## Technical Memo T75

Re: 45A05.01 45A05.05

### **IMPORTANT SAFETY NOTE FOR OUR CUSTOMERS OF THE BAVARIAN TOY CROSSBOW**

The Bavarian Crossbow is a toy designed for fun and play for children of all ages – principally for skill-based target practice. The “arrows” are small, light and fitted with large, soft rubber suction ends. But like anything that is let loose to fly through the air, there is always the danger of possible harm if the projectile strikes a person (or animal) in a vulnerable spot – like the face.

So it is very important that the play is conducted with adult supervision and that children are taught and encouraged to observe good safety practices at all times. The most basic tenet of this is never, ever point the “bow” at any part of a person or animal.

Thank you for observing these precautions. If you feel this Safety Note has raised concerns about whether you or any member of your family should play with this toy, you should return it for a full and prompt refund.
