Technical Memo T50

Re: 06J05.03 06J05.30

To: Customers of the Super Utility Knife
From: GarrettWade Technical Department

Thank you for your purchase of the Super Utility Knife.

The profiled blade (*Stanley replacement blade 11-921W*), found in most common hardware stores, is easily replaced by the following steps:

With the knife edge facing down, press the knurled knob on the left side of the blade. This releases the blade which can now be easily pulled free. To insert a new blade, repeat the steps.
