you can also face them outward to use them as a spreader. (The wood Jaws can be removed and modified to suit any project.) Mounts securely to any work surface up to 6" thick. The jaws ride on dual ⅜ x 2" flat steel guide ways and are adjusted by hand with a hardened Acme screw. *Because of heavy weight (32 lbs), a \$30 ground shipping surcharge applies. Air shipping not available.*  
05R10.06 Universal Bench Vise \$180.00

**H/ Garrett Wade's Unique Ultimate Versatile Vise**  
HAS FULL DUAL-AXIS POSITIONING CAPABILITY  
Many decades ago, a small vise company in Ohio made a bench-top cast iron vise that could be oriented on two axes simultaneously. We loved it. Our customers loved it. But sadly, it disappeared. Then some years ago, a similar vise (now made in China) appeared on the market, but it was not the same, because it was limited to one-axis orientation. What was missing was an Accessory Mount that transferred the "Frog into a Prince." So we resolved to do it ourselves. The Ultimate Versatile Vise can be fully oriented in two axis at the same time – giving you infinitely greater options in positioning. It's versatility simply cannot be equaled, and it will pay for itself 100% the very first time you use it. Although it's not shown, this Vise can also easily be mounted "flat," just using its primary base. This unique vise is highly recommended for all working shops. Jaws are 3½" wide. *A \$20 ground shipping surcharge applies. Air shipping not available.*  
05R10.01 Ultimate Versatile Vise \$124.50

**SALE** A/ The Perfect Pair

**GARRETT WADE PUSH DRILL + YANKEE SCREWDRIVER**  
The **Yankee Push Drill** was once found in every shop and every job site tool bag. It was relied on by generations of woodworkers, active DIYers, and professional installers until it was dropped by the maker a few decades ago. We thought so highly of it that we brought it back, custom made to our exacting specifications. Made, as before, of chrome plated solid brass and beautifully finished, it comes with 8 traditional double- bits fluted ( $\frac{1}{16}$ ,  $\frac{3}{64}$ ,  $\frac{3}{32}$ ,  $\frac{7}{64}$ ,  $\frac{1}{8}$ ,  $\frac{9}{64}$ ,  $\frac{3}{32}$ ,  $\frac{1}{4}$ " $\frac{1}{4}$ "). As you push down, the bit rotates, cutting the hole. When you stop pushing, the handle springs up and the bit rotates in the reverse, essentially self-clearing. Makes a hole up to  $\frac{1}{2}$ " deep.

Long one of our bestselling items, the **Garrett Wade Yankee Screwdriver** has been unavailable for some time, and we're thrilled to announce we've brought it back and it's better than ever. Function is similar to the Push Drill; repeated presses drive in your screw with ease, and a simple flick of a switch reverses the gearing for loosening. Includes four bits: 4.5mm Philips/flathead, 5.5mm Philips/flathead, Philips 3S2 (blunt and wide), and size 7 flathead. With its quick-release hex head, it will also accept any standard hex bit from your collection. This model is identical to our previous one apart from the addition of a brass chuck, which we quite like. Measures  $9\frac{3}{4}$ " closed and  $12\frac{1}{2}$ " extended. *Welcome back!*  
08C03.30 The Perfect Pair ~~\$163.65~~ **\$143.00**

69P01.01 Garrett Wade Push Drill 79.90

**SALE** B/ Full-Length 31" Suede Apron

Our apron design addresses the deficiencies we see clearly in other similar ones. We started with comfortable  $\frac{1}{16}$ " split-leather cowhide with brass, hand-riveted X-shaped cowhide cross straps to take weight off the back of your neck. It easily adjusts to most frames. To really increase comfort while working, we skipped the waist pocket, as too many items in the front can severely restrict easy movement. Instead, use the center breast pocket, with sections for a phone, writing implements, notepads, penknife, scissors, etc.  
19A02.11 Full-Length Apron ~~\$158.90~~ **\$148.00**

**C/ Flexible, Comfortable Kneepads**

Accordian-style caps add a level of comfort to these Flexible Kneepads for long days and hard surfaces. These feature professional quality, non-marring and non-slip GelDome caps, which are lightweight, flexible, comfortable, and add extra support. The adjustable straps clip and unclip at the sides. With removable and washable foam inserts.  
19A06.02 Flexible Kneepads ~~\$49.95~~

**SALE** D/ 246 Drill Bits & Drivers

A huge variety: 130 twist drills in up to 14 sizes (wood, soft metals, spade, masonry); 1" and 2" hex drivers (Slot, Phillips, Pozi, Star, Hex, Square); Drill Bit Collars; Nut Drivers; Hex Keys; Countersinks; Extenders; Arbor Adaptors; Hole Saws (for wood); Bit Holders; Nail Punch. Average cost \$.39 per piece!

**SALE** E/ 230 Piece HSS Drill Bit Set

For convenience and value, it's hard to beat this expansive set of premium titanium-nitride coated HSS drill bits. 27 sizes ranging from  $\frac{3}{64}$ " to  $\frac{1}{2}$ " in multiples of 5 to 10 of each size to reduce down time – if you break a bit, just grab a spare. 130° split point tip design helps prevent bit walking.  
07C01.02 230 Pc. Drill Set ~~\$225.00~~ **\$189.50**

**SALE** F/ Set of 160 Drill Bits

Specializing in the smallest sizes that wear out or damage easiest, this set of 160 standard length drill bits are HSS steel 135°, all TiN coated for all woods and soft metal. There are 14 sizes included ( $\frac{3}{64}$  to  $\frac{3}{8}$ ") and the number of each ranges from 27 pieces for the three smallest sizes to 2 or 3 pieces for the two largest. 130° split point tip design helps prevent bit walking.  
07C01.09 Set 160 Piece Drill Bits ~~\$120.00~~ **\$70.00**

**G/ Beautiful German-Made Hand Drills**

High-quality and precise, these are German-made 3-jaw single pinion steel drills. The 9.5 oz. Mini Drill is only 9" long with a 6mm chuck (bit shanks need to be less than  $\frac{1}{4}$ "). The 20 oz. Large Drill is 12" long with a 10mm chuck (will handle bits up to  $\frac{3}{8}$ " shanks).  
08C03.03 Mini Hand Drill ~~\$31.50~~  
08C03.04 Larger Hand Drill 52.50  
05R09.01 Mini HSS Drill Set ~~28.95~~ **24.50**

**H/ 4-in-1 Modular Drill and Driver Set**

The 4-in-1 Modular Drill and Driver Set can drill, countersink, and counterbore; flip the bit and it can drive a fastener in the hole you just drilled. Ten pieces include an adaptor, five magnetic driver bits, and four countersink/counterbore bits: #6 ( $\frac{3}{32}$ ") pilot, #8 ( $\frac{3}{32}$ "), #10 ( $\frac{3}{32}$ "), #12 ( $\frac{3}{32}$ "). Hex shank compatible, so it works with your cordless drill or a drill press.  
67A04.01 4-in-1 Modular Drill/Driver Set ~~\$32.00~~

**NEW** I/ Comprehensive Drill & Driver

This set features the drivers, drill bits, countersinks, guides, and more that you reach for all the time—and those you wish you had. CNC-machined in the USA for exceptional precision, and hot and cold treated with a cryogenic process resulting in a super-hard material that resists rust and cracking, while increasing torsion strength and durability. The set includes: five X29 brad point bits ( $\frac{1}{8}$ ",  $\frac{3}{16}$ ",  $\frac{1}{4}$ ",  $\frac{5}{16}$ ",  $\frac{3}{8}$ "); two self-centering plug cutters ( $\frac{3}{16}$ " and  $\frac{3}{8}$ "); compact countersink drill and driver piece with a #8 countersink insert; two countersink inserts (#6 and #10); three replacement countersink bits (#6, #8, #10) with set screws; self-centering drill and driver (#8) with replacement bits and set screws; two screw guides (standard and compact); six 1" driver bits (R1, R2, P1, P2, T20, and T25); knurled quick connector; and eleven titanium hex drill bits ( $\frac{1}{16}$ ",  $\frac{3}{64}$ ",  $\frac{3}{32}$ ",  $\frac{7}{64}$ ",  $\frac{1}{8}$ ",  $\frac{3}{32}$ ",  $\frac{3}{16}$ ",  $\frac{7}{32}$ ",  $\frac{1}{4}$ ",  $\frac{5}{16}$ ", and  $\frac{3}{8}$ ").  
67A04.03 53 PCs Drill/Drive Set ~~\$148.00~~

Woodworking

A/ Rosewood & Brass Try Squares

Whether you're building a birdhouse, a table, or a family home, if you can't ensure reliable 90-degree angles and flat surfaces, your results will suffer. Of all the tools in your arsenal, this is the one where getting it right matters most. Constructed of rosewood and brass and housed in a pine box featuring the Garrett Wade logo, these four precision squares measure 9 3/4", 7 3/4", 5", and 4" at the blade so you'll always have the right size for the task. Whether you're a crafter or you're doing fine period reproduction, you need a stable foundation. That starts here.

83R02.08 Precision Square Set \$179.00

SALE B/ Horsehair Bench Brushes

This Detailing Brush was developed for cleaning dust and dirt from intricate surfaces. But you can, of course use it in your car, on hard to clean-appliances, or on a dozens of different places that come up during the year that are just difficult to get into. Get two and pass them on unexpectedly to friends.

96S04.10 Detailing Brushes (3) \$29.85 \$22.50

NEW C/ Set of 4 Micro Carving Chisels

For precise, meticulous work, micro carving chisels are essential. We've found a maker here in the USA who has been perfecting the tools for this craft for years, and are pleased to share them with you. Made from lightly stained cherry wood handles 3/8" thick (the octagonal shape makes for better grip and prevents rolling), they have super sharp steel blades hardened to 59 Rockwell. They measure 5 1/2" overall, with 4" handles and 1 1/2" blades. Included in this set are: a 5 mm U shape, great for figure carving, buttons, etc., a 2.4 mm dogleg (bench chisel), used for making inlays, with a subtle, beveled edge to ease beneath the surface of the wood; a 2 mm V tool that can make fine detail work for figures, lines, fish scales, or checkering for gun stocks, etc., and a 3 mm straight (paring blade) tool, ideal for texturing lines and cleaning cuts.

12K04.08 Set of 4 Micro Carving Chisels \$76.50

D/ Set of Three Woodworking Tools

TWO PLANES AND A SPOKESHAVE

These three indispensable tools come in a lovely pine presentation and storage box. Both planes are made of cast iron with brass accents and carbon steel blades. Use the #4 Smoothing Plane to square and smooth boards. The Low Angle #60 1/2 Block Plane has an adjustable mouth, making it a useful all-purpose tool. The 9 1/2" long Spokeshave is used for shaping and smoothing rounded pieces like table or chair legs or lamps. The carbon steel blade is 2 1/8" long. The tools you and generations to come will reach for frequently.

83R02.11 Woodworkers Tool Set \$253.00

E/ Set of 5 Micro-Carving Tools

USA-MADE FOR EXCEPTIONAL DETAIL WORK

These hand-forged, razor-sharp blades are set in octagonal, lightly stained cherry handles. Perfect for detailed wood carving, linoleum cuts, model making, furniture restoration, or anything where a delicate touch is required. Each is 5 1/2" long with 4" handles and 1 1/2" blades. Set includes: 2 mm Straight Gouge; 1.5 mm V-Gouge, 3 mm V-Gouge, 1.5 mm U-Gouge, 3 mm U-Gouge.

12K04.07 Micro-Carving Tool Set \$94.95

SALE F/ Spoon Carving Tools

Carving wooden spoons is a classic easy-to-do hobby, and one of the best ways to introduce beginners to woodcarving. A decent spoon can be carved from block to soup spoon in a single afternoon by even a novice whittler, and that's what makes it an excellent teaching aid—spoon carving delivers instant feedback and great satisfaction. Not only is the accomplishment itself satisfying, but the end product (the spoons) will also be constantly used in household food preparation. Preparing the evening meal with tools carved by the same hand is rare these days. It makes a nice impression at dinner to say, "Let's use these. I made them." They also make great gifts! Our 3-tool set is all you need. Our blades are high carbon steel so they keep their edge and are easy to sharpen. The handles made from a dense hardwood to achieve a solid presence in the hand, we also refined the shape for comfort and control. The curved blade tools allow you to confidently form the hollow of the spoon. The Straight Blade Knife is used primarily for shaping the back of the spoon, the neck, and the handle. Spoon carving is great fun. Highly recommended for any carver age 10 (with adult supervision) and above. *For more details or to buy individually, see our website.*

75A01.50 3 Spoon Carving Tools \$442.50 \$99.75

G/ Six-in-One Carving Set

WITH EASY TO CHANGE BLADES

This Six in One Carving set is the perfect tool for beginner wood carvers, whittlers, and spoon carvers. It features six interchangeable, high-carbon steel blades, including two straight edges, three inside curve blades and one outside-curve blade. To change blades, you simply click into the three-way brass jaws for easy insertion and removal. Features a gorgeous and ergonomic walnut handle that will feel comfortable in hand during long carving sessions. These blades are a tidy 3/16" wide (but it can also take blades up to 1/2" wide). Made in the USA, by a company that's been doing this for nearly 100 years.

03C01.04 6 in 1 Carving Tool \$36.00

## A/ Hand Adze

AN ANCIENT TOOL STILL USEFUL IN A MODERN AGE

The Adze has been around almost forever, used by shipwrights, carpenters, and carvers from ancient Egypt to today. They're still coveted in artisanal woodworking tasks like beam-making, sculpture, and bowl carving. A shaped carbon steel head securely affixes to an ash handle with two ring wedges. A timeless and effective tool.

10T15.04 Hand Adze \$160.00

## B/ Set of Woodworking Chisels

ONCE IN A LIFETIME SET - VERY LIMITED QUANTITIES

Our set has the four chisel sizes you almost always reach for (1/4, 1/2, 3/4, & 1"). The ash wood handles are a traditional, comfortable shape, and tip guards are included. Overall length is 9", and the Rc hardness is a desirable 57-59. It comes in a protective denim roll (\$13.50 value). A real bargain.

63A04.05 Four Chisel Set \$87.50

## C/ Wood Sculptor's Gouge & Mallet Set

A great set of tools for larger-scale woodcarving. This set features a robust Beechwood Mallet and two sturdy, all-steel gouges. Both gouges are good for making hollow shapes, grooves and adding surface texture. The gouges are 14 1/2" long, one has 1" wide cutting edge and one is 1 3/4" wide. The mallet is 14" long, with a 5 1/2" long rectangle head, with 3" x 2 1/2" faces.

19B02.20 Mallet & Gouge Set \$148.00

## D/ 6 Boxed Cabinetmakers Chisels

This Set of 6 high-quality cabinetmaker's chisels comes packed in a sturdy wooden box. Featuring steel hoops on stained beech handles, they can be struck with a steel hammer. The blades test at an Rc hardness of 58-61. Sized: 1/4, 3/8, 1/2, 3/4, 3/4 and 1".

10T15.01 Boxed Chisel Set (6) \$137.90

## E/ Pax Woodworking Backsaws

Produced by Thomas Flinn in Sheffield, England, Pax backsaws live up to the legacy of this hallowed tool-producing borough. The 14" Tenon Saw is a workhorse—far more precise and agile than a panel saw—that excels at cutting its namesake joints, cutting boards to length, create dados and more. Ours is filed crosscut with a relatively fine 15tpi. The 8" Dovetail Saw features a beautifully designed beech handle and a sharp 20tpi blade for smooth, accurate cuts.

35T01.07 Pax 14" Crosscut Tenon Saw \$155.00

35T01.06 Pax 8" Dovetail Saw 175.00

## F/ Set of 3 Woodworkers' Rasps

These are the best machine-cut rasps we've come across. The aggressive teeth quickly remove wood to cut a rough shape and the tough steel makes this set hard to damage. This set comprises of three styles: round, half-round and flat. They can tackle a variety of tasks, like rough-shaping craft carvings, or beveling corners from square pieces. The round rasp can ream out holes in projects. With lightly-varnished 4" beech handles, and 8" long bodies.

## G/ Japanese Made Set of 4 Saws

EXCELLENT RANGE OF TOP-SELLING JAPANESE SAWS

Japanese saws cut quickly and smoothly and are a joy to use. Because they cut on the pull (not the push) stroke, the blade is in tension during use, so it can be thinner with a much finer kerf. Bowing is eliminated. On the 9 1/2" Replaceable Blade Ryoba, one

side is designed for rip cutting and the other for cross-cutting. The Special Japanese Dovetail Dozuki excels as a joint cutting saw. The blade is 7" long with 25 tpi. Maximum depth of cut is 1 3/4". The Flush Cutting Saw, (blade 6" long, 24 tpi) has an extremely flexible blade with no set to cut pegs and other exposed waste parts absolutely flush. The Japanese Detail Trim Saw has a fine-toothed, very narrow blade. Tool length is 9". The 18 tpi blade is 4 1/4" long and 3/16" wide. Protect your investment with our tough Suede Carrying Case. The three pockets are stitched and riveted, and it secures closed with extra-long leather laces. Case made in France.

49I01.10 Japanese Set of 4 Saws 478.00 \$157.50

38A02.23 Suede Case for Saws 63.00

## H/ Fast, Safe, Accurate Mitre Saw

This is a fully capable Mitring Saw for professionals and hobbyists. Setup and operation are dead simple: set the angle that you want to cut, clamp your workpiece to the fence, and make precision cuts. The adjustment range is a full 180°. The 22" long blade is held in a rigid, adjustable guide that keeps you locked into your angle as you cut. It is extraordinarily accurate. This tool is perfect for making picture frames, cutting trim, or simply making accurate cuts from 1 to 90°. Comes with clear instructions and a 22", 24 tpi blade. Replacement blades are available. See our website for options.

35N08.02 Woodworker's Mitring Saw \$67.95

## NEW I/ Japanese Curved Bladed Carving Knife

We had such a great response to our Japanese Whittling Knife that we set out to bring you a curved-blade version of this popular tool. It's got all the features of the original: a full tang blade made of three laminated steel layers — which are typical of the Kiradashi style — and a 2-inch double-beveled cutting surface. The result is an exceedingly sharp and beautifully balanced blade. With its comfortable and distinctive yellow nylon-wrapped handle, it's a pleasure to hold and to work with, and you'll appreciate the added functionality of the curved blade for a multitude of projects. Use it for shaping, trimming, carving, or any job that requires precision. A great addition to your tool arsenal, and a fine companion tool to its straight-bladed version. Get both, and always have the right one at hand. Measures 6 1/4" long overall.

36J02.33 Curved Bladed Carving Knife \$109.00

## J/ Japanese Whittler's Knife

This is a traditional craft knife, specially designed to give you total control for carving wood. It has a long 4" handle and relatively short, 2 1/2" blade, so that you can get closer to your work, allowing greater control. The handle is wrapped in woven cord, serving both aesthetic and ergonomic purposes. The blade is made of three layers of laminated steel. Features continuous full tang construction. A generous bolster keeps your fingers on the handle as you work. 6 1/2" overall. A lovely handmade tool.

36J02.21 Japanese Whittler's Knife \$109.00

## K/ Historic #1 Odd-Job

Made from 1888 to the early 1930s, and rediscovered by Garrett Wade, the Odd-Job is an inside mitre, try square, depth gauge, scribing tool, T-square, depth marking scribe, plumb level, and a rule. Made of solid brass and steel, and carefully machined. The Maple Rules are brass-bound and graduated inches and metric. The Historic Odd Job is 4" long and comes with a 6" Rule, inches on one side and metric on the other. 12" Rule is also available. The Maple/Brass Rules are excellent used alone.

Lighting

A/ LED Professional Task Light

ADJUSTABLE COLOR & POSITION FOR THE PERFECT LIGHT  
Superficially, this resembles an ordinary “extension lamp” found on a clerk’s desk or shop table. It attaches to any edge by means of a 2” capacity screw-on clamp, rotates 360° around this base and has 32” extension arm with a “knee” in the middle that allows it a generous amount of reach, but that’s where the similarity ends. So far the function is excellent, but the magical aspect to it is that the Hood contains 60 LED hi-tech emitters (“bulbs”) arranged in two rows. Each row has its own style of LED. One puts out blue-white bright white equivalent to daylight. The other row emits a classic incandescent “yellow” light common in most traditional interiors. Both rows come on when the switch in the hood is pressed. But that’s only the beginning, as each row has its own adjusting power button with 4 levels of output. The end result is you have 16 adjustable lighting options and can select that light quality that suits you best – perhaps one choice in the morning but then a different choice at dusk. The Lamp Hood is 3” wide and 19” long. It rotates up and down 180° and side-to-side, lockable in any position. Quite simply, it’s fantastic.

16T01.05 LED Professional Task Lamp \$97.50

B/ Professional Magnifying Desk Lamp

The lamp itself is fitted with 70 small switched LED lights surrounding the 5X power magnifying lens (5½ x 7”) set in the 9½ x 10½” head. The magnifying lens’ hinged cover can be closed to increase brightness on the surface below. The large base (7 x 11”) can be placed anywhere on a desk or table surface and is sufficiently heavy to allow the articulating head to extend up to 22” away when the stability support (shown) is pulled out from the front of the base. If this does not provide enough position flexibility, the Desk Lamp can be lifted off its base and attached to the robust surface clamp (shown) which can be clamped to any surface up to 2½” thick. The lamp head can rotate to any position up to 34” away from the clamp, a total area of 25 sq ft.

16T01.30 Magnifying Desk Lamp \$169.80

C/ Heavy-Duty Shop Lights for Indoor & Outdoor Use

Screwed in any standard 115V domestic Edison socket, these put out an astonishing amount of area illumination. The Standard Bulb (3,000 Lumens) is nominally equivalent to 125 Watts and the Extra Large size (5,000 Lumens) the same as two 150 Watt bulbs. And as LED’s they, of course, consume much less energy. But their special “bulging”shatterproof polycarbonate lens spreads the illumination in a much more expansive fashion than a “normal” bulb. This writer was stunned by how much light these special LED’s produce. The “color” is natural daylight and the surface of the bulb itself is always cool and safe to touch. These are perfect for large dark spaces and can also be used outdoors in a wet environment. We think they are splendid. Highly recommended.

07S17.14 LED Standard 3,000L Bulb \$25.50

D/ Magnetized 12” Rechargeable  
LED Utility Light

BRIGHTEN YOUR DIM SPACES WITH 640 LUMENS  
Ideal to brighten under a machine or a section of your shop. Hang this 12” LED Utility Light in your garage, basement, below decks on a boat, or as a camping light. Also great as an extra source of illumination over your kitchen sink as 8 watts of power emits a very bright 640 Lumens of white light that’s easy on the eyes. The body is matte silver, with white plastic end caps. Features a hanger on one end so you can hang this vertically on a nail or hook, or attach it horizontally on metal shelves via the magnets on either end. Comes with a mini-USB charger, and a detachable wrist strap.

16T01.08 Portable LED 12” Utility Light \$34.50

NEW E/ 45 SMD LED

Magnifying Lamp

With its high-efficiency SMD LED bulbs, this is a great desktop lamp for daily office or schoolwork, or for specific tasks like model building, jewelry making, or watch repair. The 5” round magnifying lens enlarges at 3D. The 9” x 8” base is large (and heavy) enough to hold the lamp in place without a clamp system, but not too big that it takes up a lot of desktop space. Adjusts up to 14” high.

16T01.11 45 SMD LED Magnifier Lamp \$89.00

F/ String of 6000 Lumen  
Indoor/Outdoor Work Lights

Illuminate your large or long indoor and outdoor workspaces with this String of LED Work Lights. There are 5 lights per strand, spaced 10 feet apart, for 50 linear feet of illumination—for larger jobs, plug two strands together. The super-bright LED bulbs give off 6,000 lumens and are linked by heavy duty #16 cable. A protective plastic cage protects each bulb. And because sometimes you have to work in rain or wet spaces, the connecting plugs feature waterproof covers. Great for construction site work, basement, or any job.

67B01.11 Indoor/Outdoor Work Lights \$128.80

G/ LED Wide-Area Automatic  
On/Off Hi-Tech LED “Barn” Light

BRIGHT LED TECHNOLOGY – 10,000 LUMENS  
This new larger 9” diameter “Barn Light” is really special. Install it on a wall or high post, hard-wired (110-240V), it throws an exceedingly bright light. As a reference, the area strongly illuminated at an elevation of 10 ft. is a circle with a diameter of 38.5 ft. – an area of 1,165 sq. ft. (there is substantial light scatter at the edges, of course). This Wide Area Light will last 50,000 hours (17 years based on 8 hours of use each day – a cost of \$10 per year).

As a smaller alternative, the Outdoor Security Light is 7” in diameter, produces 4,000 Lumens, and is rated to last 40,000 hours. A Dusk-to-Dawn sensor automatically turns the light on at dusk and then off at dawn the next day. Both clear polycarbonate lens are 100% waterproof. They are excellent for dependable illumination for work or security. Neither light includes a socket plug so you need to have an electrician hard-wire to a power source. Installing a remote in-line physical switch at the same time is also probably a good idea. Seems to us like a natural go-to.

C Plumber's Tool Box

E

**A/ USA-Made Steel “Torpedo” Toolbox**  
An icon of self-reliance, a symbol of people everywhere who know how to fix what’s broken. Low-profile but long—our variation on the classic plumber’s toolbox. An ideal way to keep together your favorite tools, even your longest hammers and wrenches, for easy access. It’s the gift that will genuinely keep on giving, uniquely suited to live in places where a full-height toolbox could never fit. Made to take a beating for many generations. 18 gauge steel, 20”x 6”x 3½” high.

43B02.09 Red Steel “Torpedo” Toolbox \$58.50

**B/ USA-Made Classic Steel Toolbox**  
For all DIYers who like their tools all in one big compartment. At 14”x 7”x 6½” tall, this is the Goldilocks of toolboxes – not too big, not too small, just right. Plenty big enough to fit all those tools that you always need – hammers, multiple screwdrivers, wrenches, tape measure, etc. – but not so bulky that it becomes difficult to carry. With the single-compartment design, just open the top, and there are all your tools, visible and accessible. Simple as can be. Made in the USA of 20-gauge steel, with a hard-to-beat powder-coat finish. Steel carry handle on top, and secured by a latch with a padlock hasp.

43B02.04 Classic Steel Tool Box \$64.55

**C/ USA-Made Plumber’s Toolbox**  
For the professional or enthusiastic DIYer alike, our Plumber’s Tool Box will hold your go-to tools for all tasks large and small. This California-made, open-top hold-all is constructed of durable 20 and 22 gauge powder-coated steel and spot welded for durability. It boasts a sturdy tube-style, galvanized carry handle that folds down, so you can transport your tools to and around the job site, and then store it on a shelf with the handle down. Features eight 5”x 5” slots. This allows you to store your longer tools (like pipe and basin wrenches, and pliers) standing up for easy access. Plus it will store a ton of spare parts like faucet keys, thread seal tape, bolts, fittings, etc. tools and even gloves; A generous 10”x 20”x 5½” tall overall.

43B02.11 Plumber’s Tool Box \$78.00

**D/ High-Strength Magnetic Tool Storage**  
This new system developed by Garrett Wade is a game changer for woodworkers, hobbyists, or renovation shops. The key element is a 12”x 12” strongly magnetized steel panel that can be used singly or clustered in any configuration that meets your needs. (We show it here set up as a row of three panels.) Each panel is backed by a supplementary sheet-steel plate that you lift off the back of the panel and (using holes predrilled in each corner) attach to any surface or wall. Once attached to the wall, simply lay the magnetic panel onto the steel plate. Strong enough to hold a #5 Cast Iron Jack Plane, which weighs about 5 lbs. We think this system is exceptionally useful, and everyone who has seen it in action agrees. *Air shipping not available.* Cannot be shipped outside the USA.

**E/ Garrett Wade Leather Tool Bags**  
**TOUGH AS NAILS – MADE OF BUFFALO LEATHER**  
These fine USA-made carryalls have been designed by Garrett Wade principally to be used around the homestead to hold and transport those select tools and accessories that we reach for 90% of the time to do chores (You know what they are). It’s capacious enough to easily handle the necessities, but not so large or deep that it begins to be a catch-all for everything. The idea is that you can pick it up off your closet floor and move it easily and know that what you need will be found there. Now available in two colors both sized 15 x 7 x 7”. Weighs 1½ lbs empty. The body is made with

½” thick Buffalo hide with straps of cowhide. Fastening is by means of solid Copper rivets. Highly recommended.

15A02.07 Brown Leather Tool Bag \$130.00  
15A02.19 Dark Blue Leather Tool Bag 130.00

**SALE F/ Gerstner Large Oak “Solutions” Chest**

Made by a well-known Ohio company in its Asian factory as a special run for Garrett Wade. Solid Oak construction (with ply drawer bottoms), felt lined drawers. This is Gerstner’s largest lockable desktop chest, standing 24” tall, 21” wide and 11” deep with 2 full-width drawers 3” deep, 3 more 1 deep and 6 smaller drawers, plus a 3” deep well tray at the top. All drawers automatically lock when the top is shut. Top tray comes with two latch lock keys. Special Sale price. *Standard Ground Shipping FREE of extra charges. Air shipping not available.*

96M01.14 Solutions Chest \$589.00 \$510.00

Build Your Dream Boat – Only Smaller

A

B

C

D

**A/ The Famous Chris Craft 1949 Racing Runabout Kit**  
A 1 TO 9 SCALE MODEL OF THIS SLEEK 19 FT. BOAT  
Overall length 28" with a beam 9". The wood frame hull is covered with expanded pvc and then the upper body is strip "planked" with Mahogany veneer. Chrome plated deck fittings, drive line hardware, flag and burgee are all supplied. Each kit has everything you need to build a beautiful display. Or add (available from the maker) the controls, motor and battery so that it can really "runabout." This is a kit of moderate complexity, and a beautiful piece of work under any circumstances. *Air shipping not available.*  
78M01.01 Chris Craft Kit \$265.00

**NEW B/ 30 SMD LED Magnifying Lamp**  
With a flexible gooseneck design and choice of a weighted base or a twist-off clip, this is a versatile magnifying lamp for desktop or workshop. The high-efficiency SMD LED bulbs are exceptionally bright, perfect for office or workshop—everything from paperwork to genealogical research, or small crafts like model building, watch repair, and precision carpentry work. The round magnifying lens is 4" wide and enlarges at 3D. The compact size and 3½" diameter base won't take up a lot of desktop space. The 13" gooseneck arm is bendable so you can get down very close to your project. Emits a color temperature of 6,000-6,500K.  
16T01.09 30 SMD LED Magnifier Lamp \$72.00

**C/ Hands-Free Magnifier**  
A hands-free, headband-mounted magnifier is always the preferred solution for close inspection. The headband is comfortable to wear for extended periods (most are too stiff). There is a triple LED light on top (3 AAA batteries, not included). Additionally, there are three sets of fitted lenses: two are double lenses – one is fixed, and the other folds up and down on an interior hinge and the third is an outside rotating single eye loupe. The magnification (using the three) ranges from 1.8X to 4.8X, depending on the lenses you select.  
19R05.01 Headband Magnifier \$49.95

**SALE D/ Small-Crafts Tool Kit**  
TOOLS TO FIT THE SCALE OF THE JOB  
Small scale jobs will always come up from time to time. These have been carefully selected by our staff for such occasions. Comes packed in a fitted zippered case. The 26 piece **Small Crafts Set** includes a small bench vise, a wood/steel hand vise, two small steel parallel clamps, a small Brass caliper, a dozen picks and probes, 6 tweezers of varying tip design, flat and needle nose mini pliers, and a polished mini steel anvil. The zippered case keeps the small tools in each kit organized until you open it. When you need them (which will happen) you'll be happy to be able to pull them out.  
88H04.02 Small Crafts Kit \$439.00 \$119.00

**E/ Set of Three Rosewood Handled Leatherwork Knives**  
LEFT AND RIGHT HAND BEVEL & HALF-MOON KNIVES  
Make beautiful leather creations with these. Elegant rosewood scales are fitted on all three knives, with hollow brass rivets. Use the Left and Right single-beveled knives (⅝" thick) to make straight cuts with a precise square edge. The ⅞" thick round Half-Moon knife is one of the oldest and most versatile of leather-working tools. The overall length of all three is about 7". Sold only as a set of three. Leather Sheaths for all three are highly recommended  
75A01.60 Set Leatherwork Crafting Knives \$79.95  
15A02.31 Sheath for Half Moon Cutter 31.50  
15A02.32 Sheath for 2 Beveled Knives 44.80

**F/ Rivet Setter & Copper Rivets**  
Used for setting snug and attractive Copper Rivets in cloth and leather. Detailed instructions will come with the kit. *See our website for more.* Each Kit comes with 25 Copper Rivets.  
27B04.10 Rivet Setter Kit \$44.50

**G/ Leather Finger Guards**  
PROVIDE GREAT ABRASION PROTECTION  
These clever little comfortable Finger Guards, made for us in France from tough suede, are what you need when tasks are "hard" on your finger tips. Available in two sizes.  
38A02.11 Finger Guards (3) Small Hand \$20.00  
38A02.12 Finger Guards (3) Large Hand 20.00

**H/ Revolving Hole Punch**  
Whether punching new holes in a leather belt, repairing a canvas or vinyl tarp or tent etc., this is the tool you'll need. This one (German made) is superior in quality and function.  
15K01.01 Revolving Hole Punch \$32.50

**I/ Four Small Hammers – Very Useful**  
These are such a good value, they are a "must-have." The variety is compelling. The wood handles are all about 9" long and the heads are 1½" to 2¾". These are very nice small-scale tools.  
88H03.07 Four Hammer Set \$27.80

**J/ Craft Helpers**  
Having the right tools on hand for that unplanned task is the secret of really being prepared. The **Leather Mallet** is perfect when you need to tap a surface that you don't want to risk bruising. The **Tweezer** fitted to an elevating rack is terrific when you need to hold a small object securely off the surface while you work on it.  
88H03.11 Craft Helpers \$30.00

**K/ Professional Stropping Kit**  
Leather stropping removes the micro-burrs from an edge that result from any honing operation. This final step produces the razor like edges for a really sharp blade. This Kit includes two special (3 x 12") leather surfaces fixed to wooden paddles fitted with magnets that clip in the frame. Do the *Initial* stropping with the roughened gold/gray leather and *Finish* stropping with the smooth. The optional Premium "English Bridle Leather" surface is also available for super finishing. This is a professional kit and will provide astonishing results. Highly recommended.

Strap Mounted to Paddle

**A/ Sustainable, Natural Wool Skeins**  
Natural sheep's wool is prized for its softness, elasticity, durability, and thermal properties. The colors of these Skeins of Natural Wool are so rich, you might never use anything else. Made in France and sustainably harvested from local sheep, these yarns come in the actual colors of the sheep: a deep, rich Walnut Brown, and a tranquil Oat. Presented in 100 gram skeins, approximately 410–600 yards.

37A03.02	Natural Wool - Brown Walnut	\$11.50
37A03.03	Natural Wool - Oat	11.50
37A03.04	Natural Wool - Cream	11.50
65S01.50	Sewing Scissors [2]	39.95
38A02.14	Burgundy Leather Case	21.50

**B/ Birch Knitting Needles**  
We've field tested these 10" Knitting Needles on various projects, and can report that they are wonderful. Made in California from sustainably harvested birch, the wood construction makes them lighter in the hand, and far quieter than the clacking of metal needles. The noise these make as you knit sweaters, scarves, etc. is downright soothing. Sizes 4, 5, 6, 7, and 10. Sold as a pair.

37A04.02	Size 4 Knitting Needles	\$12.25
37A04.03	Size 5 Knitting Needles	12.25
37A04.04	Size 6 Knitting Needles	12.25
37A04.05	Size 7 Knitting Needles	12.25

**C/ Machined Brass Seam Ripper**  
The seam ripper's job is to remove stitches, open seams, and sometimes cut buttonholes. These are all important parts of most sewing projects, yet the typical seam ripper is so cheaply (and poorly) made, it comes by the dozen. But our 5½" seam ripper has a precisely machined brass body and cap, and a superior steel blade. Its weight helps keep it steady. The handle is a hollow compartment for storing needles, secured by a simple cap that screws into place.

63T06.02	Machined Brass Seam Ripper	\$15.00
----------	----------------------------	---------

**D/ 2-in-1 Brass Crochet Hook**  
Offers flexibility and convenience to crafters at home or on the go. Suitable for beginners and more experienced users, it includes two aluminum hooks suitable for a variety of techniques. The J-10 hook is inline and is best suited to bulky size 6 yarns; the G-6 hook works best with medium afghan and aran size 4 yarns and is tapered, making it quicker and easier to slide your stitches off the hook. The solid brass handle features the Garrett Wade logo as well as a precision-threaded cap, which unscrews to securely hold the hook you aren't using.

63T06.04	Brass Crochet Hook	\$17.50
----------	--------------------	---------

**E/ Brass Point Turner**  
An indispensable tool for every sewing kit, this 5½" Brass Point Turner will last just about forever. How many times have you pressed too hard on your plastic point turner, and it snapped in half? Not on this one. With a beveled edge for turning down seams, and a narrow point to make sure your turned pillow corners are sharper and square. It also works great as a crease edger for your papercraft, origami, even paper airplanes.

63A04.11	Brass Point Turner	\$15.00
----------	--------------------	---------

**F/ Italian Dressmaker's Scissors**  
When cutting fabric, nothing feels as good as a perfectly made pair of scissors. This pair is 8" long overall and the finger holes are offset so that the user can keep the bottom edge flat on the table at all times. Any professional would be pleased to use these, and you or another family member will be too. The function is silky smooth and the edges are ground perfectly and are as sharp as can be.

65S01.07	Dressmaker's Scissors	\$49.95
----------	-----------------------	---------

**G/ Sewing Box & Scissor Set**  
This set consists of two stacking boxes; the lid has two small, powerful recessed magnets so you can hang a pair of sewing scissors to the underside. We include our Classic Italian-made Sewing Scissors (see previous page). With fingernail nicks along the top of each box, you can gently lift off the lid, or the box above it. Boxes are rectangular with gracefully rounded corners and measure 7½" x 4" x 1½" tall.

26F01.60	Sewing Box + Scissor Set	\$118.00
----------	--------------------------	----------

**H/ Safety Scissors**  
The 4½" long Safety Mustache Trimming Scissors have ball tips to prevent any accidental pricking. For some reason they are very hard to find, but certainly are a comfort to non-professional users.

02B02.03	Safety Mustache Scissors	\$41.70
----------	--------------------------	---------

**I/ Prof. Mustache Scissors**  
These 4¾" long Professional Mustache Scissors are as fine as they get. The blades were all made as a matched set throughout forging and grinding.

02B12.01	Pro. Mustache Scissors	\$39.95
02D07.11	Mustache Comb	32.50
<a href="#">BUY MORE &amp; SAVE</a>		
02D12.10	Comb + Pro. Scissors	72.45 \$65.50

**J/ Natural-Horn Hair Combs**  
Horn combs are virtually unavailable now, so few people remember how nice they are for both hair and scalp. We found a firm in France that still makes one-piece combs of natural horn entirely by hand. Sizes are: Large Dresser Comb (7½" long overall), Pocket Comb (5"), Purse Comb (6½"), Mustache Comb (4¾"), Beard Comb (3½"). All come with leather sleeves.

02D07.14	Small Beard	\$28.50
02D07.11	Mustache (w/handle)	32.50
02D07.12	5" Pocket	32.00
02D07.13	6½" Purse	38.00
02D07.10	Dresser (w/ handle)	60.00

**K/ Folding Scissors are Superb**  
Folding Scissors are beautiful and useful tools—but frequently poorly made. The "trick" is that they have to be formed and assembled with great care or they don't fold and unfold easily. It now appears there only one European source remains: the workshop of a master cutler in Nogent, France. These are simply beautiful and work effortlessly.

02B09.01	Folding Scissors	\$69.95
----------	------------------	---------

**L/ French Made Nail Trimmer**  
Best for fingernails. Very exact and precise. Comes with leather wallet shown.

02B13.04	French Nail Trimmer	\$32.50
----------	---------------------	---------

**M/ Extra-Long Shoe Horns**  
VERY USEFUL FOR OLDER FOLKS WITH STIFF BACKS  
Made from genuine, highly polished buffalo horn, these help you get your shoes on in the morning.

88D01.04	11½" Polished Shoe Horn	\$29.95
88D01.05	17" Polished Shoe Horn	35.95

**N/ 26" Goosehead Shoehorn**  
If you've ever had back trouble, or just in general have a harder time bending over, you'll appreciate this extra-long Goosehead Shoehorn, whose length makes it possible to slip on shoes from a standing position. Made of smooth beech, the craftsmanship is exquisite, especially how the sweeping form length mimics the graceful neck a goose. A leather thong allows you to hang it on a hook, off the ground and out of the way. Made in Germany.

45A03.12	Goosehead Shoehorn	\$34.00
----------	--------------------	---------

A/ Solid Brass Handmade Writing Pens

These gorgeous Solid Brass Pens are hand-tooled in the USA and are available with three distinct tip options: two fountain nibs (extra-fine and medium) and one rollerball. (Replacement rollerball nibs should be available locally). The pens feature pocket clips, screw-off tops, and airtight seals that keep the ink moist and flowing.

69A04.01	Extra Fine Fountain Nib	\$121.00
69A04.02	Medium Fountain Nib	121.00
69A04.03	Roller Ball Nib	121.00

B/ Solid Brass Rollerball Pen—Machined

This machined brass pen with an included German ink cartridge looks and feels equally at home in a dusty shop apron, a trendy messenger bag, or the glovebox of your workhorse pickup. Stylish knurling gives you a good grip in any conditions, and the machined screw-top cap protects the writing tip from the elements and accidental drops. The pen is bright and new on arrival but develops a deep, rich patina with use. This pen accepts Schneider replacement cartridges to ensure a smooth, consistent flow every time.

63T06.03	Solid Brass Rollerball Pen	\$40.00
----------	----------------------------	---------

C/ Document Fastener

This is close to a perfect tool as we have seen in a long time. It punches and rivets together stacks of paper (or cardboard, leather, plastic, etc.). The hollow brass eyelet/rivet can be set as much as 1/2" in from the edge, and the stack can be as thick as 1/8" (that's 25 sheets of heavy office stationery). Simply slip on the brass-plated eyelets, insert the paper stack (pre-punched using the punch side of the tool), and squeeze. The eyelet is then bent over all around, securing the stack. Quick and very secure.

25S07.02	Document Fastener	\$39.40
25S07.03	Pack Brass Eyelets (250)	6.95
<a href="#">BUY MORE &amp; SAVE</a>		
25S07.10	6 Pack Eyelets (1500)	41.70 \$36.95

D/ Italian Dual Desk Set

MAKES A HANDSOME GIFT  
Includes a cork-backed Leather "Wallet" a curved Letter Opener and 3" paper Scissors (both of which are gold plated), this will dress up any home or office desk surface. Made in Italy.

65S01.23	Italian Dual Desk Set	\$62.00
----------	-----------------------	---------

E/ French-Made Special Desk Pad

Made in Paris for over 50 years in a workshop built by Gustave Eiffel, this has a nice retro look and comes with 200 blank, micro-perforated sheets. The metal frame has Brass locking nuts and 5 low-profile rubber feet. Available in 4 1/2" x 7 1/2" and 5" x 8". Each comes standard with plain paper. Replacement Pads of 200 are available.

51S01.01	Desk Pad 4 1/2 x 7 1/2 (#3)	\$37.90
51S01.02	Desk Pad 5 x 8" (#4)	41.50
05A01.01	Messograf Pen/Caliper	43.00

F/ Desktop Comfort Meter

ONE GLANCE TELLS IT ALL – SIMPLE, CLEAR DATA  
This German design places the two most important scales (temperature and humidity) on opposite sides of the display and gives an instant read of the room's condition with a long wand. The usual comfortable range is indicated by a colored band.

24T02.03	Comfort Meter	\$57.60
----------	---------------	---------

G/ Personal Magnifying Loupe

When close work becomes a bit of a struggle (happens naturally – as some of us have discovered), a good magnifier is the go-to helper. This hand made, handsome, leather framed, 6X 1 1/2" diameter double-convex magnifier, has found a near permanent place hanging on this writer's neck. It's easy to use—instantly available because it hangs handily on its leather thong. Highly recommended if you've gotten to that "reading glasses" stage of life.

54A01.06	Neck Loupe Magnifying Disk	\$35.95
----------	----------------------------	---------

H/ Nickel-Plated Compass

Whether you're a captain of industry or the captain of your living-room sofa, you can always find your true north with this gorgeous magnified nickel-plated 2 1/2" diameter compass. Mounted atop the eye-catching nickel-plated base is a brilliant glass dome rimmed with a magnification band, making the cardinal and ordinal directions below easy to read.

48B01.08	Nickel-Plated Compass	\$16.00
----------	-----------------------	---------

I/ Desk Surface Magnifier

3X POWER, 4" IN DIAMETER  
The beauty of this endlessly useful design is that it lies flat on the paper and you simply look through it. It can be comfortably viewed with both eyes from a wide range of angles and distances. At 1 1/8" thick the optical design collects light from all around and directs it right onto the surface you are looking at.

86A03.14	Desk Surface Magnifier	\$33.50
----------	------------------------	---------

J/ Nautical-Style Desktop Fun

AN AID TO OUR DAYTIME DREAMING – FOR THE SOUL AND GOOD MENTAL HEALTH  
The 4" diameter Hand-held Magnifying Glass with its hardwood handle is a staple we all can use. The classic Small Compass has a fold-out magnifying lens in its base, plus it's also an excellent paper weight. The 6" Collapsing Telescope isn't much of a telescope but it works and looks good.  
All-in-all, these are not going to much improve your efficiency but may have a positive effect on your creativity with a little day dreaming.

48B01.03	4" Hand Magnifying Glass	\$21.50
48B01.02	Compass/Magnifier	26.75
48B01.01	6" Pocket Telescope	23.95

### A/ Garrett Wade’s Gourmet Knife Set + Magnetic Knife “Block”

These professional modern Kitchen Knife sets are made for us by an old family company in Thiers, France. Both 4-piece sets feature beautiful, razor-sharp blades with either with Olivewood or Walnut handles. The blades use forged using special high-carbon stainless steel. The classic 8" Chef's Knife is a versatile must-have for every professional chef or enthusiastic home cook. The 7" Scalloped Santoku Knife has a versatile blade profile of Japanese origin. The 4¾" Serrated Knife has a traditional 4¾" blade. Finally the beautiful 4" paring knife is a classic all-rounder. These special sets are of exceptional pro quality.

03B08.10	Olivewood Handled Pro Set	\$240.00
03B08.20	Walnut Handled Pro Set	240.00

### Unique Magnetic Knife “Block”

MADE EXCLUSIVELY FOR GARRETT WADE  
The unique Countertop Magnetic Knife Holder (overall 11 x 8 x 4") with its stainless-steel base and low center of cravity is heavy enough (about 6½ lbs) to forever resist tipping and presents the knives in an easy-access position. Interior columns of magnets hoild the blades securely. The 8 x 7½" face of the “block”is bamboo and protects the edges from accidental dings and nicks. Conventional knife blocks rely on slotted wood which are impossible to clean. This design is a more sanitary and a handsome unique alternative.

02B07.25	Mag. Bamboo Knife Holder	\$115.00
----------	--------------------------	----------

### B/ Italian “Cheese Graters”

These beautifully designed graters are all stainless steel with Cherry wood handle insets that give them a distinctive feel. The combination grater/ serving-bowl is Cherry, with a fine grater that pops out easily. The three piece set includes all three flat pieces all 12 x 4¾" – a Slicer, a fine Grater, a coarse Grater. The Grater/Serving Bowl is sized 8¼ x 3¼".

39A03.01	Flat Slicer	\$32.50
39A03.03	Flat Fine Grater	32.50
39A03.02	Flat Coarse Grater	32.50
39A03.04	Grater/Serving Bowl	44.85

39A03.10	Three Piece Set	97.50 \$87.75
----------	-----------------	---------------

### VINTAGE C/ Cooking & Carving Set

Another wonderful find from the vaults in Thiers, France—the cutlery-making capital of the world—this vintage Rosewood Cooking & Carving Set is fit for special occasions or family meal night. A trio of knives completes the set: a long Carving Knife measuring 12¾" with a 7½" blade, a very useful Small Chef's Knife (9½" with a 5" blade), and a workhorse Paring Knife (6¾" with a 3¼" blade). Even more so than usual with our Thiers cutlery, this is a limited edition if you want to secure the full set. Don't miss out!

02B22.60	Rosewood Cooking & Carving Set	\$88.50
----------	--------------------------------	---------

### VINTAGE D/ Set of 6 Table Knives

We're very proud of the vintage knives we source from Thiers, France, known worldwide as a true center of global cutlery—and this set really is something special. The unique profile and taper of these table/steak knives give them such an elegant appeal, and genuinely makes them a joy to hold

and use. The rosewood handle features a slight “belly” that feels great in the hand, and the stainless steel blade tapers and curves in just the right proportion. The handles feature 3 brass rivets, and each knife measures 8½" total with a 4¾" blade. Ideal for special occasions or simply for everyday use. Available only in sets of 6 in very limited quantities—these are actual vintage knives, so once we sell out, that's it. Don't miss out!

02B22.40	Vintage Table Knives – Set of 6	\$96.00
----------	---------------------------------	---------

### VINTAGE E/ Vintage Butcher’s Knife Duo

The excellent finds from our sources in Thiers, France, keep on coming, and this useful duo is ready to tackle some serious work. First up is the Marine-style Butcher's Knife, which is unmistakable with its signature “bulb” near the tip of the blade. This is a subtle powerhouse of a kitchen tool, with a carbon steel blade and black wood handle with 2 brass rivets. Measures 12" total with a 7" blade. The Vintage Sticking Knife is equally formidable. Still used by traditional butchers as a boning knife — a task at which it truly excels. Carbon steel blade with black wooden handle and three brass rivets, it measures 10½" long with a 5½" blade. Quantities are limited, so be sure to scoop up this unique set before our stock is sold out forever.

02B22.10	Vintage Butcher's Knife Duo	\$59.50
----------	-----------------------------	---------

### VINTAGE F/ Vintage Knife & Shears Trio

You'll be reaching for this useful trio of kitchen implements on a daily basis. The indispensable All-Purpose Kitchen Shears are fully forged stainless steel with a buff satin finish and ⅙" thick handles. The cutting edges are 3" and easily come apart for cleaning. They will cut almost anything: twine, plastic food packaging, cardboard, etc. The two Historical Knives are part of a trove of decades old, hand-forged knives from Thiers, France, world-renowned for cutlery. The Sticking Knife's 6½" blade will easily slice or butcher small game or fowl. The Cook's Knife features a blade size somewhere in between a chef knife and a paring knife, making it a wonderful, all-purpose kitchen knife. With gorgeous Rosewood handles and brass pins. Hand-wash only.

13K09.77	Two Knives and Shears	\$99.40
----------	-----------------------	---------

### VINTAGE G/ Three Vintage French “Couteaux à Fromage”

These beautiful vintage cutters are from Thiers, France, where they know a thing or two about knife making (and cheese). These gorgeous historic knives are offered individually, so you can buy one or mix and match the ones you like. All three feature stainless steel blades, forged purposefully straight and square to slice through blocks of cheese. The single-handed knife has a rosewood handle with brass pins, with a 7¾" blade. The double-sided handles come in either Beech (10" blade) or Rosewood (10" blade). Details vary. Hand wash only. Because these are historic knives, we have limited supply. Once sold out, they are gone forever.

02B21.48	8" Rosewood Handle	\$20.80
02B21.49	10" Beech Wood handle	24.00
02B21.51	10" Rosewood handle	24.00

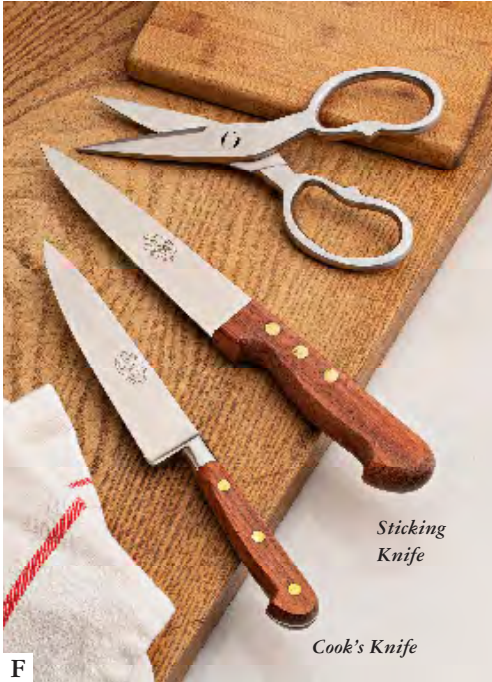

### VINTAGE H/ Vintage Essential Kitchen Helpers Set

This slightly unusual set of knives has turned out to be one of our favorite vintage finds from Thiers, France. This set includes 3 unique pairing knives to help make your work easier: “bleeding knife”— a medium-sized boning knife for making accurate, agile cuts near the bone and in tougher tissue. Measures 10¾" with a 5¾". The rabbit knife is a fantastic paring knife with a slightly oversized handle, which really helps with leverage and control—you'll be surprised by how natural it feels in

use. Measures 7⅞" total with a 3¼" blade. The last is a beautiful pairing knife measuring 7¼" with a longer 4" blade. All handles are designed with rosewood handles and beautiful brass riveting. We've got limited quantities of these two new faves, and once they're gone, they're gone.

02B22.20	Essential Kitchen Helpers Set	\$68.00
----------	-------------------------------	---------

A/ Classic Stoneware Mixing Bowls

For the kitchen and dining room alike, this beautiful Set of Three Stoneware Mixing Bowls are made in Ohio, from local clay and glazed to perfection. It's a useful and heavy-duty set of implements, which you will quickly find dozen's of uses for. You can mix everything from cookie dough, cake batter and brownie recipes, to bread, waffles and pancakes; or use them to toss vegetables in oil before roasting. The Bowls pull double-duty on the dining table, as a serving bowl for salads, rice, potatoes, etc. The navy blue stripes on cream-colored glaze is an example of the classic Americana design called the Dominion pattern. Bowls are oven, microwave-, and dishwasher-safe, and finished with lead-free, food-safe glaze. USA Made – also available individually for sale see website for details.

19A04.10 Set Three Mixing Bowls \$115.00

B/ 10” Bamboo Steamers

This stately Bamboo Steamer is as useful today as it was thousands of years ago, ideal for steaming vegetables, dumplings, fish, meat and rice. It's a healthy way to prepare food because it retains nutrients and uses less (or no) oil. It works like a double boiler: fill a saucepan with water and put the steamer on top. As the water boils, the steam cooks the food. With the two “stories,” so you can simultaneously cook veggies and meat, or fish and rice. Easy to clean: just rinse with water, then steam to clean. Consists of two shelves and woven lid. Intricate craftsmanship and a healthy way to prepare your food, all in one beautiful package.

77A02.03 10” Bamboo Steamer \$28.00  
88D01.13 Beechwood Chopsticks 8.80

C/ Half-Moon Chopping Knives

Mezzaluna knives are elegant, effective tools, and function incredibly well as a manual alternative to a food processor. Compared to a standard chef's knife, the Half Moon Chopping Knife utilizes much more downward force and a rocking action to produce clean, precise cuts without the need to drag or pull the blade. The handles keep your hands and fingers far from cutting edges, making it one of the safest cutting tools in the kitchen as well as one of the most effective. Made in Italy, ours are available in two sizes, the smaller measuring 5½” across and the larger 10¼”. Natural beech handles.

39A03.17 Chopping knife Small \$19.00  
39A03.16 Chopping knife Large 29.00

D/ Italian-Made Hand Mixer

For simple mixing tasks like beating eggs, or making whipped cream from scratch, we believe it's easier to pull a simple small hand-mixer like this out of the drawer. Because of its small stature and simplicity, this handy Italian-made Mechanical Hand Mixer is also highly portable; bring it camping or to a relative's house to help with holiday meals. Fully mechanical, hand-cranked stainless steel beaters, with stiff polymer handles. Now available in a lovely Cream color.

39A03.09 Italian-Made Hand Mixer (red) \$26.00  
39A03.15 Italian-Made Hand Mixer (cream) 26.00

E/ Exceptional Stainless Shears

THESE QUICKLY BECOME INDISPENSABLE  
The first reaction is “My, these are quite heavy.” The second (after using them to cut anything) is: “Don't you dare take these away.” Made of fully forged steel with handles a full ¾” thick. But there's something about the geometry of the design that simply powers-up your hand.

A

B

C

D

E

The cutting edges are 3” and come apart for cleaning. It seems that they will cut almost anything – although we have not yet tested hardened sheet steel. Buff satin finish. We love them.

13K09.17 H.D. Scissors/Shears \$35.00

F/ Italian Espresso Maker

If you love espresso but balk at the price and complexity of the fancier machines out there, this elegant stovetop maker is just the ticket. Operation is simple: After adding the water and grounds (full instructions are included), place one of our double-walled stainless steel cups on the built-in platform, place over flame, and wait. After only a couple of minutes, a dark, rich stream of delicious brew flows into your waiting cup. Enjoy!

39A03.07 Single Espresso Maker \$49.00  
39A03.06 Double Espresso Maker 59.00  
78A02.06 Double Walled Stainless Cup 9.50

F

G

G/ Stainless Steel Hollow-Wall Mugs

FANTASTICALLY HANDSOME — THEY ARE TERRIFIC  
What's the big deal? First of all, they will never break – ever. Second, the hollow wall acts like an insulator. Things stay hot longer – your lips will thank you if the coffee or soup is really hot. And cold things will stay cold longer. Plus they look gorgeous with their solid brass handle. The Standard Mug will hold about 13 oz. (a generous cup of hot coffee) and the larger size will hold 20 oz. (a perfect mug for a cold bottle of beer). Highly popular and highly recommended.

78A02.02 Std. Hollow-Wall Mug \$25.90  
78A02.05 Lg. Hollow-Wall Mug 39.95

H/ Insulated Stainless Cup & Saucer

You'll never again have to superglue the handle back on your favorite coffee mug, because now your favorite coffee mug will be made of indestructible, insulated stainless steel. The cup and saucer set is crafted in Italy and are made to stack —ideal for anyone with limited space (or who appreciates economical design). Dishwasher-safe. Holds 4oz.

39A03.14 Insulated Coffee Set \$45.00

H

I/ Garrett Wade Mug

This simple and sturdy coffee mug is made in Ohio from local clay and glazed to perfection—a great cup for your morning coffee or an afternoon “cuppa.” The creamy, off-white glaze and contrasting navy stripe give it a retro feel. Emblazoned with our “vintage plane” logo. Dishwasher-safe and holds 12 oz.

19A04.05 Garrett Wade Mug \$25.00

I

J

J/ Copper Stovetop Tea Kettle

This beautiful Classic Copper Stovetop Tea Kettle is designed to be functional as well as beautiful. Copper is an excellent conductor, so water boils quickly. The handle is secured by decorative copper rivets. A gorgeous addition to any kitchen.

86A09.01 Copper Stove-Top Tea Kettle \$73.90

K/ Hand-Crank Burr Grinder

Coffee aficionados rave about burr-style grinders for one reason: they break up the bean in a more uniform size and shape than blade grinders, without heating them up and changing the flavor. Simply put, they make better coffee! Besides effortlessly grinding coffee beans, this one looks absolutely fabulous. Made of cast iron with a beechwood base, its weight keeps it anchored while you grind. Fill the reservoir with beans adjust to your preferred grind coarseness, and turn the wheel; your grounds fall into the wooden drawer. Weighs 12 lbs., and measures 13” x 8½” x 8” *Air shipping not available.*

57A01.09 Italian Grinder (copper color) \$389.00  
57A01.11 Italian Grinder (green color) 389.00

K

## 19th Century Design – Rebuilt

### A/ Portable Brass Candle Lantern

KEEPS CANDLE FLAME IMPERVIOUS TO WIND

This beautiful lantern is called the Stonebridge. Lantern, after its 19th century New York designer. Made in New York, too. This accurate reproduction is made of brass with mica windows (a natural, heat resistant mineral). The candle will not flicker, even when the lantern is being moved around. Sized  $6\frac{1}{4} \times 4\frac{1}{2} \times \frac{3}{4}$ " when folded flat, or  $8\frac{1}{2}$ " high with a  $4\frac{1}{2}$ " square base when set up. Light and very easy to pack for camping trips. Candle and not included. Weighs only 12 oz.

83R02.01	Candle Lantern	\$49.50
16A01.09	9hr White Candles (3)	8.95
16A01.14	12hr Beeswax Candles (3)	18.50

### NEW B/ Heirloom Oil Table Lamp

A more compact take on its lighter-hued sister lamp, our Deep Blue Oil Lamp is richer in hue—more sapphire than powder blue—although it warms the room just as deeply. It stands  $13\frac{3}{4}$ " tall with the clear flute in place, and the 3" diameter base allows it to fit snugly on a narrower perch or among more delicately proportioned collectibles. Glass elements are fully replaceable, and replacement wicks are available in a set of 5.

78A05.08	Heirloom Oil Table Lamp	\$62.00
----------	-------------------------	---------

### NEW C/ Heirloom Oil Table Lamp

— Large

With a sturdy base and delicate clear glass flute, this oil lamp, crafted in the most subtle shade of light blue, adds an elegant decorative element to any room—and is almost enough to make you look forward to the next wind storm in hopes of a power outage. The base measures  $4\frac{3}{4}$ " in diameter and holds a generous amount of lamp oil. Standing a full  $15\frac{1}{2}$ " tall, it casts a glow that can warm any room at any time of year. And just in case the worst should happen, we offer replacement glass separately for both the top flute and the lower reservoir, so you never need worry about your investment. Replacement wicks are available in a set of 5. We love them as a set of two.

78A05.07	Heirloom Oil Table Lamp — Large	\$88.00
----------	---------------------------------	---------

### NEW D/ Brass Railroad Oil Lantern

The dead of night in the railyard was no easy place: full of hissing steam, clanging engines, and heavy machinery, it was bustling and chaotic and no place for unneeded confusion. Communicating by voice wasn't an option, but the clear, clean light of a trusty oil lantern made sure everybody was on the same page. We've recreated a classic design from those days in gorgeous brass—definitely not something you would have lugged around the yard, but we think this design dresses up quite nicely. Our Brass Railroad Oil Lantern stands 8" tall with a sturdy  $7\frac{1}{2}$ " base, so it's almost impossible to accidentally knock over; it can also be hung from the handle to cast its light far and wide. Clear glass comes standard, but for added authenticity, red and green replacements are available so you can send the appropriate signal or set the appropriate mood. Replacement wicks are available in a set of 5.

78A05.14	Lantern with Clear Glass	\$98.50
78A05.19	5 Wicks	9.50
78A05.15	Clear Repl. Glass	17.25
78A05.16	Green Repl. Glass	17.25
78A05.17	Red Repl. Glass	17.25

### NEW E/ Reversible Brass Candle Holder

Ingenuity and versatility not exactly the first words that come to mind when you think of candle holders, but the clever simplicity of these little gems really caught our eye when we first saw them. Able to blend in with just about any décor style, these Reversible Brass Candle Holders hold any 1" taper safely and securely, and they look great without making a big fuss about it. Flip them over, though, and you'll find a hidden secret: and opening to hold a standard tea light. This gives you plenty of room for creativity when setting the scene for dinner parties, creating seasonal displays, and more. Each measures 3" in diameter and feels solid in the hand. Order a bunch and let your inner interior decorator come alive.

78A05.21	Candle and Tea Light Holder	\$16.50
----------	-----------------------------	---------

### F/ Extra-Bright Brass Oil Lanterns

These special bright lamps have a tall, narrow glass chimney and a special wick elevation mechanism. The result is a much brighter flame that can actually extend smoke-free all the way up the chimney. Both burn either standard lamp oil or kerosene.

78A05.01	Small Extra-Bright Lantern	\$65.00
78A05.02	Large Extra-Bright Lantern	75.00
78A05.05	Repl. Wicks for Small (5)	6.95
78A05.06	Repl. Wicks for Large (5)	6.95
56A02.05	Filling Funnel	14.95

### G/ Gorgeous Full-Size Anchor Lantern

A CLASSIC PIECE OF NAUTICAL EQUIPMENT

This is an exceptionally beautiful, large oil lantern – our largest Anchor Lantern.  $13\frac{1}{2}$ " tall at the top of the closed hook with a base  $5\frac{1}{2}$ " in diameter. Combination Brass and Copper. The glass is a Fresnel type of design, which is used to distribute the light widely. The wick is  $\frac{3}{4}$ " wide. Lamp oil (available locally) is recommended but kerosene works too.

86A03.17	Full-Size Anchor Lantern	\$185.00
----------	--------------------------	----------

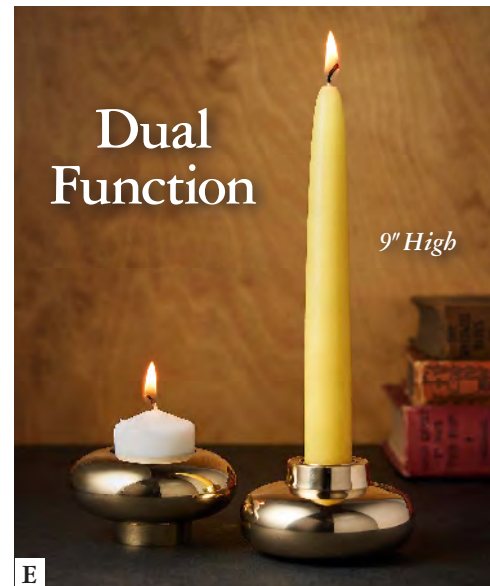

### NEW H/ Naval Oil Lamp

Truly a unique item, this fully functional little oil lamp features a rounded, weighted base that allows it to tip and tilt freely on a moving surface—in theory allowing it to remain steady on a briny old sea captain's tabletop in heavy seas. In practice, it's a fun, unusual little lamp with a lively wiggle and a style unlike anything else we can think of. We love them in a set, placed around the patio or other outdoor dining area for lamp-lit family dinners and gatherings with friends. Unlike candles, they can't be knocked over, and the flame is shielded from the wind by a sturdy glass bulb. Burns clean and bright with standard lamp oil and features an adjustable  $\frac{1}{4}$ " wick. Measures  $4\frac{1}{2}$ " high and  $3\frac{3}{8}$ " wide.

81A02.02	Naval-Style Green Oil Lamp	\$39.00
81A02.01	Naval-Style Brass Oil Lamp	44.00

## All Aboard

**NEW** **Italian Made Tomato Press**  
This classic tomato press is a pleasure to use (and look at). Just drop your tomatoes into the top hopper and crank. (Note: it's recommended to first heat the tomatoes in a hot water bath in order to soften the flesh and loosen their skins) The mesh tears the skin and begins the first phase of the process, allowing the juice to run out the front spout while pulp, seeds, and skin exit on the side. For maximum extraction, grab the pulp/skin mixture, throw it back into the hopper and keep grinding, getting every last bit of the flavor and juices out. Made from hard, durable plastic, with stainless steel grinding mesh, and rubber suction cups to stabilize the whole thing while turning the handle. Completely disassembles for cleaning. Dishwasher safe. Made in Italy.  
39A04.18 **Italian Made Tomato Press** \$45.00

**NEW** **Ice Crusher & Citrus Juicer**  
Made in Italy by a firm that has been in business since the 1940s, the brightly colored white and red parts are shockproof plastic and dishwasher safe. The whole machine is quickly and easily assembled or disassembled, making it a cinch to use and clean. Crank the little arm so the juice flows down into the bottom receptacle, then swap out the juicing component for the ice crusher plate with its sharp stainless steel blades to produce bin after bin of crushed ice for slushies, frozen cocktails, or a tray of oysters. Looks great on the shelf and in action. Strong suction cups keep the whole thing in place during use.  
39A04.17 **Ice Crusher & Citrus Juicer** \$35.00

**NEW** **Ceramic Jug Made in Ohio**  
This stoneware jug is not only a nostalgic decorative object that will add a rustic touch to any kitchen decor but is also capacious and useful enough to be in regular service as a beverage container for water, lemonade, ice tea — anything you can think of. Keep it filled in the fridge, or outside on a summer day while dining al fresco with family and friends. Measures 11" H x 7" Diameter. Made in the USA. *Air shipping not available.*  
19A04.16 **1 Gallon Ceramic Jug** \$46.00

**90-Day Money Back Guarantee**  
**Free Returns**

**NEW** **Stainless Steel Meat Grinder**  
This grinder may very well wind up changing the way you shop and cook—we've stopped buying ground meat entirely—as it gives you total control over cuts of meat and ratios of fat to lean. Feed lengths of meat up to 2" wide into the top of the hopper and turn the handle; the central auger grinds and forces the medium-gauge ground meat out through the holes in the faceplate. Consisting of 7 stainless steel parts (except for the wooden handle and rubber clamp feet), it's easy to clean and dishwasher safe. Measures 8½" x 6¾". Clamps best to tables approximately 1½" thick.  
17B01.06 **Stainless Steel Meat Grinder** \$109.00

**NEW** **Extra Long Folding Fillet Knife**  
For skinning and deboning fish, nothing beats the length and slender silhouette of a fillet knife. This beautiful, extra-long, easy-to-fold, and pack knife will be the go-to knife at your favorite fishing spot or around the campfire. You get all the reach and slim profile of a 6" stainless steel fillet blade with the portability of a folder. The elegantly curved wood handle, with its eye-catching grain, is secured along its length with solid brass rivets. Featuring a side lock for safety, plus a thumb stud to assist with secure handling and a lanyard hole in the tail end, the overall result is a solid, useful design and a tool you'll be glad to have with you wherever you find yourself. Measures a generous 13" long when fully opened.  
09A03.11 **Extra Long Folding Fillet Knife** \$36.00

**SALE** **Barbecue Knife Set**  
This unique set starts with our Historical French-made 12" Butcher's Knife, which will dismantle a rack of ribs or take apart a roasted chicken in no time. Our Forged Barbecue Fork is extraordinary—and at 19½", it can handle even the hottest and widest grills safely. Finally, our 17" Hand Brush for Grill Ash and Soot is vital for prolonging your grill's life, as ash's high carbon content speeds up the rusting process considerably. German-made, it's got soft 2¾" coconut fibers and a lovely beechwood handle. This set is available in limited quantities, so get yours while they're still in stock!  
02B22.50 **Barbecue Knife Set** ~~\$51.50~~ **\$39.50**

**NEW** **"Old-World Pasta Making Set**  
Freshly made pasta is so different from dried pasta that it's almost a completely different class of food. Few things can compare with it, and yet, with the right tools, it's shockingly easy to make and we've collected our favorite Italian-made tools in one bundle that's perfect for Mom, Dad, or anyone who loves the finer things in the kitchen. The **Pasta Roller Kit** includes a handle and beechwood components, make spaghetti, fettuccine, tagliatelle, and pappardelle simply by swapping out the four interchangeable rollers. (The flat side can also be used to roll out pizza dough.) An included stainless steel cutter adds versatility for further pasta shapes, or for slicing up that pizza pie! If stuffed pastas are more your thing, our **Round Ravioli Mold** couldn't be easier to use: just lay a rolled pasta sheet on top, add filling and another layer of pasta, take a pass with the included wooden roller, and you've got 12 perfect pieces. Finally our razor sharp stainless steel **Ribbon Grater** excels at making thin curls of vegetables or cheese to accompany your dish but it's ideal for dessert things like chocolate and citrus, too.  
39A04.10 **Old-World Pasta Making Set** \$116.00

**NEW** **Stoneware Beverage Keg**  
This large-capacity ceramic keg will look great on the kitchen counter, on the patio, or anyplace you want to have beverages handy. Takes us back to hot days of summers past when an imposing stoneware vessel like this would be cooling on a stone wall in the shade of a leafy tree, full of iced tea or lemonade. Inferior versions have a plastic spout with limited durability; ours features a stainless steel spigot that can handle temperatures both hot and cold. Fully glazed inside and out in pale earth tones with blue designs. Measures 12" high and 9" in diameter. Made in the USA. *Ground shipping surcharge of \$15 applies. Air shipping not available.*  
19A04.40 **2 Gallon Stoneware Keg** \$105.00

**NEW** **Citronella Tin & Tea Lights**  
It's no fun to spend your time swatting and avoiding bugs, and hiding behind a screen door or window isn't quite the same experience as being outside. To keep your time in nature enjoyable, relaxing, and pest-free, we offer our citronella candle. Made in the USA from an exclusive blend of beeswax, soy wax & essential oils, with the pest-repelling scents of citronella and cedar, it's all-natural and recommended for outdoor use only. The large candle comes in its own tin, made from a minimum of 75% recycled material, with a tight-fitting lid to keep it dry when not in use. Gives off a beautiful glow and will burn for 80 hours. Weighs 10.8 oz. Also available is a set of 6 tea lights. Each tea light has an approximate burn time of 5 hours. These work beautifully with our new Reversible Brass Candle Holder (shown).  
27A01.21 **Outdoor Citronella Tin** \$25.00  
78A05.21 **Candle and Tea Light Holder** 16.50  
27A01.13 **Set of 6 Citronella Tea Lights** 15.00

**Kitchen Scissors**  
These handsome Italian kitchen shears are a must-have item for what many of us consider to be the most important room in the house. They have a slightly flattened profile that, coupled with the elegant curves, give a very distinctive look that only adds to the pleasure of using them. Made of stainless steel, they have a reassuring heft and feel terrifically solid in your hand. The generously rounded finger holes will fit most hands comfortably. A single removable screw allows for easy disassembly and cleaning of the two sections. It features a built-in shell cracker that makes quick work of nuts, lobsters, etc. Keep at hand in the kitchen for spatchcocking chickens, cutting herbs—goes easily and cleanly through all your kitchen materials, even non-organics such as parchment paper. Measures a full 8 ½" long, with micro serrations on one edge for keeping a firm cutting grip on slippery items like raw meat. Made in Italy.  
45T02.32 **Classic Kitchen Scissors** \$38.00
